

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-958]

Certain Automated Teller Machines and Point of Sale Devices and Components Thereof; Termination of an Investigation on the Basis of Withdrawal of the Complaint

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review the presiding administrative law judge's ("ALJ") initial determination ("ID") (Order No. 19), which granted a motion to terminate the investigation in its entirety based upon withdrawal of the complaint. The investigation is terminated.

FOR FURTHER INFORMATION CONTACT: Sidney A. Rosenzweig, Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 708-2532. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205-2000. General information concerning the Commission may also be obtained by accessing its Internet server at <http://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on June 9, 2015, based on a complaint filed by Global Cash Access, Inc. of Las Vegas, Nevada, alleging a violation of section 337 by virtue of the infringement of claims 1-3, 5-7 and 9 of U.S. Patent No. 6,081,792 ("the '792 patent") and by virtue of false advertising. 80 FR 32,605. The notice of investigation named as respondents NRT Technology Corp. of Toronto, Ontario; and NRT Technologies, Inc. of Las Vegas, Nevada (collectively, "NRT"). On October 9, 2015, the Commission determined not to review an initial determination (Order No. 9) granting the complainant's motion to amend the complaint to change the

complainant's name to Everi Payments Inc. ("Everi"), in view of a corporate name change. On May 16, 2016, the Commission determined to review, and on review affirm, an initial determination (Order No. 17) finding the asserted claims of the '792 patent invalid as indefinite pursuant to 35 U.S.C. 112.

On June 1, 2016, Everi filed an unopposed motion to terminate the investigation in its entirety by withdrawal of the complaint. *See* 19 CFR 210.21(a)(1). On June 2, 2016, the ALJ granted the motion as the subject initial determination ("ID") (Order No. 19). The ALJ found that Everi's motion complied with Commission rules. Order No. 19 at 1-2.

No petitions for review were filed. The Commission has determined not to review the ID. The investigation is terminated.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: June 29, 2016.

Lisa R. Barton,

Secretary to the Commission.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731-TA-1070B (Second Review)]

Certain Tissue Paper Products From China

Determination

On the basis of the record¹ developed in the subject five-year review, the United States International Trade Commission ("Commission") determines, pursuant to the Tariff Act of 1930 ("the Act"), that revocation of the antidumping duty order on certain tissue paper products from China would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

Background

The Commission, pursuant to section 751(c) of the Act (19 U.S.C. 1675(c)), instituted this review on June 1, 2015

¹ The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

(80 FR 31065) and determined on September 4, 2015 that it would conduct a full review (80 FR 57386, September 23, 2015). Notice of the scheduling of the Commission's review and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** on January 13, 2016 (81 FR 1643). The hearing was cancelled at the request of the domestic interested parties. The notice of cancellation of the hearing was published in the **Federal Register** on April 18, 2016 (81 FR 22632).

The Commission made this determination pursuant to section 751(c) of the Act (19 U.S.C. 1675(c)). It completed and filed its determination in this review on June 23, 2016. The views of the Commission are contained in USITC Publication 4617 (June 2016), entitled *Certain Tissue Paper Products from China: Investigation No. 731-TA-1070B (Second Review)*.

By order of the Commission.

Issued: June 23, 2016.

Lisa R. Barton,

Secretary to the Commission.

Office of Justice Programs

[OJP (NIJ) Docket No. 1712]

Unmanned Aircraft Systems Evaluation

AGENCY: National Institute of Justice (NIJ), Justice.

ACTION: Notice of request for information.

SUMMARY: NIJ is soliciting information on the operational use of Unmanned Aircraft Systems (UAS) in support of law enforcement. The focus of the study is on the use of UAS for crash scene reconstruction; however, information on alternative uses of UAS in law enforcement is also requested.

The National Criminal Justice Research, Test and Evaluation Center (NIJ RT&E Center) is performing an operational evaluation of UAS for Crash Scene Reconstruction. The objective of this evaluation is to evaluate the utility of a UAS to support crash scene reconstruction in an operational law-enforcement setting. In particular, the study will determine whether a UAS could be used to improve crash scene reconstruction in terms of quality, safety, timeliness, or other metrics. Based upon previous investigations, the Center has identified a number of agencies that have operational UAS capabilities configured to support law enforcement. The Center is now seeking to partner with those or other interested agencies in order to complete the operational evaluation.

Information Sought: The Center is seeking law enforcement agencies with which to partner in an operational evaluation of UAS technology for Crash

Scene Reconstruction. This evaluation will, at the discretion of the partnering agency, occur during normal operations or during scheduled exercises. Agencies or vendors who respond to this request for information are invited to provide general comments with regard to the evaluation for NIJ RT&E Center to consider, including which uses of the system and which performance metrics are appropriate for the evaluation. It should be noted that the purpose of the evaluation is to assess the utility of UAS technology; this includes assessment of both current and possible future practices. The Center is not evaluating the participating law enforcement agencies, just the application of using UAS for Crash Scene Reconstruction. Information will be obtained through responses to the information requested below as a baseline for initial information gathering from responding law enforcement agencies. Follow up discussions will be conducted in some cases. The request for information is intended to reach a consistent understanding of the needs for UAS for Crash Scene Reconstruction and the ways each agency uses the technology.

Information sought includes the following:

1. Law Enforcement Agency Information
 - a. Agency Name
 - b. Agency Location
 - c. Agency Point of Contact
 - d. Number of crash scene reconstructions in the past year
 - e. Primary tools used for crash scene reconstruction
 - f. Number of crash scene reconstructions in the past year using UAS only
 - g. Number of certified reconstructionists on staff
 - h. Total number of operational flights since your agency's implementation of the UAS
 - i. Number of operational flights in the past year
 - j. Future plans for operational use of UAS
 - k. Federal Aviation Administration Certificates of Waiver or Authorization documentation, if applicable
2. UAS Technology Information
 - a. UAS Vendor Name, System Name, and Model Number (may be plural)
 - b. Sensors available
 - c. Current sensor use
 - d. List of additional components and accessories
 - e. Previous system deployment scenarios or locations
 - f. Types of data currently stored in reconstruction records database
 - g. Personnel/operators required and

training

- h. Manufacturer suggested retail price, without optional features, accessories or service plans
 - i. Any additional information not covered above
3. Current and planned capabilities
 - a. Types of Crash Scene Reconstruction data collected by UAS
 - b. Capabilities to support a forensically sound process for preserving the integrity of collected data for use as evidence
 - c. Types of analytic techniques used (e.g., photogrammetry, 3D modeling) and methods used to preserve evidentiary value of analytical results
 - d. Installation, Start-up, Launch, and tear-down times
 - e. Type of data output and processes used to ensure its forensic value
 - f. Types of real-time monitoring features
 - g. Other features or capabilities not covered above

Protection of Sensitive Information: Organizations responding to this request for information should be aware of the following guidelines for handling of information:

1. The NIJ RT&E Center does not require or desire access to privileged information. For example, while the Center has interest in data pertaining to reconstruction, such as road closure time, tools utilized, and manpower, the Center has no interest in sensitive information, such as names or other Personally Identifiable Information. The Center will work with participating organizations to prevent disclosure of sensitive private information to the representatives of the NIJ RT&E Center.

2. Results of the operational evaluation will be published to ensure maximum usefulness to the law enforcement community. Participating law enforcement organizations will be provided an opportunity to review documents prior to any public release to ensure that the content of these documents does not in any way compromise their operations.

DATES: Responses to this request will be accepted through 11:59 p.m. Eastern Time on August 31, 2016.

ADDRESSES: Responses to this request may be submitted electronically in the body of or as an attachment to an email sent to administrator@nijrtecenter.org with the recommended subject line "UAS Federal Register Response." Questions and responses may also be sent by mail (please allow additional time for processing) to the address: National Criminal Justice Research, Test
