Shipping Coordinating Committee, Notice of Public Meeting

The Shipping Coordinating Committee (SHC) will conduct an open meeting at 9:00 a.m. on Thursday, October 13, 2016, in Room 7K15–01 of the Douglas A. Munro Coast Guard Headquarters Building at St. Elizabeth's, 2703 Martin Luther King, Jr., Avenue SE., Washington, DC 20593. The primary purpose of the meeting is to prepare for the Seventieth session of the International Maritime Organization's (IMO) Marine Environment Protection Committee to be held at the IMO Headquarters, United Kingdom, October 24–28, 2016.

The agenda items to be considered include:

- Adoption of the agenda
- Decisions of other bodies
- Consideration and adoption of amendments to mandatory instruments
- Harmful aquatic organisms in ballast water
- Air pollution and energy efficiency
- Further technical and operational measures for enhancing the energy efficiency of international shipping
- Reduction of GHG emissions from ships
- Identification and protection of Special Areas and PSSAs
- Pollution prevention and response (report of the third session of the Sub-Committee)
- Reports of other sub-committees
- Technical cooperation activities for the protection of the marine environment
- Capacity building for the implementation of new measures
- Analysis and consideration of recommendations to reduce administrative burdens in IMO instruments as identified by the SG–RAR
- Application of the Committees' Guidelines
- Work programme of the Committee and subsidiary bodies
- Any other business
- Consideration of the report of the Committee

Members of the public may attend this meeting up to the seating capacity

of the room. Upon request to the meeting coordinator, members of the public may also participate via teleconference. To facilitate the building security process, and to request reasonable accommodation, those who plan to attend should contact the meeting coordinator, LCDR Tiffany Duffy, by email at tiffany.a.duffy@uscg.mil, by phone at (202) 372–1376, or in writing at 2703 Martin Luther King, Jr., Avenue SE., Stop 7509, Washington, DC 20593–7509 not later than October 6, 2016. Requests made after October 6, 2016 might not be able to be accommodated. Please note that due to security considerations, two valid, government issued photo identifications must be presented to gain entrance to the Coast Guard Headquarters building. It is recommended that attendees arrive to the Headquarters building no later than 30 minutes ahead of the scheduled meeting for the security screening process. The building is accessible by taxi, public transportation, and privately owned conveyance (upon request). Additional information regarding this and other SHC public meetings may be found at: www.uscg.mil/imo.

Dated: August 12, 2016.

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Environmental Impact Statement: State Route (S.R.) 30, Cache County, Utah

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of Intent to Prepare an Environmental Impact Statement.

SUMMARY: FHWA is issuing this notice to advise the public that an Environmental Impact Statement (EIS) will be prepared for proposed transportation improvements in Cache County, Utah.

FOR FURTHER INFORMATION CONTACT: Paul Ziman, Area Engineer, Federal Highway Administration, 2520 West 4700 South, Suite 9A, Salt Lake City, UT 84118, telephone (801) 955–3525, Paul.Ziman@dot.gov, The Utah Department of Transportation (UDOT) contact is Rod Terry, Project Manager, Utah Department of Transportation, Region One Office, 166 West Southwell Street, Ogden, UT 84404–4194, telephone (801) 620–1686, email rodterry@utah.gov.

SUPPLEMENTARY INFORMATION: FHWA, in cooperation with UDOT, will prepare an EIS for a proposal to address safety and current and projected traffic demand on S.R. 30 in the city of Logan and in Cache County, Utah. The proposed project area extends from S.R. 23 to S.R. 252 (1000 West in Logan), a distance of about 6.4 miles. Safety and transportation improvements are needed to address current identified design deficiencies

and current and projected 2040 travel demand along the existing two-lane S.R. 30 highway.

Prior to this Notice of Intent, UDOT prepared the State Route 30 Corridor Study, I-15 to 1000 West (June 2016). The corridor study identified current and future safety and capacity needs that will be incorporated into the EIS process. Throughout the corridor study process, UDOT relayed to stakeholders that identified needs might require further analysis in a National Environmental Policy Act (NEPA) document and that the S.R. 30 Corridor Study Planning Report will be adopted in such NEPA documents. The corridor study also helped UDOT identify the logical termini for highway improvements evaluated in the EIS. The corridor study can be reviewed at udot.utah.gov/SR30study.

FHWA will consider a reasonable range of alternatives that meet the purpose of and need for the project and are based on agency and public input. These alternatives include: (1) Taking no action (no-build); (2) using alternate travel modes; (3) using access control and transportation demand management to improve the efficiency of the existing road network; (4) upgrading and adding lanes to the existing road network, including S.R. 30; (5) combinations of any of the above; and (6) other feasible alternatives identified during the scoping process.

A Coordination Plan is being prepared to define the agency and public participation procedure for the environmental review process. The plan will outline (1) how agencies and the public will provide input during the scoping process; (2) the development of the purpose and need; and (3) alternatives development.

Letters describing the proposed action and soliciting comments will be sent to appropriate Federal, state, and local agencies as well as to Native American tribes and to private organizations and citizens who have previously expressed, or who are known to have, an interest in this proposal. These letters will invite agencies, tribes, and the public to participate in scoping meetings at locations and dates to be determined.

Public meetings will be held to allow the public, as well as Federal, state, and local agencies, and tribes, to provide comments on the purpose of and need for the project, potential alternatives, and social, economic, and environmental issues of concern.

In addition, a public hearing will be held following the release of the draft EIS. Public notice advertisements and direct mailings will notify interested

parties of the time and place of the public meetings and the public hearing.

To ensure that the full range of issues related to this proposed action is addressed and all significant issues are identified, comments and suggestions are invited from all interested parties. Comments or questions concerning this proposed action and the EIS should be directed to FHWA or UDOT at the addresses provided above by October 21, 2016.

UDOT is currently seeking NEPA Assignment from FHWA and expects the process to be finalized before the end of 2016. NEPA Assignment allows UDOT to assume FHWA's responsibilities under NEPA. This also applies to all or part of FHWA's responsibilities for environmental reviews, consultation, and other actions required under other Federal environmental laws such as the Endangered Species Act and the Clean Water Act. Once FHWA approves UDOT's NEPA Assignment application, UDOT will take the lead in completing the S.R. 30 EIS.
