Complainant requests that the Commission enter an order declaring the "Blacklist Notice" and/or Respondents' actions described in their complaint violate 46 U.S.C. 41106 and are unlawful and unenforceable, and further declaring that Complainant may continue to provide vessel agency services at Respondents' terminals as it currently does, and that Respondent be required to answer the charges made in the Complaint. Complainant also requests that after taking evidence and conducting a hearing, the Commission order Respondents to cease and desist from violation of the Shipping Act; to put in place lawful and reasonable practices to insure no continuing similar violations of the Shipping Act; to pay Complainant's reasonable attorney fees pursuant to 46 U.S.C. 41305(e); to pay monetary penalties for violating the Shipping Act pursuant to 46 U.S.C. 41107; and that the Commission make any further orders as it determines to be just and proper.

The rule amended the General Services Administration Acquisition Regulation (GSAR) to include clauses that require vendors to report transactional data from orders placed against select Federal Supply Schedule (FSS) contracts, Governmentwide Acquisition Contracts (GWACs), and Governmentwide Indefinite-Delivery, Indefinite-Quantity (IDIQ) contracts. The clause applicable to GWACs and Governmentwide IDIQs, GSAR clause 552.216-75, will be applied to new contracts in that class and may be applied to any existing contracts in this class that do not contain other transactional data clauses. For FSS contracts, the clause (GSAR clause 552.238-74 Alternate I) will be introduced in phases, beginning with a pilot for select Schedules or Special Item Numbers and will be paired with changes to existing requirements for Commercial Sales Practices disclosures and Price Reductions clause basis of award monitoring. The final rule does not apply to the Department of Veterans Affairs (VA) FSS contract holders.¹

Contractors subject to Transactional Data Reporting will be required to report eleven standard data elements. Any data
