SUPPLEMENTARY INFORMATION: The DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the OMB for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

The information for ETA 9057 has been revised to adjust the number of small and large states to reflect the most recent data. This category is dependent upon the number of decisions the states issued during the prior calendar year, and varies from year to year. The ETA 9054 Report has been revised to correct a typographical error in Section A. The 3rd time lapse category reads 45-60 (days), but should read 46-60 (days). In addition, the information for ETA 9056 has also been revised and updated to reflect the most recent data. Similar to ETA 9057, ETA 9056 is dependent on the number of nonmonetary determinations reported in the prior calendar year, and varies from year to year.

The Secretary of Labor, under the Social Security Act, Title III, Section 302 (42 U.S.C. 502), funds the necessary cost of proper and efficient administration of each state UI law. The BTQ program collects information and analyzes data. The BTQ data measure the timeliness and quality of states' administrative actions and administrative decisions related to UI benefit payments.

This information collection is subject to the PRA. See 5 CFR 1320.5(a) and 1320.6.

SUPPLEMENTARY INFORMATION: This ICR seeks PRA authority for the Authorization Request Forms/ Certification/Letter of Medical Necessity information collection consisting of Forms CA–26 (Authorization Request Form and Certification/Letter of Medical Necessity for Compounded Drugs) and CA–27 (Authorization Request Form and Certification/Letter of Medical Necessity for Opioid Medications). The Federal Employee's Compensation Act (FECA) provides that the OWCP furnish to a Federal employee who is injured while in the performance of duty the services, appliances, and supplies prescribed or recommended by a qualified physician that the OWCP considers likely to cure, give relief, reduce the degree or the period of disability, or aid in lessening the amount of the monthly compensation. See 5 U.S.C. 8103. Forms CA–26 and CA–27 require an injured worker's treating physician to answer questions about the prescribed opioids and/or compounded drugs and certify they are medically necessary to treat the work-related injury. Responses to the questions are intended to ensure treating physicians have considered non-opioid and non-compounded drug alternatives and are only prescribing the most cost effective and medically necessary drugs. The forms will also permit the OWCP more easily to track

the volume, type, and characteristics of opioids and compounded drugs authorized by the FECA program. The forms will serve as a means for injured workers to continue receiving opioids and compounded drugs only where medically necessary and simultaneously give the OWCP greater oversight in monitoring their appropriate use and gather additional data about their use. FECA section 36(a)(2) authorizes this information collection. See 5 U.S.C. 8124(a)(2).

This proposed information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. For additional information, see the related notice published in the **Federal Register** on June 22, 2016 (81 FR 40721).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB ICR Reference Number 201606–1240–003. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- Enhance the quality, utility, and clarity of the information to be collected; and
