

as a “low-effect” HCP as described in the Service’s HCP Handbook (61 FR 63854, December 2, 1996). Therefore, our proposed issuance of the requested incidental take permit qualifies as a categorical exclusion under the National Environmental Policy Act, as provided by Department of the Interior implementing regulations in part 46 of title 43 of the Code of Federal Regulations (43 CFR 46.205, 46.210, and 46.215).

As further explained in the preliminary EAS, included for public review, our preliminary determination that the plan qualifies as a low-effect HCP is based on the following three criteria:

(1) Implementation of the plan would result in minor or negligible effects on federally listed, proposed, and candidate species and their habitats;

(2) Implementation of the plan would result in minor or negligible effects on other environmental values or resources prior to implementation of the mitigation measures; and

(3) Impacts of the plan, considered together with the impacts of other past, present, and reasonably foreseeable similarly situated projects, would not result, over time, in cumulative effects to the environmental values or resources that would be considered significant.

Next Steps

We will evaluate the proposed HCP and comments we receive to determine whether the permit application meets the requirements of section 10(a) of the ESA (16 U.S.C. 1531 *et seq.*). We will also evaluate whether issuance of a section 10(a)(1)(B) permit would comply with section 7 of the ESA by conducting an intra-Service section 7 consultation. We will use the results of this consultation, in combination with the above findings, in our final analysis to determine whether or not to issue a permit. If the requirements are met, we will issue the permit to the applicant.

Public Comments

We invite the public to comment on the proposed HCP and preliminary EAS during a 30-day public comment period (see **DATES**). You may submit written comments by one of the methods in the **ADDRESSES** section.

All comments received, including names and addresses, will become part of the administrative record and will be available to the public. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—will be

publicly available. If you submit a hard copy comment that includes personal identifying information, you may request at the top of your document that we withhold this information from public review. However, we cannot guarantee that we will be able to do so.

Authority

We provide this notice pursuant to section 10(c) of the ESA (16 U.S.C. 1531 *et seq.*) and NEPA regulations (40 CFR 1506.6).

Dated: July 21, 2016.
