#### **SUPPLEMENTARY INFORMATION:**

##### **I. Abstract**

Under section 101(b) of the Marine Mammal Protection Act of 1972 (MMPA), as amended (16 U.S.C. 1361–1407), Alaska Natives residing in Alaska and dwelling on the coast of the North Pacific or Arctic Oceans may harvest polar bears, northern sea otters, and Pacific walrus for subsistence or handicraft purposes. Section 109(i) of the MMPA authorizes the Secretary of the Interior to prescribe marking, tagging, and reporting regulations

applicable to the Alaska Native subsistence and handicraft take.

On behalf of the Secretary, we implemented regulations at 50 CFR 18.23(f) for Alaska Natives harvesting polar bears, northern sea otters, and Pacific walruses. These regulations enable us to gather data on the Alaska Native subsistence and handicraft harvest and on the biology of polar bears, northern sea otters, and Pacific walruses in Alaska to determine what effect such take may be having on these populations. The regulations also provide us with a means of monitoring the disposition of the harvest to ensure that any commercial use of products created from these species meets the criteria set forth in section 101(b) of the MMPA. We use three forms to collect the information: FWS Form 3–2414 (Polar Bear Tagging Certificates), FWS Form 3–2415 (Walrus Tagging Certificates), and FWS Form 3–2416 (Sea Otter Tagging Certificates). The information we collect includes, but is not limited to:

- Date of kill.
  - Sex of the animal.
  - Kill location.
  - Age of the animal (*i.e.*, adult, subadult, cub, or pup).
  - Form of transportation used to make the kill of polar bears.
  - Amount of time (*i.e.*, hours/days hunted) spent hunting polar bears.
  - Type of take (live-killed or beach-found) for walrus.
  - Number of otters present in and number of otters harvested from pod.
  - Condition of the polar bear and whether or not bear cubs were present.
  - Name of the hunter or possessor of the specified parts at the time of marking, tagging, and reporting.
- We are proposing to use FWS Form 3–2406 (Registration of Certain Dead Marine Mammal Hard Parts) to record the collection of bones, teeth, or ivory of dead marine mammals by non-Native and Natives not eligible to harvest marine mammals under the MMPA. It is legal to collect such parts from a beach or from land within a quarter of a mile

of the ocean (50 CFR 18.26). The information we collect will include, but is not limited to:

- Date and location found.
- Age, sex, and size of the animal.
- Tag numbers.
- Name, address, phone number, and birthdate of the collector.
