### Foreign-Trade Zones Board

[B-63-2016]

**Foreign-Trade Zone (FTZ) 177—  
 Evansville, Indiana; Notification of  
 Proposed Production Activity; Best  
 Chairs, Inc. d/b/a Best Home  
 Furnishings (Upholstered Furniture);  
 Ferdinand, Cannelton and Paoli,  
 Indiana**

Best Chairs, Inc. d/b/a Best Home Furnishings (Best Home) submitted a notification of proposed production activity to the FTZ Board for its facilities in Ferdinand, Cannelton and Paoli, Indiana within FTZ 177. The notification conforming to the

requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on September 14, 2016.

The Best Home facilities are located within Sites 5, 6, and 7 of FTZ 177 and currently have authority to conduct cut-and-sew activity using certain foreign micro-denier suede upholstery fabrics and polyurethane fabrics to produce upholstered furniture and related parts (upholstery cover sets) on a restricted basis (Board Order 1807 and Doc. B-35-2014). Board Order 1807 authorized the production of upholstered furniture (sofas, sectionals, loveseats, chairs, and recliners) for a five-year period, with a scope of authority that only provides FTZ savings on a limited quantity (2.28 million square yards per year) of foreign origin, micro-denier suede upholstery fabric finished with a hot caustic soda solution process. Doc. B-35-2014 expanded the company's scope of authority to include certain polyurethane fabrics. All foreign upholstery fabrics other than micro-denier suede finished with a hot caustic soda solution process, polyurethane fabrics backed with ground leather, and wet coagulation process, 100 percent polyurethane coated fabrics used in Best Home's production within FTZ 177 are subject to full customs duties.

The current request seeks to extend Best Home's existing FTZ authority indefinitely (with no increase in the company's annual quantitative limit of 2.28 million square yards) and to add foreign-status leather and non-textile foreign-status components to the scope of authority. This request also seeks to clarify certain HTSUS numbers that apply to the company's existing authority for micro-denier suede upholstery fabric finished with a hot caustic soda solution process. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Best Home from customs duty payments on the foreign-status components used in export production. On its domestic sales, Best Home would be able to apply the finished upholstery cover set (*i.e.*, furniture part) or finished furniture duty rate (free) for the authorized fabrics and additional components (indicated below). Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The components sourced from abroad include: Micro-denier suede fabric

finished with a hot caustic soda finishing process; upholstery leather; linear actuators and motors; transformers; power adaptors; handset controllers; power cables; and, Y-cables (duty rate ranges from 1.6% to 17.2%). The request indicates that upholstery leather will be admitted to the zone in privileged foreign status (19 CFR 146.41), thereby precluding inverted tariff benefits on upholstery leather. All other foreign, unauthorized upholstery fabrics or other components used in the production activity would continue to be admitted to the zone in domestic (duty paid) status.

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is November 2, 2016.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the Board's Web site, which is accessible via [www.trade.gov/ftz](http://www.trade.gov/ftz).

##### Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an

administrative review, in whole or in part, if the party, or parties, that requested a review withdraws the request within 90 days of the publication date of the notice of initiation of the requested review. As noted above, all parties withdrew their requests for review within 90 days of the publication date of the notice of initiation. No other parties requested an administrative review of the order. Therefore, in accordance with 19 CFR 351.213(d)(1), we are rescinding this review.

##### Assessment

The Department will instruct U.S. Customs and Border Protection (CBP) to assess countervailing duties on all appropriate entries of sinks from the PRC during the POR. The Department intends to issue appropriate assessment instructions to CBP 15 days after publication of this notice in the **Federal Register**.

##### Notifications to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the presumption that reimbursement of countervailing duties occurred and the subsequent assessment of double countervailing duties.

##### Notification Regarding Administrative Protective Order

This notice also serves as a final reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under an APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).
