#### Board of Scientific Counselors, National Center for Health Statistics: Meeting

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Centers for Disease Control and Prevention (CDC), National Center for Health Statistics (NCHS) announces the following meeting of the aforementioned committee.

Times and Dates: 11 a.m.–5:30 p.m., EDT, September 15, 2016. 8:30 a.m.–1 p.m., EDT, September 16, 2016.

Place: NCHS Headquarters, 3311 Toledo Road, Hyattsville, Maryland 20782.

Status: This meeting is open to the public; however, visitors must be processed in accordance with established federal policies and procedures. For foreign nationals or non-U.S. citizens, pre-approval is required (please contact Gwen Mustaf, 301-458-4500, [glm4@cdc.gov](mailto:glm4@cdc.gov), or Virginia Cain, [vcain@cdc.gov](mailto:vcain@cdc.gov) at least 10 days in advance for requirements). All visitors are required to present a valid form of picture identification issued by a state, federal or international government. As required by the Federal Property Management Regulations, title 41, Code of Federal Regulation, subpart 101-20.301, all persons entering in or

on Federal controlled property and their packages, briefcases, and other containers in their immediate possession are subject to being x-rayed and inspected. Federal law prohibits the knowing possession or the causing to be present of firearms, explosives and other dangerous weapons and illegal substances. The meeting room accommodates approximately 100 people.

*Purpose:* This committee is charged with providing advice and making recommendations to the Secretary, Department of Health and Human Services; the Director, CDC; and the Director, NCHS, regarding the scientific and technical program goals and objectives, strategies, and priorities of NCHS.

*Matters for Discussion:* The agenda will include:

1. Welcome remarks by the Director, NCHS
2. Presentation on Race and Ethnicity in Vital Statistics
3. Presentation on Improving the Quality of Cause of Death Reporting
4. Presentation on New Data on Births
5. Presentation on Research Data Centers Expansion

Requests to make oral presentations should be submitted in writing to the contact person listed below. All requests must contain the name, address, telephone number, and organizational affiliation of the presenter.

Written comments should not exceed five single-spaced typed pages in length and must be received by September 6, 2016.

The agenda items are subject to change as priorities dictate.

*Contact Person for More Information:*

Virginia S. Cain, Ph.D., Director of Extramural Research, NCHS/CDC, 3311 Toledo Road, Room 7208, Hyattsville, Maryland 20782, telephone (301) 458-4500, fax (301) 458-4024.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities for both CDC and the Agency for Toxic Substances and Disease Registry.

#### Advisory Board on Radiation and Worker Health Subcommittee for Dose Reconstruction Reviews, National Institute for Occupational Safety and Health Meeting

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Centers for Disease Control and Prevention (CDC), announces the following meeting for the aforementioned subcommittee:

Time and Date: 10:30 a.m.–5 p.m., EDT, September 13, 2016.

Place: Audio Conference Call via FTS Conferencing.

Status: Open to the public, but without a public comment period. The public is welcome to submit written comments in advance of the meeting, to the contact person below. Written comments received in advance of the meeting will be included in the official record of the meeting. The public is also welcome to listen to the meeting by joining the teleconference at the USA toll-free, dial-in number at 1-866-659-0537 and the pass code is 9933701.

Background: The Advisory Board on Radiation and Worker Health (ABRWH or the Advisory Board) was established under the Energy Employees Occupational Illness Compensation Program Act of 2000 to advise the President on a variety of policy and technical functions required to implement and effectively manage the new compensation program. Key functions of the Advisory Board include providing advice on the development of probability of causation guidelines that have been promulgated by the Department of Health and Human Services (HHS) as a final rule; advice on methods of dose reconstruction, which have also been promulgated by HHS as a final rule; advice on the scientific validity and quality of dose estimation and reconstruction efforts being performed for purposes of the compensation program; and advice on petitions to add classes of workers to the Special Exposure Cohort.

In December 2000, the President delegated responsibility for funding, staffing, and operating the Advisory Board to HHS, which subsequently delegated this authority to CDC. National Institute for Occupational Safety and Health (NIOSH) implements this responsibility for CDC. The charter was issued on August 3, 2001, renewed at appropriate intervals, rechartered on

March 22, 2016 pursuant to Executive Order 13708, and will expire on September 30, 2017.

**Purpose:** The Advisory Board is charged with (a) providing advice to the Secretary, HHS, on the development of guidelines under Executive Order 13179; (b) providing advice to the Secretary, HHS, on the scientific validity and quality of dose reconstruction efforts performed for this program; and (c) upon request by the Secretary, HHS, advise the Secretary on whether there is a class of employees at any Department of Energy facility who were exposed to radiation but for whom it is not feasible to estimate their radiation dose, and on whether there is reasonable likelihood that such radiation doses may have endangered the health of members of this class. The Subcommittee for Dose Reconstruction Reviews (SDRR) was established to aid the Advisory Board in carrying out its duty to advise the Secretary, HHS, on dose reconstruction.

**Matters for Discussion:** The agenda for the Subcommittee meeting includes the following dose reconstruction program quality management and assurance activities: dose reconstruction cases under review from Sets 14–18, including the Oak Ridge sites (Y–12, K–25, Oak Ridge National Laboratory), Hanford, Feed Materials Production Center (“Fernald”), Mound Plant, Rocky Flats Plant, Nevada Test Site, Idaho National Laboratory, and Savannah River Site; consideration of new dose reconstruction review methods and/or case selection criteria.

The agenda is subject to change as priorities dictate.

**Contact Person for More Information:** Theodore Katz, Designated Federal Officer, NIOSH, CDC, 1600 Clifton Road, Mailstop E–20, Atlanta, Georgia 30333, Telephone (513) 533–6800, Toll Free 1(800)CDC–INFO, Email [ocas@cdc.gov](mailto:ocas@cdc.gov).

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both the Centers for Disease Control and Prevention and the Agency for Toxic Substances and Disease Registry.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Centers for Disease Control and Prevention

#### Fees for Sanitation Inspections of Cruise Ships

**AGENCY:** Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

**ACTION:** General notice.

**SUMMARY:** The Centers for Disease Control and Prevention (CDC), located within the Department of Health and Human Services (HHS) announces fees for vessel sanitation inspections for Fiscal Year (FY) 2017. These inspections are conducted by HHS/CDC’s Vessel Sanitation Program (VSP). VSP helps the cruise line industry fulfill its responsibility for developing and implementing comprehensive sanitation programs to minimize the risk for acute gastroenteritis. Every vessel that has a foreign itinerary and carries 13 or more passengers is subject to twice-yearly unannounced inspections and, when necessary, reinspections.

**DATES:** These fees are effective October 1, 2016, through September 30, 2017.

#### FOR FURTHER INFORMATION CONTACT:

CAPT Jaret T. Ames, Chief, Vessel Sanitation Program, National Center for Environmental Health, Centers for Disease Control and Prevention, 4770 Buford Highway NE., MS F–59, Atlanta, Georgia 30341–3717; phone: 800–323–2132, 770–488–3141, or 954–356–6650; email: [vsp@cdc.gov](mailto:vsp@cdc.gov).

#### SUPPLEMENTARY INFORMATION:

##### Purpose and Background

HHS/CDC established the Vessel Sanitation Program (VSP) in the 1970s as a cooperative activity with the cruise ship industry. VSP helps the cruise ship industry prevent and control the introduction, transmission, and spread of gastrointestinal illnesses on cruise ships. VSP operates under the authority of the Public Health Service Act (Section 361 of the Public Health Service Act; 42 U.S.C. 264, “Control of Communicable Diseases”). Regulations found at 42 CFR 71.41 (Foreign Quarantine—Requirements Upon Arrival at U.S. Ports: Sanitary Inspection; General Provisions) state that carriers arriving at U.S. ports from foreign areas are subject to sanitary inspections to determine whether rodent, insect, or other vermin infestations exist, contaminated food or water, or other sanitary conditions requiring measures for the prevention of the introduction, transmission, or spread of communicable diseases are present.

The fee schedule for sanitation inspections of passenger cruise ships by VSP was first published in the **Federal Register** on November 24, 1987 (52 FR 45019). HHS/CDC began collecting fees on March 1, 1988. This notice announces fees that are effective for FY 2017, beginning on October 1, 2016, through September 30, 2017.

The following formula will be used to determine the fees:

$$\text{Average cost per inspection} = \frac{\text{Total cost of VSP}}{\text{Weighted number of annual inspections}}$$

Total cost of VSP = Total cost of operating the program, such as administration, travel, staffing, sanitation inspections, and outbreak response. Weighted number of annual inspections = Total number of ships and inspections per year accounting for vessel size, number of inspectors needed for vessel size, travel logistics to conduct inspections, and vessel location and arrivals in U.S. jurisdiction per year.

The fee schedule was originally established and published in the **Federal Register** on July 17, 1987 (52 FR

27060). It was most recently published in the **Federal Register** on August 26, 2015 (80 FR 51819). The fee schedule for FY 2017 is presented in Appendix A.

#### Fee

The fee schedule (Appendix A) will be effective October 1, 2016, through September 30, 2017.

#### Applicability

The fees will apply to all passenger cruise vessels for which inspections are

conducted as part of HHS/CDC’s VSP. Inspections and reinspections involve the same procedures, require the same amount of time, and are therefore charged at the same rates.

Dated: August 15, 2016.

**Sandra Cashman,**

*Executive Secretary, Centers for Disease Control and Prevention.*
