Background

The Program to Assess Organic Certifying Agencies was published through a **Federal Register** Interim Final Notice (64 FR 30867) on June 9, 1999, under the authority of the Agricultural Marketing Act of 1946 [7 U.S.C. 1621–1627]. It authorized AMS to assess certifying agencies to the International Organization for Standardization/International Electrotechnical Commission (ISO/IEC) Guide 65:1996 General requirements for bodies operating product certification systems. While the Organic Foods Production Act of 1990 had been signed into law, AMS had not yet promulgated regulations to establish the NOP. In their absence, the Program to Assess Organic Certifying Agencies provided AMS the legal framework to assess organic certifying agencies. However, when AMS published the national standards for organic products on December 21, 2000, no action was taken to remove 7 CFR part 37. The publication of the NOP Final Rule (7 CFR part 205) nullified the Program to Assess Organic Certifying Agencies.

List of Subjects in 7 CFR Part 37

Administrative practice and procedure, Agriculture, Assessment of organic certifying agencies, Incorporation by reference, Organically produced agricultural commodities, Reporting and recordkeeping requirements.

Accordingly, under the authority 7 U.S.C. 1621–1627, and as discussed in the preamble, the Agency is amending 7 CFR chapter 1 by removing part 37.
