II. Current Actions

To administer a special initiative in the Museums for America (MFA) grant program titled Museums Empowered: Professional Development and Capacity Building Opportunities for Museums—A Museums for America Special Initiative.

Museums for America (MFA) grants support projects that strengthen the ability of an individual museum to serve its public. This special MFA initiative will provide professional development and capacity building opportunities for eligible museums.

As centers of innovation and discovery, as well as catalysts of community revitalization, museums are at the forefront of change in our communities. Like any other institution, museums need to remain dynamic to respond to fast-evolving technological advances and changing demographics. Museums also need to generate and share outcomes-based data and results of their community impact and develop sustainable organizational structures and strategies for continued growth and vitality. Professional Development is critical for museums to deliver on these areas of need.

To support and empower museums of all sizes and disciplines in responding to the evolving needs and changes, this MFA special initiative has four areas of focus for professional development and capacity building 1. Diversity and Inclusion 2. Digital Technology 3. Evaluation 4. Organizational Management. Potential projects will address one of these four priority areas and help strengthen the capability of an individual museum to better serve its public.

Funded projects may support a wide variety of training opportunities for museum staff at a variety of levels (senior leadership, middle management, front-line staff, interns and volunteers) and in various lines of museum work or a combination of (education and outreach, interpretation, curation, registration, conservation, exhibition design, administration, finance, marketing, public relations, community engagement, visitor services security and other).
