OFFICE OF MANAGEMENT AND BUDGET

OMB Sequestration Update Report to the President and Congress for Fiscal Year 2017

AGENCY: Executive Office of the President, Office of Management and Budget.

ACTION: Notice of availability of the OMB Sequestration Update Report to the President and Congress for FY 2017.

SUMMARY: OMB is issuing the *OMB Sequestration Update Report to the President and Congress for Fiscal Year 2017* to report on the status of the discretionary caps and on the compliance of pending discretionary appropriations legislation with those caps. For fiscal year 2016, the report finds enacted appropriations to be within the spending limits. The report also finds that 2016 supplemental funding amounts for Zika virus response included in Divisions B and D of the pending Military Construction, Veterans Affairs, and related Agencies

Appropriations Act, 2017 and Zika Response and Preparedness Conference Report would not breach the 2016 limits if enacted. For fiscal year 2017, the report finds that, if the current limits remain unchanged, under OMB's estimates of actions to date by the House of Representatives for the 12 annual appropriations bills would result in a sequestration of approximately \$17 million in defense programs and \$775 million in non-defense programs, respectively. The report finds that actions by the Senate for both categories are in compliance with the current spending limits. Finally, the report also contains OMB's Preview Estimate of the Disaster Relief Funding Adjustment for FY 2017.

DATES: *Effective Date:* August 20, 2016. Section 254 of the Balanced Budget and Emergency Deficit Control Act of 1985 requires the Office of Management and Budget (OMB) to issue a Sequestration Update Report on August 20th of each year. With regard to this update report and to each of the three required sequestration reports, section 254(b) specifically states the following:

SUBMISSION AND AVAILABILITY OF REPORTS.—Each report required by this section shall be submitted, in the case of CBO, to the House of Representatives, the Senate and OMB and, in the case of OMB, to the House of Representatives, the Senate, and the President on the day it is issued. On the following day a notice of the report shall be printed in the **Federal Register**.

ADDRESSES: The OMB Sequestration Reports to the President and Congress is available on-line on the OMB home page at: http://www.whitehouse.gov/omb/legislative_reports/sequestration.

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

[NARA-2016-046]

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when agencies no longer need them for current Government business. The records schedules authorize agencies to preserve records of continuing value in the National Archives of the United States and to destroy, after a specified period, records lacking administrative, legal, research, or other value. NARA publishes notice in the **Federal Register** for records schedules in which agencies propose to destroy records not previously authorized for disposal or reduce the retention period of records already authorized for disposal. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

DATES: NARA must receive requests for copies in writing by September 26, 2016. Once NARA finishes appraising the records, we will send you a copy of the schedule you requested. We usually prepare appraisal memoranda that contain additional information concerning the records covered by a proposed schedule. You may also request these. If you do, we will also provide them once we have completed the appraisal. You have 30 days after we send to you these requested documents in which to submit comments.

ADDRESSES: You may request a copy of any records schedule identified in this notice by contacting Records Appraisal and Agency Assistance (ACRA) using one of the following means:

Mail: NARA (ACRA); 8601 Adelphi Road; College Park, MD 20740-6001.

Email: request.schedule@nara.gov.

FAX: 301-837-3698.

You must cite the control number, which appears in parentheses after the name of the agency that submitted the schedule, and a mailing address. If you would like an appraisal report, please include that in your request.

FOR FURTHER INFORMATION CONTACT:

Margaret Hawkins, Director, by mail at Records Appraisal and Agency Assistance (ACRA); National Archives and Records Administration; 8601 Adelphi Road; College Park, MD 20740-6001, by phone at 301-837-1799, or by email at request.schedule@nara.gov.

SUPPLEMENTARY INFORMATION: Each year, Federal agencies create billions of

records on paper, film, magnetic tape, and other media. To control this accumulation, agency records managers prepare schedules proposing records retention periods and submit these schedules for NARA's approval. These schedules provide for timely transfer into the National Archives of historically valuable records and authorize the agency to dispose of all other records after the agency no longer needs them to conduct its business. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

The schedules listed in this notice are media neutral unless otherwise specified. An item in a schedule is media neutral when an agency may apply the disposition instructions to records regardless of the medium in which it creates or maintains the records. Items included in schedules submitted to NARA on or after December 17, 2007, are media neutral unless the item is expressly limited to a specific medium. (See 36 CFR 1225.12(e).)

Agencies may not destroy Federal records without Archivist of the United States' approval. The Archivist approves destruction only after thoroughly considering the records' administrative use by the agency of origin, the rights of the Government and of private people directly affected by the Government's activities, and whether or not the records have historical or other value.

In addition to identifying the Federal agencies and any subdivisions requesting disposition authority, this notice lists the organizational unit(s) accumulating the records (or notes that the schedule has agency-wide applicability when schedules cover records that may be accumulated throughout an agency); provides the control number assigned to each schedule, the total number of schedule items, and the number of temporary items (the records proposed for destruction); and includes a brief description of the temporary records. The records schedule itself contains a full description of the records at the file unit level as well as their disposition. If NARA staff has prepared an appraisal memorandum for the schedule, it also includes information about the records. You may request additional information about the disposition process at the addresses above.
