SUPPLEMENTARY INFORMATION: OMB regulations at 5 CFR part 1320, which implement provisions of the Paperwork Reduction Act, 44 U.S.C. 3501-3521, require that interested members of the public and affected agencies be given an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8 (d) and 1320.12(a)). This notice identifies an information collection that the BLM plans to submit to OMB for approval. The Paperwork Reduction Act provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

The BLM will request a 3-year term of approval for this information collection activity. Comments are invited on: (1) The need for the collection of information for the performance of the functions of the agency; (2) the accuracy of the agency's burden estimates; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the information collection burden on respondents, such as use of automated means of collection of the information. A summary of the public comments will accompany our submission of the information collection requests to OMB.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment — including your personal identifying information — may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

SUPPLEMENTARY INFORMATION:

I. Abstract

The NPS Organic Act of 1916 (Organic Act) (54 U.S.C. 100101 *et seq.*; Pub. L. 113–287), requires that the NPS preserve national parks for the enjoyment, education, and inspiration of this and future generations. The NPS cooperates with partners to extend the benefits of natural and cultural resource conservation and outdoor recreation throughout this country and the world. Each year, visitors to the various units of the National Park System file reports of lost or found items.

Reporting of lost or found personal property in national parks is governed by 36 CFR 2.22, “Disposition of Property” which requires unattended property be impounded and deemed to be abandoned unless claimed by the owner or an authorized representative within 60 days. The 60-day period

commences upon notification to the rightful owner of the property, if the owner can be identified, or from the time the property was placed in the superintendent’s custody, if the owner cannot be identified.

Unclaimed property must be stored for a minimum period of 60 days and unless claimed by the owner or an authorized representative, may be claimed by the finder, provided the finder is not an employee of the National Park Service (NPS). Found property not claimed by the owner, an authorized representative of the owner, or the finder, shall be deemed abandoned and disposed of in accordance with Title 41 Code of Federal Regulations.

In order to comply with the requirements of 36 CFR 2.22, the NPS utilizes NPS Form 10–166, “Lost-Found Report” to allow the park to properly identify personal property reported as lost or found and to return found items to the legitimate owner, when possible, or to the finder if the item is not claimed by the owner or their authorized representative. NPS Form 10–166 collects the following information from the visitor filing the report:

- Park name, receiving station (if appropriate), and date item was lost or found;
- Name, address, city, state, zip code, email address, and contact phone numbers (cell and home);
- Type of item, detailed description of item, and location where the item was last seen or found;
- Photograph of item (if available); and
