SUPPLEMENTARY INFORMATION:**Comments**

You may access the information collection instrument with instructions, or additional information by visiting the Federal eRulemaking Portal site at: <http://www.regulations.gov> and enter USCIS-2007-0029 in the search box. Regardless of the method used for submitting comments or material, all submissions will be posted, without change, to the Federal eRulemaking Portal at <http://www.regulations.gov>, and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to consider limiting the amount of personal information that you provide in any voluntary submission you make to DHS. For additional information, please read the Privacy Act notice that is available via the link in the footer of <http://www.regulations.gov>.

Written comments and suggestions from the public and affected agencies should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection:* Revision of a Currently Approved Collection.

(2) *Title of the Form/Collection:* Affidavit of Support Under Section 213A of the Act; Contract Between Sponsor and Household Member; EZ Affidavit of Support under Section 213 of the Act; Intending Immigrant's Affidavit of Support Exemption.

(3) *Agency form number, if any, and the applicable component of the DHS sponsoring the collection:* Form I-864; I864A; I-864EZ; I-864W; USCIS.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* *Primary:* Individuals or households; The data collected on Form I-864 will be used by the USCIS to determine whether the sponsor has the ability to support the sponsored alien under section 213A of the Immigration and Nationality Act. This form serves the purpose of standardizing the evaluations of the sponsor's ability to support the sponsored alien and ensures that basic information required to assess eligibility is provided by petitioners.

The Form I-864A is a contract between the sponsor and the sponsor's household members. It is only required if the sponsor used income of his or her household members to reach the

required 125 percent of the Federal poverty guideline. The contract holds these household members jointly and severally liable for the support of the sponsored immigrant. The information collection required on Form I-864A is necessary for public benefit agencies to enforce the Affidavit of Support in the event the sponsor used income of his or her household members to reach the required income level and the public benefit agencies are requesting reimbursement from the sponsor.

The Form I-864EZ will be used by the USCIS in exactly the same way as Form I-864, however, the USCIS will collect less information from the sponsors as less information will be needed from those who qualify in order to make a thorough adjudication.

The Form I-864W is a form that will be used by the USCIS to determine whether the intending immigrant meets the criteria for exemption of section 213A requirements. This form collects the immigrant's basic information, such as name and address, the reason for the exemption, and accompanying documentation in support of the immigrant's claim that they are not subject to section 213A.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* The estimated total number of respondents for the information collection I-864 is 446,313 and the estimated hour burden per response is 6 hours; the estimated total number of respondents for the information collection I-864A is 42,892 and the estimated hour burden per response is 1.75 hours; the estimated total number of respondents for the information collection I-864EZ is 114,860 and the estimated hour burden per response is 2.5 hours; the estimated total number of respondents for the information collection I-864W is 98,119 hours and the estimated hour burden per response is 1 hour.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The total estimated annual hour burden associated with this collection is 3,138,208 hours.

(7) *An estimate of the total public burden (in cost) associated with the collection:* The estimated total annual cost burden associated with this collection of information is \$161,526,540.

Dated: March 9, 2017.
