SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Overseas Citizen Population Survey; 0704-0539.

Needs and Uses: The information collection requirement is necessary for Federal Voting Assistance Program

(FVAP), an agency of the Department of Defense, to fulfill the mandate of the Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA of 1986 [42 U.S.C. 1973ff]). UOCAVA requires a statistical analysis report to the President and Congress on the effectiveness of assistance under the Act, a statistical analysis of voter participation, and a description of State/Federal cooperation. The data obtained through this study will allow FVAP to refine its methodology for estimating the number of overseas U.S. civilians who are eligible to vote and who have registered and participated in the past, and using these estimates to address the question of whether the registration and voting propensity of the overseas civilian population differs from that of a comparable domestic or military populations. Conducting this research will help FVAP meet its federal and congressional mandates in terms of reporting annually on its activities and on overall voter registration and participation rates after each Presidential election. The data obtained through this study is also intended to provide insights into existing barriers to UOCAVA voting and recommendations for addressing these challenges.

Affected Public: Individuals or Households.

Annual Burden Hours: 3,000.

Number of Respondents: 18,000.

Responses per Respondent: 1.

Annual Responses: 18,000.

Average Burden per Response: 10 Minutes.

Frequency: On Occasion.

The Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA) requires the States to allow Uniformed Services personnel, their family members, and overseas citizens to use absentee registration procedures and to vote by absentee ballot in general, special, primary, and runoff elections for Federal offices. The Act covers members of the Uniformed Services and the merchant marine to include the commissioned corps of the National Oceanic and Atmospheric Administration and Public Health Service and their eligible dependents, Federal civilian employees overseas, and overseas U.S. citizens not affiliated with the Federal Government. Subsequent to each Presidential election year, FVAP must report voter registration and participation rates for uniformed service voters and overseas citizens to Congress; while FVAP collects data for this report through regular surveys of uniformed service voters and other relevant UOCAVA populations, it does not currently collect data from non-military, non-

government overseas civilians. Previous attempts to collect information on the overseas citizen's population to identify and measure its voter registration and participation rates in Federal elections suffered from significant bias; the Overseas Citizens Population Survey is focused on refining a prototype method to report voter registration and participation rates from a more well-defined subgroup of overseas civilians.

Alternate OSD Federal Register, Liaison Officer, Department of Defense.
