

clearing/approving forms, processing forms, and acknowledging data entered.

The total estimated annualized burden hours for all respondents are 1,280. There are no costs to respondents

other than their time. CDC will seek a three-year approval from OMB.

ESTIMATED ANNUALIZED BURDEN HOURS

| Type of respondents | Form name | Number of respondents | Number of responses per CIO | Average burden per response (in hours) | Total burden (in hours) |
|----------------------|-----------------------------------|-----------------------|-----------------------------|--|-------------------------|
| Initiator/C//O | CDC 0.4601 | 64 | 5 | 1 | 320 |
| Initiator/C//O | CDC 0.410A | 64 | 5 | 1 | 320 |
| Initiator/C//O | CDC 0.410B | 64 | 5 | 1 | 320 |
| Initiator/C//O | Section C of the CDC 0.1475 | 64 | 5 | 1 | 320 |
| Totals | | | | | 1,280 |

National Institutes of Health

National Institute of Allergy and Infectious Diseases; Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Institute of Allergy and Infectious Diseases Special Emphasis Panel; NIAID Clinical Trial Implementation Cooperative Agreement (U01).

Date: September 22, 2016.

Time: 10:00 a.m. to 12:00 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institutes of Health, Room 3F100, 5601 Fishers Lane, Rockville, MD 20892 (Telephone Conference Call).

Contact Person: Lynn Rust, Ph.D., Scientific Review Officer, Scientific Review Program, Division of Extramural Activities, Room 3G42A, National Institutes of Health/NIAID, 5601 Fishers Lane, MSC 9823,

Bethesda, MD 20892–9823, (240) 669–5069, lrust@niaid.nih.gov.

(Catalogue of Federal Domestic Assistance Program Nos. 93.855, Allergy, Immunology, and Transplantation Research; 93.856, Microbiology and Infectious Diseases Research, National Institutes of Health, HHS)

Dated: August 10, 2016.

Natasha M. Copeland,
Program Analyst, Office of Federal Advisory Committee Policy.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

Prospective Grant of Start-Up Exclusive Evaluation Option License Agreement: Small Molecule Therapeutic Compounds Encompassed Within the Licensed Patent Rights for the Treatment of Thioesterase Deficiency Disorder

AGENCY: National Institutes of Health, HHS.

ACTION: Notice.

SUMMARY: This notice, in accordance with 35 U.S.C. 209 and 37 CFR part 404, that the National Institutes of Health, Department of Health and Human Services, is contemplating the grant of a Start-Up Exclusive Evaluation Option License Agreement to practice the inventions embodied in the following Patent Applications to Circumvent Pharmaceuticals Inc. (“Circumvent”) located in Pasadena, California, USA:

Intellectual Property

United States Provisional Patent Application No. 61/473,692, filed April 8, 2011, titled “Small molecule therapeutic compounds targeting thioesterase deficiency disorders and methods of using the same” [HHS

Reference No. E–157–2011/0–US–01], status: Expired;

International Patent Application No. PCT/US2012/32772 filed April 9, 2012 titled “Small molecule therapeutic compounds targeting thioesterase deficiency disorders and methods of using the same” [HHS Reference No. E–157–2011/0–PCT–02], status: Converted;

European Patent Application No. 12716889.6, filed November 7, 2013, titled “Small molecule therapeutic compounds targeting thioesterase deficiency disorders and methods of using the same” [HHS Reference No. E–157–2011/0–EP–03], status: Pending; and

United States Patent Application No. 14/110,393, filed October 7, 2013, titled “Small molecule therapeutic compounds targeting thioesterase deficiency disorders and methods of using the same” [HHS Reference No. E–157–2011/0–US–04], status: Pending.

The patent rights in these inventions have been assigned and/or exclusively licensed to the government of the United States of America.

The territory of the prospective Start-Up Exclusive Evaluation Option License Agreement may be worldwide and the field of use may be limited to: “Small molecule therapeutic compounds encompassed within the Licensed Patent Rights for the treatment of thioesterase deficiency disorders”

Upon the expiration or termination of the Start-up Exclusive Evaluation Option License Agreement, Circumvent will have the exclusive right to execute a Start-Up Exclusive Patent License Agreement which will supersede and replace the Start-up Exclusive Evaluation Option License Agreement, with no greater field of use and territory than granted in the Start-up Exclusive Evaluation Option License Agreement.

DATES: Only written comments and/or applications for a license which are received by the NIH Office of

Technology Transfer on or before August 31, 2016 will be considered.

ADDRESSES: Requests for copies of the patent application, inquiries, comments, and other materials relating to the contemplated Start-Up Exclusive Evaluation Option License Agreement should be directed to: Surekha Vathyam, Ph.D., Senior Licensing and Patenting Manager, National Cancer Institute Technology Transfer Center, 9609 Medical Center Drive, Rm 1E-530 MSC9702, Rockville, MD 20850-9702, Email: vathyams@mail.nih.gov.

SUPPLEMENTARY INFORMATION: The subject technology describes methods of using derivative compositions of hydroxylamine, including N-t-butyl hydroxylamine (NtBuHA), for the treatment of thioesterase deficiencies. NtBuHA is small molecule derivative of hydroxylamine which possesses strong anti-oxidant properties and an ability to cleave thioester linkages with high specificity. These capabilities suggest that NtBuHA may be useful as a modulator of intracellular protein palmitoylation dynamics when endogenous mechanisms are insufficient to support normal function.

The compounds disclosed in this invention have potential therapeutic applications for both the management of diseases driven by excess accumulation or malfunction of palmitoylated proteins. Target disorders may therefore include neuronal ceroid lipofuscinoses (also known as Batten Disease), amyotrophic lateral sclerosis, and Ras-driven cancers.

The prospective Start-Up Exclusive Evaluation Option License Agreement is being considered under the small business initiative launched on October 1, 2011 and will comply with the terms and conditions of 35 U.S.C. 209 and 37 CFR part 404.7. The prospective Start-Up Exclusive Evaluation Option License Agreement may be granted unless the NIH receives written evidence and argument that establishes that the grant of the contemplated Start-Up Exclusive Evaluation Option License Agreement would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR part 404.7 within fifteen (15) days from the date of this published notice.

Complete applications for a license in an appropriate field of use that are filed in response to this notice will be treated as objections to the grant of the contemplated Start-Up Exclusive Evaluation Option License Agreement. Comments and objections submitted to this notice will not be made available for public inspection and, to the extent permitted by law, will not be released

under the Freedom of Information Act, 5 U.S.C. 552.

Dated: August 8, 2016.

Richard U. Rodriguez,

Associate Director, Technology Transfer Center, National Cancer Institute.

Name of Committee: National Cancer Institute Special Emphasis Panel; Integrating Biospecimen Science Approaches into Clinical Assay Development.

Date: September 8, 2016.

Time: 11:00 a.m. to 2:00 p.m.

Agenda: To review and evaluate grant applications.

Place: National Cancer Institute Shady Grove, 9609 Medical Center Drive, Room 7W030, Rockville, MD 20850, (Telephone Conference Call).

Contact Person: Clifford W. Schweinfest, Ph.D., Scientific Review Officer, Special Review Branch, Division of Extramural Activities, National Cancer Institute, 9609 Medical Center Drive, Room 7W108, Rockville, MD 20892-9750, 240-276-6343, schweinfestcw@mail.nih.gov.

Name of Committee: National Cancer Institute Special Emphasis Panel; NCI Program Project I SEP-1.

Date: September 29-30, 2016.

Time: 8:00 a.m. to 6:00 p.m.

Agenda: To review and evaluate grant applications.

Place: Gaithersburg Marriott Washingtonian Center, 9751 Washingtonian Blvd., Gaithersburg, MD 20878.

Contact Person: Shakeel Ahmad, Ph.D., Scientific Review Officer, Research Programs Review Branch, Division of Extramural Activities, National Cancer Institute, 9609 Medical Center Drive, Room 7W122, Rockville, MD 20892-9750, 240-276-6349, ahmads@mail.nih.gov.

Name of Committee: National Cancer Institute Special Emphasis Panel; NCI Barrett's Esophagus Translational Research Network Review.

Date: October 20, 2016.

Time: 8:00 a.m. to 5:00 p.m.

Agenda: To review and evaluate grant applications.

Place: Bethesda Marriott Pooks Hill, 5151 Pooks Hill Road, Bethesda, MD 20814.

Contact Person: Wlodek Lopaczynski, MD, Ph.D., Scientific Review Officer, Research Programs Review Branch, Division of Extramural Activities, National Cancer Institute, 9609 Medical Center Drive, Room 7W608, Rockville, MD 20892-9750, 240-276-6458, lopacw@mail.nih.gov.

Name of Committee: National Cancer Institute Special Emphasis Panel; PAR 15-266 Imaging.

Date: October 24, 2016.

Time: 11:00 a.m. to 3:00 p.m.

Agenda: To review and evaluate grant applications.

Place: National Cancer Institute Shady Grove, 9609 Medical Center Drive, Room 6W030, Rockville, MD 20850, (Telephone Conference Call).

Contact Person: Kenneth L. Bielak, Ph.D., Scientific Review Officer, Research Technology and Contract Review Branch, Division of Extramural Activities, National Cancer Institute, 9609 Medical Center Drive, Room 7W244, Rockville, MD 20892-9750, 240-276-6373, bielatk@mail.nih.gov.
