BILLING CODE 5001–06–P

DEPARTMENT OF DEFENSE

Defense Acquisition Regulations System

[Docket DARS–2016–0046; OMB Control Number 0704–0359]

Submission for OMB Review; Comment Request

ACTION: Notice.

SUMMARY: The Defense Acquisition Regulations System has submitted to OMB for clearance, the following proposal for collection of information under the provisions of the Paperwork Reduction Act.

DATES: Consideration will be given to all comments received by April 26, 2017.

SUPPLEMENTARY INFORMATION:

Title and OMB Number: DFARS Part 232, Contract Financing, and Related Clauses at DFARS 252.232; OMB Control Number 0704–0359.

Type of Request: Revision of a currently approved collection.

Number of Respondents: 1,800.

Responses per Respondent: 1.

Annual Responses: 1,800.

Average Burden per Response: 1 hour.

Annual Burden Hours: 1,800.

Needs and Uses: This requirement provides for the collection of information related to contract financing under DoD contracts.

a. DFARS 252.232–7007, Limitation of Government's Obligation. The Government will use this information to decide whether to allot additional funds for continued performance under the contract or to terminate the contract for convenience. If after such notification additional funds are not allotted by the date identified in the contractor's notification, or by an agreed substitute date, the contracting officer will terminate any items for which additional funds have not been allotted, pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

b. DFARS subpart 232.10, Performance-Based Payments. If a contractor desires to structure contract financing using performance-based payments, the contractor shall submit a proposed performance-based payments schedule which includes all

performance-based payments events, completion criteria and event values along with the expected expenditure profile. The contracting officer will use this information to populate the Performance Based Payments analysis tool and negotiate the performance-based payment event schedule. This analysis tool is a cash-flow model used for evaluating alternative financing arrangements and to calculate improved financing opportunities that will provide benefit to both industry (prime and subcontractor level) and the taxpayer.

Affected Public: Businesses or other for-profit and not-for profit institutions.

Frequency: On occasion.

Respondent's Obligation: Required to obtain or retain benefits.

OMB Desk Officer: Ms. Jasmeet Seehra.

Written comments and recommendations on the proposed information collection should be sent to Ms. Seehra at the Office of Management and Budget, Desk Officer for DoD, Room 10236, New Executive Office Building, Washington, DC 20503.

You may also submit comments, identified by docket number and title, by the following method:

Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.

Instructions: All submissions received must include the agency name, docket number, and title for the **Federal Register** document. The general policy for comments and other public submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information provided. To confirm receipt of your comment(s), please check <http://www.regulations.gov> approximately two to three days after submission to verify posting (except allow 30 days for posting of comments submitted by mail).

DoD Clearance Officer: Mr. Frederick C. Licari.

Written requests for copies of the information collection proposal should be sent to Mr. Licari at: Information Collections Program, WHS/ESD Office of Information Management, 4800 Mark Center Drive, 3rd Floor, East Tower, Suite 03F09, Alexandria, VA 22350–3100.

Jennifer L. Hawes,

Editor, Defense Acquisition Regulations System.

BILLING CODE 5001–06–P

DEPARTMENT OF DEFENSE

Department of the Army, Corps of Engineers

Availability of the Revised Draft Environmental Impact Statement for the Lower Bois d'Arc Creek Reservoir Project, Fannin County, TX

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DoD.

ACTION: Notice of availability.

SUMMARY: The U.S. Army Corps of Engineers (USACE) Tulsa District has prepared a Revised Draft Environmental Impact Statement (RDEIS) to analyze the direct, indirect and cumulative effects of the construction of the proposed Lower Bois d'Arc Creek Reservoir (LBCR) and related actions proposed by the North Texas Municipal Water District (NTMWD) in Fannin County, Texas. The Proposed Action is a regional water supply project intended to provide up to 175,000 acre-feet/year (AFY), with an estimated firm yield of 120,665 AFY, of new water for NTMWD's member cities and direct customers in all or portions of nine counties in northern Texas—Collin, Dallas, Denton, Fannin, Hopkins, Hunt, Kaufman, Rains and Rockwall. Construction of the reservoir and related facilities would result in permanent impacts to approximately 5,874 acres of wetlands and 651,140 linear feet of streams, and 78 acres of open waters. This action requires authorization from the USACE under Section 404 of the Clean Water Act (CWA). The Section 404 of the CWA permit applicant is the NTMWD.

The RDEIS was prepared in accordance with the National Environmental Policy Act (NEPA) of 1969, as amended, and the USACE's regulations for NEPA implementation (33 Code of Federal Regulations [CFR] parts 230 and 325 (with associated Appendices B and C). The USACE, Tulsa District, Regulatory Office is the lead federal agency responsible for the RDEIS and information contained in the EIS will serve as the basis for a decision whether or not to issue a Section 404 of the CWA permit. It also provides information for Federal, State and local agencies having jurisdictional responsibility for affected resources.

DATES: Written comments on the RDEIS will be accepted on or before May 11, 2017.

ADDRESSES: Send written comments regarding the RDEIS to Mr. Andrew R. Commer, Regulatory Office Chief, USACE Tulsa District (CESWT–RO), 1645 South 101st East Avenue, Tulsa, Oklahoma 74128–4609, or via email:

ceswt-ro@usace.army.mil. Comments submitted by email must include "RDEIS Lower Bois d'Arc Creek Reservoir" in the subject line. Requests to be placed on or removed from the mailing list should also be sent to this address.

FOR FURTHER INFORMATION CONTACT: Mr. Andrew R. Commer, USACE, Tulsa District Regulatory Office, at 918-669-7400.

SUPPLEMENTARY INFORMATION: The USACE has determined that the basic project purpose in the present case is to develop an additional, reliable water supply for the applicant (NTMWD) and its member cities and customers.

The purpose of the RDEIS is to provide decision-makers and the public with information pertaining to the Proposed Action and alternatives, and to disclose environmental impacts and identify mitigation measures to reduce impacts. NTMWD proposes to build the LBCR with a total storage capacity of approximately 367,609 AF. A dam approximately 10,400 feet (about two miles) long and up to 90 feet high would be constructed, and much of the reservoir footprint would be cleared of trees and built structures. NTMWD also proposes to construct several related facilities or connected actions. These include a raw water intake pump station and electrical substation at the reservoir site, as well as a 90-96 inch diameter buried pipeline to carry raw water from the new reservoir approximately 35 miles in a southwesterly direction to a new water treatment plant and terminal storage reservoir that would be located west of the City of Leonard, also in Fannin County, Texas. A number of rural roads within the footprint and in the vicinity of the proposed reservoir would have to be closed or relocated; the most significant of these is FM 1396, which would be relocated to cross the reservoir in a different alignment on an entirely new bridge that would need to be constructed.

An aquatic resources mitigation plan has been prepared by the applicant to comply with the federal policy of "no overall net loss of wetlands" and to provide compensatory mitigation, to the extent practicable, for impacts to other waters of the U.S. that would be impacted by construction of the proposed reservoir. NTMWD has purchased a 14,960-acre parcel of land known as the Riverby Ranch, which borders the Red River. This working ranch is located downstream of the proposed project within both the same watershed (Bois d'Arc Creek) and the same county (Fannin). NTMWD acquired the Riverby Ranch specifically

because its biophysical features have the potential to provide a portion of the appropriate mitigation for the proposed project. Additional mitigation is proposed within a 1,900-acre upstream site and within the proposed reservoir itself. Though not part of the proposed mitigation plan, Bois d'Arc Creek downstream of the reservoir will receive environmental flow releases as a result of an operations plan and flow regime established in consultation with the Texas Commission on Environmental Quality (TCEQ), and stipulated in the Water Right Permit issued by TCEQ to NTMWD.

The U.S. Environmental Protection Agency Region VI, U.S. Forest Service, U.S. Fish and Wildlife Service, and the Texas Parks and Wildlife Department (TPWD) participated as cooperating agencies in the formulation of the Draft EIS.

1. On December 8, 2009, the USACE held a NEPA EIS public scoping meeting in Bonham, Texas. On March 24, 2015, the USACE held a public meeting during the comment period on the previous DEIS. The revision and publication of this RDEIS is informed by public and agency comment on the original DEIS and changes have been made to address commented issues. No public meeting is planned during this comment period. Copies of the RDEIS will be available for review during the comment period at the USACE Tulsa District Office, the permit applicant's office in Wylie, Texas, and at five locations in the project area in Fannin County, Texas, addresses of each as follows.

2. Bonham Public Library, 305 East 5th Street, Bonham, TX 75418; (903) 583-3128.

3. Sam Rayburn Library, 800 West Sam Rayburn Drive, Bonham, TX 75418; (903) 583-2455.

4. Bertha Voyer Memorial Library, 500 6th Street, Honey Grove, TX 75446; (903) 378-2206.

5. Leonard Public Library, 102 South Main Street, Leonard, TX 75452; (903) 587-2391.

6. North Texas Municipal Water District headquarters, 505 East Brown Street, Wylie, TX 75098.

7. U.S. Army Corps of Engineers, Tulsa District, Regulatory Office, 1645 South 101st East Avenue, Tulsa, OK 74128-4609.

Electronic copies of the Draft EIS may be obtained from the USACE Tulsa District, Regulatory Office or its Web site at <http://www.swt.usace.army.mil/>

Missions/Regulatory/Tulsa-District-Environmental-Impact-Statements/.

Brenda S. Bowen,

Army Federal Register Liaison Officer.

BILLING CODE 3720-58-P

DEPARTMENT OF EDUCATION

[Docket No.: ED-2017-ICCD-0041]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Impact Aid Discretionary Construction Grant Program (1894-0001)

AGENCY: Office of Elementary and Secondary Education (OESE), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, ED is proposing an extension of an existing information collection.

DATES: Interested persons are invited to submit comments on or before April 26, 2017.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED-2017-ICCD-0041. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Room 226-62, Washington, DC 20202-4537.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Amanda Ognibene, 202-453-6637.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information
