

period unless comments are received which result in a contrary determination.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

* *Federal Rulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

* *Mail:* Department of Defense, Office of the Deputy Chief Management Officer, Directorate for Oversight and Compliance, 4800 Mark Center Drive, Mailbox #24, Alexandria, VA 22350–1700.

Instructions: All submissions received must include the agency name and docket number for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT:

Cindy Allard, Chief of the Defense Privacy, Civil Liberties, and Transparency Division, 703–571–0070.

SUPPLEMENTARY INFORMATION: The Office of the Secretary of Defense notices for systems of records subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended, have been published in the **Federal Register** and are available from the address in **FOR FURTHER INFORMATION CONTACT** or at the Defense Privacy, Civil Liberties, and Transparency Division Web site at <http://dpcl.d.defense.gov/>.

The proposed system report, as required by 5 U.S.C. 552a(r) of the Privacy Act of 1974, as amended, was submitted on September 2, 2016, to the House Committee on Oversight and Government Reform, the Senate Committee on Governmental Affairs, and the Office of Management and Budget (OMB) pursuant to paragraph 4 of Appendix I to OMB Circular No. A–130, “Federal Agency Responsibilities for Maintaining Records About Individuals,” revised November 28, 2000 (December 12, 2000, 65 FR 77677).

The Department received comments from five submitters related to the initial publication of the Privacy Act System of Records Notice for the Department of Defense (DoD) Insider Threat Management and Analysis Center (DITMAC) and DoD Component Insider Threat Records System. A response to the comments received has been posted to the electronic docket under docket ID DOD–2016–OS–0060 on <http://www.regulations.gov>.

Although a change is being published to the categories of individuals, this resulted from further review of the published system of records notice and not the comments received.

Dated: September 19, 2016.

Aaron Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

DUSDI 01–DoD

SYSTEM NAME:

Department of Defense (DoD) Insider Threat Management and Analysis Center (DITMAC) and DoD Component Insider Threat Records System (May 19, 2016, 81 FR 31614).

CHANGES:

1. In the **Federal Register** of May 19, 2016, in FR Doc. 2016–11703, on page 31615, in the first column, lines 5 through 8 of the first paragraph under the section title Categories of Individuals Covered by the System, remove the phrase “, and who have exhibited actual, probable, or possible indications of insider threat behaviors or activities”.

2. In the **Federal Register** of May 19, 2016, in FR Doc. 2016–11703, on page 31615, in the second column, lines 6 through 8 of the second paragraph under the section title Categories of Individuals Covered by the System, remove the phrase “, and who have exhibited actual, probable, or possible indications of insider threat behaviors or activities”.

3. In the **Federal Register** of May 19, 2016, in FR Doc. 2016–11703, on page 31615, in the second column, lines 10 through 12 of the third paragraph under the section title Categories of Individuals Covered by the System, remove the phrase “, who have exhibited actual, probable, or possible indications of insider threat behaviors or activities”.

BILLING CODE 5001–06–P

DEPARTMENT OF ENERGY

Environmental Management Site-Specific Advisory Board, Portsmouth

AGENCY: Department of Energy (DOE).

ACTION: Notice of open meeting.

SUMMARY: This notice announces a meeting of the Environmental Management Site-Specific Advisory Board (EM SSAB), Portsmouth. The Federal Advisory Committee Act (Pub. L. 92–463, 86 Stat. 770) requires that public notice of this meeting be announced in the **Federal Register**.

DATES: Thursday, October 6, 2016, 6:00 p.m.

ADDRESSES: Ohio State University, Endeavor Center, 1862 Shyville Road, Piketon, Ohio 45661.

FOR FURTHER INFORMATION CONTACT: Greg Simonton, Alternate Deputy Designated Federal Officer, Department of Energy Portsmouth/Paducah Project Office, Post Office Box 700, Piketon, Ohio 45661, (740) 897–3737, Greg.Simonton@lex.doe.gov.

SUPPLEMENTARY INFORMATION:

Purpose of the Board: The purpose of the Board is to make recommendations to DOE–EM and site management in the areas of environmental restoration, waste management and related activities.

Tentative Agenda

- Call to Order, Introductions, Review of Agenda
- Approval of May Minutes
- Deputy Designated Federal Officer’s Comments
- Federal Coordinator’s Comments
- Liaison’s Comments
- Presentation
- Administrative Issues
 - Draft Recommendation 16–02: Priorities for the President’s Fiscal Year 2018 Budget Request
- Public Comments on Recommendation
- Board Comments on Recommendation
 - Update on Annual Executive Planning and Leadership Training Session
- EM SSAB Chairs Meeting Update
- Election of Chair and Vice Chair
- Adoption of Fiscal Year 2017 Work Plan
- Subcommittee Updates
- Public Comments
- Final Comments from the Board
- Adjourn

Public Participation: The meeting is open to the public. The EM SSAB, Portsmouth, welcomes the attendance of the public at its advisory committee meetings and will make every effort to accommodate persons with physical disabilities or special needs. If you require special accommodations due to a disability, please contact Greg Simonton at least seven days in advance of the meeting at the phone number listed above. Written statements may be filed with the Board either before or after the meeting. Individuals who wish to make oral statements pertaining to agenda items should contact Greg Simonton at the address or telephone number listed above. Requests must be received five days prior to the meeting and reasonable provision will be made to include the presentation in the

agenda. The Deputy Designated Federal Officer is empowered to conduct the meeting in a fashion that will facilitate the orderly conduct of business. Individuals wishing to make public comments will be provided a maximum of five minutes to present their comments.

Minutes: Minutes will be available by writing or calling Greg Simonton at the address and phone number listed above. Minutes will also be available at the following Web site: <http://www.ports-sab.energy.gov/>.

Issued at Washington, DC, on September 16, 2016.

LaTanya R. Butler,

Deputy Committee Management Officer.

DEPARTMENT OF ENERGY

Office of Energy Efficiency and Renewable Energy

Proposed Agency Information Collection Extension

AGENCY: U.S. Department of Energy.

ACTION: Notice and request for comments.

SUMMARY: The Department of Energy (DOE), pursuant to the Paperwork Reduction Act of 1995, intends to extend for three years an information collection request with the Office of Management and Budget (OMB). Comments are invited on: (a) Whether the extended collection of information is necessary for the proper performance of the functions of DOE, including whether the information shall have practical utility; (b) the accuracy of DOE's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Comments regarding this proposed information collection must be received on or before November 22, 2016. If you anticipate difficulty in submitting comments within that period, contact the person listed in **ADDRESSES** as soon as possible.

ADDRESSES: Written comments may be sent to Sarah Oleksak, Office of Energy Efficiency and Renewable Energy (EE-3V), U.S. Department of Energy, 1000

Independence Avenue SW., Washington, DC 20585-0121, or by fax at 202-586-1600, or by email at WorkplaceCharging@ee.doe.gov.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection instrument and instructions should be directed to Sarah Oleksak, Office of Energy Efficiency and Renewable Energy (EE-3V), U.S. Department of Energy, 1000 Independence Avenue SW., Washington, DC 20585-0121, 202-586-8055, WorkplaceCharging@ee.doe.gov.

SUPPLEMENTARY INFORMATION: The Department of Energy is proposing to extend an information collection, pursuant to the Paperwork Reduction Act of 1995. The approved collection is being used to develop information that enables DOE to generate an annual report that provides an update on the Workplace Charging Challenge program partners' activities, as well as to report on metrics DOE is evaluating related to energy consumption, costs, numbers of employers in the program, and best practices that can be identified for the purpose of helping others take steps to develop electric vehicle charging infrastructure. DOE is not proposing to expand the scope of the existing information collection effort.

This information collection request contains: (1) OMB No. 1910-5174; (2) Information Collection Request Title: Workplace Charging Challenge; (3) Type of Request: Renewal; (4) Purpose: DOE's Vehicle Technologies Office (VTO) has developed a voluntary initiative, the EV Everywhere Workplace Charging Challenge. This initiative, launched in January 2013, aims to increase the number of U.S. employers offering workplace charging for plug-in electric vehicles (PEVs) to their employees. Participating employers may sign on as Partners to signal their commitment to workplace charging and otherwise promote workplace charging. As designed, the initiative is intended to benefit both employees and employers.

The goal of the Workplace Charging Challenge is to increase to over 500 the number of employers offering workplace charging to their U.S. employees by the end of fiscal year 2018, the scheduled end of the program. Individual employers that make available at least one electric vehicle supply equipment (EVSE), or charger, to their employees at one major employer location count towards this goal, regardless of whether or not the employer is a partner in the Workplace Charging Challenge.

As part of this program, DOE will continue to conduct outreach to deploy

workplace charging, provide technical assistance to support employers' workplace charging programs, and identify specific success stories, lessons learned, and best practices employers have deployed, thereby increasing the value of additional workplace charging programs, and facilitating the deployment EVSE. The effort is part of the larger EV Everywhere Grand Challenge, and as the Grand Challenge by necessity incorporates a deployment component, DOE uses its experience and expertise through the VTO Clean Cities Program to educate the public about PEVs, as well as help identify potential workplace charging barriers and the means to remove such barriers.

The Challenge does not endeavor to engage an exhaustive number of employers, but rather will continue to work with self-identified employers committed to leading the way in reducing petroleum consumption through the deployment of PEVs and associated charging infrastructure.

In January 2013, relying on employers' public records and communications, DOE began identifying employers that might be interested in becoming voluntary partners to the Workplace Charging Challenge Program. To measure progress towards the Workplace Charging Challenge goal of more than 500 employers through fiscal year 2018, DOE will continue to monitor some employers directly, and others through data DOE can gather from available online resources, including the Alternative Fuels Data Center. For those employers DOE is monitoring directly, DOE will continue to develop an annual progress update and will publish the generalized results gathered. To generate this annual update, DOE will collect annually from these Workplace Charging Challenge Partners, or employers, data and narratives associated with their PEV charging program and infrastructure.

The principal objective of collecting the information DOE would like to continue to gather through the Challenge is to allow DOE to develop an objective assessment and estimate of the number of U.S. employers that have established a workplace charging program or otherwise installed EVSE, and to document specific information associated with the offering of such a program to employees. Information requested would continue to be used to establish basic information for Partner employers, which will then be used for future comparisons and analysis of instituted programs and policies. A designated representative for each participating Partner will provide the requested information. The intended
