Abstract of Proposed Collection

The goal of the "Self Certification And Ability To Perform In Emergencies" (ESCAPE) program is to ensure that non-federal individuals who are being considered for a contracted position at a designated post are capable of the unique, potentially challenging and life threatening conditions at ESCAPE posts. These individuals are required to review with a medical provider the pre-deployment acknowledgement form (DS-6570) and then affirm that they understand the physical rigors and security conditions at these posts and can perform any specified emergency functions. Medical information is collected from medical providers and respondents during this review. The Department of State is requesting approval of this Information Collection so non-federal individuals who will be selected for assignments can provide completed pre-deployment medical information. This Collection is allowed under the Foreign Service Act of 1980 (22 U.S.C. 3901) and the Basic Authorities Act of 1956 (22 U.S.C. 2651).

Methodology

The information collected will be collected using a form (DS-6570) during a medical review between a non-federal individual and his/her medical provider. The individual will submit the completed form, signed by both the individual and provider, to the Bureau of Medical Services at the U.S. Department of States.

Dated: September 1, 2016.

Behzad Shahbazian,

Director of Clinical Services, Bureau of Medical Services, Department of State.

[Docket No. FD 35187 (Sub-No. 1)]

Grand Elk Railroad, Inc.—Acquisition of Incidental Trackage Rights Exemption—Norfolk Southern Railway Company

Grand Elk Railroad, Inc. (GDLK), a Class III rail carrier, has filed a verified notice of exemption under 49 CFR 1150.41 to acquire by assignment from Norfolk Southern Railway Company (NSR) trackage rights over

approximately 3.3 miles of rail line owned by CSX Transportation, Inc. (CSXT) in Grand Rapids, Mich. (the Line). The Line extends from milepost CH 151.3± at Pleasant Street through milepost CH 151.6/CGE 0.0 to milepost CGE 3.0± north of Ann Street in Grand Rapids, Mich.

GDLK states that the subject trackage rights conveyance was incidental to GDLK's 2009 lease and operation of NSR-owned railroad lines extending generally from Grand Rapids, Mich., to Elkhart, Ind., but was inadvertently omitted from GDLK's notice of exemption for that transaction. *See Grand Elk R.R.—Lease & Operation Exemption—Norfolk S. Ry.*, FD 35187 (STB served Nov. 17, 2008). GDLK states that it has filed this notice to obtain proper agency authority for the prior assignment of trackage rights over the CSXT Line. (Notice 2.) GDLK contends that it operated pursuant to the CSXT Line trackage rights from its start-up in 2009 until August 10, 2016, when CSXT denied GDLK access to the line. (Notice 3). According to GDLK, CSXT is disputing the 2009 assignment and GDLK is addressing CSXT's contractual arguments in state court.¹ (*Id.*) GDLK states that it is seeking retroactive Board authorization to assure that the court is fully able to address the matters before it. (*Id.*) GDLK states that the transaction does not involve any provision or agreement that would limit future interchange with a third-party connecting carrier.

GDLK states that its projected annual revenues as a result of this transaction will not result in the creation of a Class II or Class I rail carrier, but that its projected annual revenues would exceed \$5 million. Accordingly, GDLK is required, at least 60 days before this exemption is to become effective, to send notice of the transaction to the national offices of the labor unions with employees on the affected lines, post a copy of the notice at the workplace of the employees on the affected lines, and certify to the Board that it has done so. 49 CFR 1150.42(e).

In addition to its verified notice of exemption, GDLK has filed a petition for waiver of the 60-day labor notice requirements of 49 CFR 1150.42(e), asserting that: (1) No employees would be affected by the Board's authorization

¹ GDLK acknowledges that the authority invoked by its notice is permissive and that issuance of this notice is not determinative of the disputed trackage rights contract issues. (Notice 6 n.3 (citing *Wis. Cent. Ltd.—Trackage Rights Exemption—Lines of Union Pac. R.R.*, FD 35992 (STB served Mar. 4, 2016), and *Rock & Rail, Inc.—Acquis. & Operation Exemption—Burlington N. & Santa Fe. Ry.*, FD 33738 (STB served Apr. 30, 1999).)

of these trackage rights; and (2) GDLK provided the required notice to NSR employees and relevant national labor organizations at the time of the underlying lease transaction in 2009. GDLK has also filed a petition to partially revoke the class exemption at 49 CFR 1150.41 to allow the Board to retroactively authorize the assignment of trackage rights from NSR to GDLK. GDLK's waiver request and petition for partial revocation will be addressed in a separate decision. The Board will establish in the decision on the waiver request the earliest date this transaction may be consummated.

If the notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions to stay must be filed no later than September 16, 2016 (at least seven days before the exemption becomes effective.)

An original and ten copies of all pleadings, referring to Docket No. FD 35187 (Sub-No. 1), must be filed with the Surface Transportation Board, 395 E Street SW., Washington, DC 20423-0001. In addition, a copy of each pleading must be served on applicant's representative, Robert A. Wimbish, Fletcher & Sippell LLC, 29 North Wacker Drive, Suite 290, Chicago, IL 60606.

According to GDLK, this action is categorically excluded from environmental review under 49 CFR 1105.6(c).

Decided: September 2, 2016.

[Docket No. FD 36060]

Mississippi Southern Railroad, L.L.C.—Lease and Operation Exemption—The Kansas City Southern Railway Company

Mississippi Southern Railroad, L.L.C. (MSR), a Class III rail carrier, has filed a verified notice of exemption under 49 CFR 1150.41 to continue to lease from The Kansas City Southern Railway Company (KCS), and to operate,

approximately 26.5 miles of rail line between milepost 133.0 near Bay Springs, Miss., and milepost 159.5 near Newton, Miss.

MSR and KCS originally entered into a lease agreement in 2005.¹ According to MSR, they have recently entered into an amended and restated lease agreement (Amended Agreement) which, among other things, extends the term of the lease to August 1, 2026. MSR will continue to be the operator of the 26.5-mile line.

MSR certifies that the projected annual revenues as a result of this transaction will not result in MSR's becoming a Class I or Class II rail carrier and that its projected annual revenue will not exceed \$5 million. MSR states that the Amended Agreement regarding the subject line does not contain any provision that prohibits MSR from interchanging traffic with a third party or limit MSR's ability to interchange with a third party.

The proposed transaction may be consummated on or after September 24, 2016, the effective date of the exemption (30 days after the verified notice of exemption was filed). If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions to stay must be filed by September 16, 2016 (at least seven days prior to the date the exemption becomes effective).

An original and 10 copies of all pleadings, referring to Docket No. FD 36060 must be filed with the Surface Transportation Board, 395 E Street SW., Washington, DC 20423-0001. In addition, a copy of each pleading must be served on applicant's representative, Karl Morell, Karl Morell & Associates, 655 Fifteenth Street NW., Suite 225, Washington, DC 20005.

According to MSR, this action is categorically excluded from environmental review under 49 CFR 1105.6(c).
