SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on August 19, 2016 at 81 FR 55472.

A. Overview of Information Collection

Title of Information Collection: Section 8 Management Assessment Program (SEMAP).

OMB Approval Number: 2577-0215.

Type of Request: Revision of currently approved collection.

Form Number: HUD-52658.

Description of the need for the information and proposed use: On an annual basis (or every two years for small agencies) PHAs are required to submit a SEMAP certification (form HUD-52648) electronically into the Information Management System/Public and Indian Housing Information Center (IMS/PIC). There is a maximum of 15 indicators that are either verified through PIC data or an on-site or off-site

confirmatory review. HUD uses the PHA's SEMAP certification, together with other available data, to assess PHA management capabilities and deficiencies, and to assign an overall performance rating to each PHA administering a HCV program. HUD rates a PHA on each SEMAP indicator, completes a PHA SEMAP profile identifying any program management deficiencies and assigns an overall performance rating. A PHA's written report of correction of a SEMAP deficiency is used as documentation that the PHA has taken action to address identified program weaknesses. Where HUD assigns an overall performance rating of troubled, the PHA's corrective action plan is used to monitor the PHA's progress on program improvements.

Respondents (i.e. affected public): Public Housing Agencies.

Estimated Annual Reporting and Recordkeeping Burden:

Information collection	Number of respondents	Responses per respondent	Total annual responses	Hours per response	Total hours	Regulatory reference
SEMAP Certification	2,167	1	2,167	12	26,004	985.101
Corrective Action Plan	80	1	80	10	800	985.107(c)
Report on Correction of SEMAP Deficiency	542	1	542	2	1,084	985.106
Total annual burden	27,888

SUPPLEMENTARY INFORMATION:

Introduction

With this notice, we continue the CCP process for the Refuges. We started this process by publishing a notice in the **Federal Register** on June 8, 2011 (76 FR 33339). For more information about the Refuges, see that notice.

Background

The National Wildlife Refuge System Administration Act of 1966, 16 U.S.C. 668dd–668ee (Refuge Administration Act), as amended by the National Wildlife Refuge System Improvement Act of 1997, requires us to develop a CCP for each national wildlife refuge. The purpose for developing a CCP is to provide refuge managers with a 15-year plan for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and our policies. In addition to outlining broad management direction on conserving wildlife and their habitats, CCPs identify wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation and photography, and environmental education and interpretation. We will review and update the CCP at least every 15 years in accordance with the Refuge Administration Act.

Draft CCP/EA

The draft CCP/EA includes detailed information about our planning process, the Refuges' resources and issues, and our proposed management alternatives. Find the draft CCP/EA on our Web sites: www.fws.gov/refuge/Billy_Frank_Jr_Nisqually/ and www.fws.gov/refuge/grays_harbor/.

Public Involvement

Public comments are requested, considered, and incorporated throughout the planning process. Comments on the draft CCP/EA will be

analyzed by the Service and addressed in the final planning documents.

SUPPLEMENTARY INFORMATION:

I. Abstract

The National Park Service (NPS), as delegated by the U.S. Office of Personnel Management (OPM), is authorized to request information to determine suitability of applicants for Federal employment and non-Federal personnel proposed to work under contractor and/or agreement who require access to NPS property and/or receive a DOI Access (personal identity verification (PIV)) badges. The conduct of suitability determinations is authorizations under Executive Orders 10450, “Security requirements for Government employment” and 10577, “Amending the Civil Service Rules and authorizing a new appointment system for the competitive service”; sections 3301, 3302, and 9101 of Title 5, United States Code (U.S.C.); and parts 2, 5, 731, and 736 of Title 5, Code of Federal Regulations (CFR), and Federal information processing standards. Section 1104 of Title 5 allows OPM to delegate personnel management functions to other Federal agencies.

In line with new regulations mandated by the OPM and the Department of the Interior (DOI), the NPS Personnel Security Branch is utilizing the Electronic Questionnaires for Investigations Processing (E–QIP) System. As a result, electronic submission of the Standard Form 85, for suitability background investigations (NACI), or the Standard Form 85P, for Public Trust, is now required. The DOI and NPS requires all applicants for Federal employment and non-Federal personnel (contractors, partners, etc.) requiring access to NPS property and/or receive a DOI Access PIV badge to be processed for a suitability background investigation, in accordance with Executive Order 10450 and the Homeland Security Presidential Directive (HSPD–12).
