Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The Grants for Credit Enhancement for Charter School Facilities (Credit Enhancement) program provides grants to eligible entities to demonstrate innovative methods of helping charter schools to address the cost of acquiring, constructing, and renovating facilities by enhancing the availability of loans and bond financing.

Background

Since FY 2002, the Department has made new Credit Enhancement grants each year, which has resulted in a portfolio of grantees using Federal funds to enhance the credit of charter schools so that they can access private-sector and other non-Federal capital in order to acquire, construct, and renovate facilities at a reasonable cost. In December 2015, the Credit Enhancement program was reauthorized under the Elementary and Secondary Education Act of 1965 (ESEA), as amended by the Every Student Succeeds Act (ESSA) (20 U.S.C. 7221c). This notice contains application requirements from the ESEA, as amended by the ESSA,¹ and selection criteria and a competitive preference priority for charters operating in high-need communities and geographic areas. This notice also includes an invitational priority that encourages applicants to partner with other entities to leverage new or previously untapped capital and other resources to expand support to more schools and students as well as improve their ability to support schools and students. For example, under this priority, an applicant could propose to partner with a newly created State-funded credit enhancement program designed to improve charter schools’ credit ratings on bonds, thereby enabling charter school facility financing at lower interest rates and lower borrowing costs.

Priorities: This competition includes one competitive preference priority and one invitational priority.

Competitive Preference Priority: In accordance with 34 CFR 75.105(b)(2)(ii),

¹ Unless otherwise indicated, references to the ESEA are to the ESEA, as amended by the ESSA.

this priority is from 34 CFR 225.12. For FY 2017 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is a competitive preference priority. Under 34 CFR 75.105(c)(2)(i), we award up to an additional 15 points to an application, depending on how well the application addresses the priority.

This priority is:

The capacity of charter schools to offer public school choice in those communities with the greatest need for this choice based on—

(1) The extent to which the applicant would target services to geographic areas in which a large proportion or number of public schools have been identified for improvement, corrective action, or restructuring under Title I of the Elementary and Secondary Education Act of 1965, as amended by the No Child Left Behind Act of 2001 (NCLB).

(2) The extent to which the applicant would target services to geographic areas in which a large proportion of students perform below proficient on State academic assessments; and

(3) The extent to which the applicant would target services to communities with large proportions of students from low-income families.

Note: With regard to paragraph (1), consistent with the transition authority in section 4(b) of the ESSA, through the 2017–2018 school year, the Department will allow applicants to target services to geographic areas in which a large proportion of public schools are, at the time of submission of an application under this competition: (i) Elementary and secondary schools identified as in need of improvement, corrective action, or restructuring under the ESEA, as amended by NCLB; or (ii) elementary and secondary schools identified as a priority or focus school by the State prior to August 1, 2016 under ESEA flexibility.

After school year 2017–2018, the Department will require an applicant that receives points under this priority and receives a grant under this competition to amend its approved application, as needed, to describe how it will target services to geographic areas in which a large proportion of public schools are elementary and secondary schools identified for comprehensive or targeted support and improvement under the ESEA, as amended by the ESSA.

Invitational Priority: For FY 2017 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is an invitational priority. Under 34 CFR 75.105(c)(1) we do not give an application that meets this

invitational priority a competitive or absolute preference over other applications.

This priority is:

Projects proposing the development of one or more partnerships that will enable the applicant to leverage newly created or previously untapped sources of capital or other assistance, which may include non-Federal programs, in financing charter school facilities.

Definitions

The following definition is from section 4310 of the ESEA.

Charter school means a public school that—

II. Award Information

Type of Award: Discretionary grants.

We intend to use an estimated \$16,000,000 for new awards under this competition. The actual level of funding depends on final congressional action. However, we are inviting applications to allow enough time to complete the grant

2. a. *Content and Form of Application Submission:* Each Credit Enhancement program application must include the following specific elements:

(B) A description of the involvement of charter schools in the application's development and the design of the proposed activities.

(C) A description of the eligible entity's expertise in capital market financing. (Consortium applicants must provide this information for each of the participating organizations.)

Furthermore, applicants are strongly encouraged to include a table of contents that specifies where each required part of the application is located.

Note: The applicant should review the *Performance Measures* section of this notice for information on the requirements for developing project-specific performance measures and targets consistent with the objectives of the program.

b. *Submission of Proprietary Information:* Given the types of projects that may be proposed in applications for the Credit Enhancement program, your application may include business information that you consider proprietary. In 34 CFR 5.11, we define "business information" and describe the process we use in determining whether any of that information is proprietary and, thus, protected from disclosure under Exemption 4 of the Freedom of Information Act (5 U.S.C. 552, as amended).

Because we plan to make successful applications available to the public, you may wish to request confidentiality of business information.

Consistent with Executive Order 12600, please designate in your application any information that you believe is exempt from disclosure under Exemption 4. In the appropriate Appendix section of your application,

under "Other Attachments Form," please list the page number or numbers on which we can find this information. For additional information please see 34 CFR 5.11(c).

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed under **FOR FURTHER INFORMATION CONTACT** in section VII of this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice.

Deadline for Intergovernmental Review: July 10, 2017.

4. *Intergovernmental Review:* This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this program.

5. *Funding Restrictions:* (a) *Reserve accounts.* An eligible entity receiving a grant shall, in accordance with State and local law, directly or indirectly, alone or in collaboration with others, deposit the funds received, other than funds used for administrative costs, in a reserve account established and maintained by the eligible entity. Amounts deposited in such account shall be used by the eligible entity for one or more of the following purposes:

(1) Guaranteeing, insuring, and reinsuring bonds, notes, evidences of debt, loans, and interests therein.

(2) Guaranteeing and insuring leases of personal and real property.

(3) Facilitating financing by identifying potential lending sources, encouraging private lending, and other similar activities that directly promote lending to, or for the benefit of, charter schools.

(4) Facilitating the issuance of bonds by charter schools, or by other public entities for the benefit of charter schools, by providing technical, administrative, and other appropriate assistance (including the recruitment of bond counsel, underwriters, and potential investors and the consolidation of multiple charter school projects within a single bond issue).

Funds received and deposited in the reserve account shall be invested in obligations issued or guaranteed by the United States or a State, or in other similarly low-risk securities. Any earnings on funds received shall be deposited in the reserve account and used in accordance with this program.

(b) *Charter school objectives.* An eligible entity receiving a grant must use the funds deposited in the reserve account to assist one or more charter schools to access private-sector capital to accomplish one or more of the following objectives:

(1) The acquisition (by purchase, lease, donation, or otherwise) of an interest (including an interest held by a third party for the benefit of a charter school) in improved or unimproved real property that is necessary to commence or continue the operation of a charter school.

(2) The construction of new facilities, or the renovation, repair, or alteration of existing facilities, necessary to commence or continue the operation of a charter school.

(3) The predevelopment costs required to assess sites and to commence or continue the operation of a charter school.

(c) *Other.* Grantees must ensure that all costs incurred using funds from the reserve account are reasonable. Under 20 U.S.C. 7221(c)(g), an eligible entity may use not more than 2.5 percent of the funds received under this grant for the administrative costs of carrying out its project responsibilities.

We specify unallowable costs in 34 CFR 225.21.

The full faith and credit of the United States are not pledged to the payment of funds under such obligation. In the event of a default on any debt or other obligation, the United States has no liability to cover the cost of the default.

Applicants that are selected to receive an award must enter into a written Performance Agreement with the

Department prior to drawing down funds, unless the grantee receives written permission from the Department in the interim to draw down a specific limited amount of funds. Grantees must maintain and enforce standards of conduct governing the performance of their employees, officers, directors, trustees, and agents engaged in the selection, award, and administration of contracts or agreements related to this grant. The standards of conduct must mandate disinterested decision-making. The Secretary, in accordance with chapter 37 of title 31 of the United States Code, will collect all or a portion of the funds in the reserve account established with grant funds (including any earnings on those funds) if the Secretary determines that: (1) The grantee has permanently ceased to use such funds to accomplish the purposes described in the authorizing statute and the Performance Agreement; or (2) not earlier than two years after the date on which it first receives these funds, the grantee has failed to make substantial progress in undertaking the grant project.

6. *Data Universal Numbering System Number, Taxpayer Identification Number, and System for Award Management:*

To do business with the Department of Education, you must—

a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);

b. Register both your DUNS number and TIN with the System for Award Management (SAM), the Government's primary registrant database;

c. Provide your DUNS number and TIN on your application; and

d. Maintain an active SAM registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet at the following Web site: <http://fedgov.dnb.com/webform>. A DUNS number can be created within one to two business days.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please allow two to five weeks for your TIN to become active.

The SAM registration process can take approximately seven business days, but may take upwards of several weeks, depending on the completeness and accuracy of the data you enter into the SAM database. Thus, if you think you

might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number and TIN. We strongly recommend that you register early.

Note: Once your SAM registration is active, it may be 24 to 48 hours before you can access the information in, and submit an application through, *Grants.gov*.

If you are currently registered with SAM, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your registration annually. This may take three or more business days.

Information about SAM is available at *www.SAM.gov*. To further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account, we have prepared a *SAM.gov* Tip Sheet, which you can find at: <http://www2.ed.gov/fund/grant/apply/sam-faqs.html>.

In addition, if you are submitting your application via *Grants.gov*, you must (1) be designated by your organization as an Authorized Organization Representative (AOR); and (2) register yourself with *Grants.gov* as an AOR. Details on these steps are outlined at the following *Grants.gov* Web page: www.grants.gov/web/grants/register.html.

7. Other Submission Requirements

Applications for grants under this program must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications

Applications for grants under the Credit Enhancement program, CFDA number 84.354A, must be submitted electronically using the Governmentwide *Grants.gov* Apply site at *www.Grants.gov*. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not email an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you

qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under *Exception to Electronic Submission Requirement*.

You may access the electronic grant application for the Credit Enhancement program at *www.Grants.gov*. You must search for the downloadable application package for this competition by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.354, not 84.354A).

Please note the following:

- When you enter the *Grants.gov* site, you will find information about submitting an application electronically through the site, as well as the hours of operation.
- Applications received by *Grants.gov* are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the *Grants.gov* system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received—that is, date and time stamped by the *Grants.gov* system—after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from *Grants.gov*, we will notify you if we are rejecting your application because it was date and time stamped by the *Grants.gov* system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through *Grants.gov*.

- You should review and follow the Education Submission Procedures for submitting an application through *Grants.gov* that are included in the application package for this program to ensure that you submit your application in a timely manner to the *Grants.gov* system. You can also find the Education Submission Procedures pertaining to *Grants.gov* under News and Events on the Department's G5 system home page at *www.G5.gov*. In addition, for specific guidance and procedures for submitting an application through *Grants.gov*, please refer to the *Grants.gov* Web site

at: www.grants.gov/web/grants/applicants/apply-for-grants.html.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: The Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- You must upload any narrative sections and all other attachments to your application as files in a read-only, non-modifiable Portable Document Format (PDF). Do not upload an interactive or fillable PDF file. If you upload a file type other than a read-only, non-modifiable PDF (e.g., Word, Excel, WordPerfect, etc.) or submit a password-protected file, we will not review that material. Please note that this could result in your application not being considered for funding because the material in question—for example, the application narrative—is critical to a meaningful review of your proposal. For that reason it is important to allow yourself adequate time to upload all material as PDF files. The Department will not convert material from other formats to PDF.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from *Grants.gov* an automatic notification of receipt that contains a *Grants.gov* tracking number. This notification indicates receipt by *Grants.gov* only, not receipt by the Department. *Grants.gov* will also notify you automatically by email if your application met all the *Grants.gov* validation requirements or if there were any errors (such as submission of your application by someone other than a registered Authorized Organization Representative, or inclusion of an attachment with a file name that contains special characters). You will be given an opportunity to correct any errors and resubmit, but you must still meet the deadline for submission of applications.

Once your application is successfully validated by *Grants.gov*, the Department will retrieve your application from *Grants.gov* and send you an email with

a unique PR/Award number for your application.

These emails do not mean that your application is without any disqualifying errors. While your application may have been successfully validated by *Grants.gov*, it must also meet the Department's application requirements as specified in this notice and in the application instructions. Disqualifying errors could include, for instance, failure to upload attachments in a read-only, non-modifiable PDF; failure to submit a required part of the application; or failure to meet applicant eligibility requirements. It is your responsibility to ensure that your submitted application has met all of the Department's requirements.

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the *Grants.gov* System: If you are experiencing problems submitting your application through *Grants.gov*, please contact the *Grants.gov* Support Desk, toll free, at 1-800-518-4726. You must obtain a *Grants.gov* Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the *Grants.gov* system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact the person listed under **FOR FURTHER INFORMATION CONTACT** in section VII of this notice and provide an explanation of the technical problem you experienced with *Grants.gov*, along with the *Grants.gov* Support Desk Case Number. If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

V. Application Review Information

1. **Selection Criteria:** The selection criteria for this program are from program regulations at 34 CFR 225.11. The Secretary awards up to 100 points for addressing these criteria. The maximum possible score for addressing

each criterion is indicated in parentheses. Each criterion also includes the factors that the reviewers will consider to determine how well an application meets the criterion. We encourage applicants to make explicit connections to the selection criteria and factors in their applications. The Secretary uses the following criteria to evaluate an application for a Credit Enhancement grant:

(a) Quality of Project Design and Significance (35 Points)

In determining the quality of project design and significance, the Secretary considers—

(1) The extent to which the grant proposal would provide financing to charter schools at better rates and terms than they can receive absent assistance through the program;

(2) The extent to which the project goals, objectives, and timeline are clearly specified, measurable, and appropriate for the purpose of the program;

(3) The extent to which the project implementation plan and activities, including the partnerships established, are likely to achieve measurable objectives that further the purposes of the program;

(4) The extent to which the project is likely to produce results that are replicable;

(5) The extent to which the project will use appropriate criteria for selecting charter schools for assistance and for determining the type and amount of assistance to be given;

(6) The extent to which the proposed activities will leverage private or public-sector funding and increase the number and variety of charter schools assisted in meeting their facilities needs more than would be accomplished absent the program;

(7) The extent to which the project will serve charter schools in States with strong charter laws, consistent with the criteria for such laws in section 4303(g)(2) of the ESEA; and

(8) The extent to which the requested grant amount and the project costs are reasonable in relation to the objectives, design, and potential significance of the project.

(b) Quality of Project Services (15 points)

In determining the quality of the project services, the Secretary considers—

(1) The extent to which the services to be provided by the project reflect the identified needs of the charter schools to be served;

(2) The extent to which charter schools and chartering agencies were involved in the design of, and demonstrate support for, the project;

(3) The extent to which the technical assistance and other services to be provided by the proposed grant project involve the use of cost-effective strategies for increasing charter schools' access to facilities financing, including the reasonableness of fees and lending terms; and

(4) The extent to which the services to be provided by the proposed grant project are focused on assisting charter schools with a likelihood of success and the greatest demonstrated need for assistance under the program.

(c) Capacity (35 points)

In determining an applicant's business and organizational capacity to carry out the project, the Secretary considers—

(1) The amount and quality of experience of the applicant in carrying out the activities it proposes to undertake in its application, such as enhancing the credit on debt issuances, guaranteeing leases, and facilitating financing;

(2) The applicant's financial stability;

(3) The ability of the applicant to protect against unwarranted risk in its loan underwriting, portfolio monitoring, and financial management;

(4) The applicant's expertise in education to evaluate the likelihood of success of a charter school;

(5) The ability of the applicant to prevent conflicts of interest, including conflicts of interest by employees and members of the board of directors in a decision-making role;

(6) If the applicant has co-applicants (consortium members), partners, or other grant project participants, the specific resources to be contributed by each co-applicant (consortium member), partner, or other grant project participant to the implementation and success of the grant project;

(7) For State governmental entities, the extent to which steps have been or will be taken to ensure that charter schools within the State receive the funding needed to obtain adequate facilities; and

(8) For previous grantees under the charter school facilities programs, their performance in implementing these grants.

(d) Quality of Project Personnel (15 points)

In determining the quality of project personnel, the Secretary considers—

(1) The qualifications of project personnel, including relevant training

and experience, of the project manager and other members of the project team, including consultants or subcontractors; and

(2) The staffing plan for the grant project.

2. *Review and Selection Process:* We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. *Risk Assessment and Special Conditions*

Consistent with 2 CFR 200.205, before awarding grants under this program the Department conducts a review of the risks posed by applicants. Under 2 CFR 3474.10, the Secretary may impose special conditions and, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

4. *Integrity and Performance System:* If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently \$150,000), under 2 CFR 200.205(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through SAM. You may review and comment on any information about yourself that a

Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds \$10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed \$10,000,000.

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) If you receive a grant under this competition, you must submit an annual report that complies with the reporting requirements for Credit Enhancement grantees in section 4304(h)(2) of the ESEA and the performance and financial expenditure reporting requirements in 34 CFR 75.720. At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

4. Performance Measures

(a) *Program Performance Measures*
The performance measures for this program are: (1) The amount of funding grantees leverage for charter schools to acquire, construct, and renovate school facilities and (2) the number of charter schools served. Grantees must provide this information as part of their annual performance reports.

(b) *Project-Specific Performance Measures*
Applicants must propose project-specific performance measures and performance targets consistent with the objectives of the project and program. Applicants must provide the following information as directed under 34 CFR 75.110(b):

(1) *Project Performance Measures.*
How each proposed project-specific performance measure would accurately measure the performance of the project and how the proposed project-specific performance measure would be consistent with the performance measures established for the program funding the competition.

(2) *Project Performance Targets.*
Why each proposed performance target is ambitious yet achievable compared to the baseline for the performance measure and when, during the project period, the applicant would meet the performance target(s).

Note: The Secretary encourages applicants to consider measures and targets tied to their grant activities (for instance, if an applicant is using eligibility for free and reduced-price lunch to measure the number of low-income families served by the project, the applicant could provide a percentage for students qualifying for free and reduced-price lunch), during the grant period. The measures should be sufficient to gauge the progress throughout the grant period, and show results by the end of the grant period.

(3) *Data Collection and Reporting.* (i)
The data collection and reporting methods the applicant would use and why those methods are likely to yield reliable, valid, and meaningful performance data; and

(ii) The applicant's capacity to collect and report reliable, valid, and meaningful performance data, as evidenced by high-quality data collection, analysis, and reporting in other projects or research.

Note: If applicants do not have experience with collection and reporting of performance data through other projects or research, they should provide other evidence of their capacity to successfully carry out data collection and reporting for their proposed project.
