Parker Host, Rexco, GP Strategies, JM Davidson, Palacios Marine & Industrial, All Specialty, LK Jordan, Strom, and St. James Stevedoring Partners, LLC Including Workers Whose Unemployment Insurance (UI) Wages Are Reported Through Host Terminals, Gregory, Texas: Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance**

In accordance with Section 223 of the Trade Act of 1974, as amended ("Act"), 19 U.S.C. 2273, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on June 1, 2016, applicable to workers of Sherwin Alumina Company, LLC, Gregory, Texas. The Department's notice of determination was published in the **Federal Register** on June 28, 2016 (81 FR 41997).

At the request of State Workforce Office, the Department reviewed the certification for workers of the subject firm. The workers are engaged in

activities related to the production of alumina.

New information shows that workers separated from employment at Sherwin Alumina Company, LLC, Gregory, Texas had their wages reported through a separate unemployment insurance (UI) tax account under the name Host Terminals. Host Terminals is a separate entity owned by T. Parker Host.

The intent of the Department's certification is to include all workers of the subject firm who were adversely affected by customer imports of alumina.

Accordingly, the Department is amending this certification to properly reflect this matter.

The amended notice applicable to TA-W-91,611 is hereby issued as follows:

All workers of Sherwin Alumina Company, LLC, including on-site leased workers from CCC Group, McWhorter Electric, MMR Constructors, Inc., DOLS Managed Workforce, First Instrument Solutions, T. Parker Host, Rexco, GP Strategies, JM Davidson, Palacios Marine & Industrial, All Specialty, LK Jordan, Strom, and St. James Stevedoring Partners, LLC, including workers whose unemployment insurance (UI) wages are reported through Host Terminals, Gregory, Texas who became totally or partially separated from employment on or after March 21, 2015 through June 1, 2018, and all workers in the group threatened with total or partial separation from employment on date of certification through two years from the date of certification, are eligible to apply for adjustment assistance under Chapter 2 of Title II of the Trade Act of 1974, as amended.

#### **GE Industrial Solutions Service Engineering Organization Atlanta, Georgia: Notice of Revised Determination After Statutory Reconsideration**

As required by the Trade Adjustment Assistance Reauthorization Act of 2015 (TAARA 2015), which was enacted as Title IV of the Trade Preferences Extension Act of 2015, Public Law 114-27, section 405(a)(1)(A), the investigation into this petition was reopened for a reconsideration investigation to apply the requirements for worker group eligibility under chapter 2 of title II of the Trade Act of 1974, as amended by the TAARA 2015, to the facts of this petition (statutory reconsideration).

The initial investigation, initiated June 12, 2014, resulted in a negative determination, issued on September 30, 2014, that was based on worker separations not being attributable to increased imports or a shift in production. A complaint was filed with the United States Court of International Trade (USCIT) on November 28, 2014 (No. 14-00314); however, a joint dismissal of the case was filed on July 20, 2015. During the Remand investigation, the worker group was clarified to be GE Industrial Solutions Service Engineering Organization, Atlanta, Georgia (hereafter referred to as "GE Industrial Solutions Service Engineering Organization"). The workers' firm is engaged in activities related to the supply of designing, testing, documenting, and engineering services.

"Firm includes an individual proprietorship, partnership, joint venture, association, corporation (including a development corporation), business trust, cooperative, trustee in bankruptcy, and receiver under decree of any court." 29 CFR 90.2

Based on information reviewed during the reconsideration investigation, the Department of Labor determines that a shift in services to a

foreign country contributed importantly to the worker group separations at GE Industrial Solutions Service Engineering Organization, Atlanta, Georgia.

Section 222(a)(1) has been met because a significant number or proportion of the workers in GE Industrial Solutions Service Engineering Organization, Atlanta, Georgia have become totally or partially separated, or are threatened to become totally or partially separated.

Section 222(a)(2)(B) has been met because the workers' firm has shifted to a foreign country a portion of the supply of services like or directly competitive with the services supplied by the subject workers which contributed importantly to worker group separations at GE Industrial Solutions Service Engineering Organization, Atlanta, Georgia.

### Conclusion

After careful review, I determine that workers of GE Industrial Solutions Service Engineering Organization, Atlanta, Georgia, who are engaged in activities related to the internal supply of designing, testing, documenting, and engineering services, meet the worker group certification criteria under Section 222(a) of the Act, 19 U.S.C. 2272(a). In accordance with Section 223 of the Act, 19 U.S.C. 2273, I make the following certification:

All workers of GE Industrial Solutions Service Engineering Organization, Atlanta, Georgia, who became totally or partially separated from employment on or after June 11, 2013, through two years from the date of certification, and all workers in the group threatened with total or partial separation from employment on the date of certification through two years from the date of certification, are eligible to apply for adjustment assistance under Chapter 2 of Title II of the Trade Act of 1974, as amended.

Signed in Washington, DC, this 20th day of May, 2016.

#### **Foxconn Assembly, LLC, Houston, Texas: Notice of Affirmative Determination Regarding Application for Reconsideration**

By application dated December 9, 2015, the Department of Labor

(Department) received a request for administrative reconsideration of the Department's Notice of Termination of Investigation regarding workers' eligibility to apply for Trade Adjustment Assistance (TAA) applicable to workers and former workers of the subject firm. The determination was issued on November 13, 2015. The determination was based on the Department's finding that the petitioning workers are eligible to apply for adjustment assistance under an existing certification.

In the request for reconsideration, the State of Texas stated that the workers who filed the petition are not part of the certified worker group at 8801 Fallbrook Drive, Houston, Texas but are part of a separately identifiable worker group at 8807 Fallbrook Drive, Houston, Texas.

The Department has carefully reviewed the request for reconsideration and the existing record, and has determined that the Department will conduct further investigation to determine if the workers meet the eligibility requirements of the Trade Act of 1974, as amended.

### Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the U.S. Department of Labor's prior decision. The application is, therefore, granted.

In accordance with Section 223 of the Trade Act of 1974, as amended ("Act"), 19 U.S.C. 2273, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on July 30, 2015, applicable to workers of Modine Manufacturing Company, including on-site leased workers from Seek Professionals, LLC
