Certain Aluminum Foil From the People's Republic of China: Initiation of Countervailing Duty Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Effective March 28, 2017.

FOR FURTHER INFORMATION CONTACT: Emily Maloof at (202) 482-5649, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION

The Petition

On March 9, 2017, the Department of Commerce (Department) received a countervailing duty (CVD) Petition concerning imports of certain aluminum foil (aluminum foil) from the People's Republic of China (PRC), filed in proper form on behalf of the Aluminum Trade Enforcement Working Group (the petitioner).¹

On March 14, 2017, the Department requested additional information and clarification of certain areas of the Petition.² The petitioner filed its response to this request on March 16,

¹ See the Petition for the Imposition of Countervailing Duties on Imports of Certain Aluminum Foil from the People's Republic of China," dated March 9, 2017 (the Petition), at Volumes I and III.

² See Letters from the Department to the petitioner entitled, "Petitions for the Imposition of Antidumping and Countervailing Duties on Imports of Certain Aluminum Foil from the People's Republic of China: Supplemental Questions," dated March 14, 2017 (General Issues Supplemental Questionnaire).

2017, and March 22, 2017.³ In accordance with section 702(b)(1) of the Tariff Act of 1930, as amended (the Act), the petitioner alleges that the Government of the PRC (GOC) is providing countervailable subsidies (within the meaning of sections 701 and 771(5) of the Act) with respect to imports of aluminum foil from the PRC, and that imports of aluminum foil from the PRC are materially injuring, or threaten material injury to, the domestic industry producing aluminum foil in the United States. Also, consistent with section 702(b)(1) of the Act, for those alleged programs on which we are initiating a CVD investigation, the Petition is accompanied by information reasonably available to the petitioner supporting its allegations.

The Department finds that the petitioner filed this Petition on behalf of the domestic industry because the petitioner is an interested party as defined in section 771(9)(E) of the Act. The Department also finds that the petitioner demonstrated sufficient industry support with respect to the initiation of the CVD investigation that the petitioner is requesting.⁴

Period of Investigation

Because the Petition was filed on March 9, 2017, pursuant to 19 CFR 351.204(b)(2), the period of investigation is January 1, through December 31, 2016.

Scope of the Investigation

The product covered by this investigation is aluminum foil from the PRC. For a full description of the scope of this investigation, see the "Scope of the Investigation," in Appendix I of this notice.

Comments on Scope of the Investigation

During our review of the Petition, we issued questions to, and received responses from, the petitioner pertaining to the proposed scope to ensure that the scope language in the Petition would be an accurate reflection of the products for which the domestic industry is seeking relief.⁵ As a result of the responses submitted by the

petitioner, we have revised the original scope.⁶

As discussed in the preamble to the Department's regulations,⁷ we are setting aside a period for interested parties to raise issues regarding product coverage (scope). The Department will consider all comments received from parties and, if necessary, will consult with parties prior to the issuance of the preliminary determination. If scope comments include factual information (see 19 CFR 351.102(b)(21)), all such factual information should be limited to public information. In order to facilitate preparation of its questionnaires, the Department requests all interested parties to submit such comments by 5:00 p.m. Eastern Time (ET) on Tuesday, April 18, 2017. Any rebuttal comments, which may include factual information, must be filed by 5:00 p.m. ET on Friday, April 28, 2017.

The Department requests that any factual information the parties consider relevant to the scope of the investigation be submitted during this time period. However, if a party subsequently finds that additional factual information pertaining to the scope of the investigation may be relevant, the party may contact the Department and request permission to submit the additional information. All such comments must also be filed on the record of the concurrent antidumping duty (AD) investigation.

Filing Requirements

All submissions to the Department must be filed electronically using Enforcement & Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS).⁸ An electronically filed document must be received successfully in its entirety by the time and date when it is due.
