

taking further action in response to the final rejection expires on (1) the mailing date of the notice of decision; or (2) the date set forth in the final rejection, whichever is later. As discussed previously, to avoid abandonment, the applicant must file a notice of appeal or RCE within the statutory period for response to the final rejection. Extensions of time may be obtained under 37 CFR 1.136(a), but the period for response may not be extended beyond the six-month statutory period for response.

A notice of decision indicating “final rejection upheld” is not petitionable. A decision to maintain a rejection is subject to appeal. Accordingly, the Office will not grant a petition seeking reconsideration of a panel decision upholding the final rejection. The applicant maintains the right of appeal under 35 U.S.C. 134 by filing a notice of appeal and an appeal brief and having the appeal considered by the PTAB.

b. Allowable Application

If the notice of decision indicates “allowable application,” the notice of decision will be mailed concurrently with a Notice of Allowance, and the notice of decision will state that the rejection(s) is/are withdrawn

c. Reopen Prosecution

If the notice of decision indicates “reopen prosecution,” the notice of decision will state that the rejection(s) is/are withdrawn and a new Office action will be mailed. The notice of decision also will state that no further action is required by the applicant until further notice.

4. Actions That Will Terminate a Post-Prosecution Pilot Conference

If the applicant files any of the following after the date of filing a P3 request, but prior to a notice of decision from the panel of examiners, processing of the P3 request will end without a decision on the merits of the P3 request: a notice of appeal; a RCE; an express abandonment under 37 CFR 1.138; a request for the declaration of interference; or a petition requesting the institution of a derivation proceeding. The response and any proposed amendment filed with the request will be treated under 37 CFR 1.116 in the same manner as any non-P3 response to a final rejection. The next communication issued by the Office will indicate the reason that processing of the P3 request was terminated, the result of the treatment under 37 CFR 1.116 of the response and any proposed amendment filed with the request, and

the time period for the applicant to take any further action that may be required as dictated by the facts.

In addition, as stated earlier, once a P3 request has been accepted in response to a final rejection, no additional response under 37 CFR 1.116 to the same final rejection will be entered, other than one that the examiner has requested because the examiner agrees it would place the application in condition for allowance. This condition of the P3 holds true regardless of whether the additional response is filed prior to, on the same day as, or after a notice of decision from the panel of examiners.

Finally, at any point during the processing of a P3 request, the examiner may enter an Examiner’s Amendment placing the application in condition for allowance.

III. Request for Comments

The Office has three main goals for the P3: (1) Increase the value of after final practice; (2) reduce the number of appeals and the issues to be taken on appeal to the PTAB and the number of RCEs; and (3) streamline the options available to an applicant during after final practice. The Office is requesting public comment on the P3 and other suggestions to improve after final practice and reduce the number of both appeals and issues taken up for appeal to the PTAB and RCEs. The Office plans to evaluate the public feedback and the balance between the degree to which the P3 achieves its goals and the examining resources it expends. The Office will provide advance notification before modifying and/or extending the P3 or making the P3 permanent.
