OMB Control Number: 1845-0001.

Type of Review: A revision of an existing information collection.

Abstract: Section 483, of the Higher Education Act of 1965, as amended (HEA), mandates that the Secretary of Education “. . . shall produce, distribute, and process free of charge common financial reporting forms as described in this subsection to be used for application and reapplication to determine the need and eligibility of a student for financial assistance . . .”.

The determination of need and eligibility are for the following Title IV, HEA, federal student financial assistance programs: The Federal Pell Grant Program; the Campus-Based programs (Federal Supplemental Educational Opportunity Grant (FSEOG), Federal Work-Study (FWS), and the Federal Perkins Loan Program); the William D. Ford Federal Direct Loan Program; the Teacher Education Assistance for College and Higher Education (TEACH) Grant; and the Iraq and Afghanistan Service Grant.

Federal Student Aid (FSA), an office of the U.S. Department of Education, subsequently developed an application process to collect and process the data necessary to determine a student's eligibility to receive Title IV, HEA program assistance. The application process involves an applicant's submission of the *Free Application for Federal Student Aid* (FAFSA®). After submission and processing of the FAFSA, an applicant receives a *Student Aid Report* (SAR), which is a summary of the processed data they submitted on the FAFSA. The applicant reviews the SAR, and, if necessary, will make corrections or updates to their submitted FAFSA data. Institutions of higher education listed by the applicant on the FAFSA also receive a summary of processed data submitted on the FAFSA which is called the Institutional Student Information Record (ISIR).

ED and FSA seek OMB approval of all application components as a single “collection of information”. The aggregate burden will be accounted for under OMB Control Number 1845-0001. The specific application components, descriptions, and submission methods for each are listed in Table 1.

Notification for the eSAR are sent to students who applied electronically or by paper and provided an e-mail address. These notifications are sent by e-mail and include a secure hyperlink that takes the user to the FOTW site.	Cannot be submitted for processing.

This information collection also documents an estimate of the annual public burden as it relates to the application process for federal student aid. The Applicant Burden Model (ABM) measures applicant burden through an assessment of the activities each applicant conducts in conjunction with other applicant characteristics and, in terms of burden, the average

applicant's experience. Key determinants of the ABM include:

- The total number of applicants that will potentially apply for federal student aid;
- How the applicant chooses to complete and submit the FAFSA (e.g., by paper or electronically via FOTW®);
- How the applicant chooses to submit any corrections and/or updates

(e.g., the paper SAR or electronically via FOTW Corrections);

- The type of SAR document the applicant receives (eSAR, SAR acknowledgment, or paper SAR);
- The formula applied to determine the applicant's expected family contribution (EFC) (full need analysis formula, Simplified Needs Test or Automatic Zero); and

- The average amount of time involved in preparing to complete the application.

The ABM is largely driven by the number of potential applicants for the application cycle. The total application projection for 2018–2019 is based upon two factors—estimating the growth rate of the total enrollment into post-secondary education and applying the growth rate to the FAFSA submissions. The ABM is also based on the application options available to students and parents. ED accounts for each application component based on Web trending tools, survey information and other ED data sources.

For 2018–2019, ED is reporting a net burden increase of 5,790,741 hours.

I. Funding Opportunity Description

Purpose of Program: The Indian Education Formula Grants to Local Educational Agencies (Formula Grants) program provides grants to support local educational agencies (LEAs), Indian tribes and organizations, and other eligible entities in developing elementary and secondary school programs that serve Indian students. The U.S. Department of Education (Department) funds comprehensive programs that are designed to meet the unique cultural, language, and educational needs of American Indian and Alaska Native (AI/AN) students and ensure that all students meet challenging State academic standards.

As authorized under section 6116 of the Elementary and Secondary Education Act of 1965 (ESEA), as amended by the Every Student Succeeds Act (ESSA),¹ the Secretary will, upon receipt of an acceptable plan for the integration of education and related services, and in cooperation with other relevant Federal agencies, authorize the entity receiving the funds under this program to consolidate all Federal funds that are to be used exclusively for Indian students. Instructions for submitting an integration of education and related services plan are included in the EASIE, which is described under *Application Process and Submission Information* in section IV of this notice.

Note: Under the Formula Grants program, all applicants are required to develop the project for which an application is made in open consultation with parents and teachers of Indian children, representatives of Indian tribes on Indian lands located within 50 miles of any school that the LEA will serve if such tribes have any children in such school, Indian organizations (IOs), and, if appropriate, Indian students from secondary schools, including through public hearings held to provide to the individuals described above a full opportunity to understand the program and to offer recommendations regarding the program (ESEA section 6114(c)(3)(C)). LEA applicants are required to develop the project for which an application is made with the participation and written approval of a parent committee whose membership includes parents and family members of Indian children in the LEA's schools; representatives of Indian tribes on Indian lands located within 50 miles of any school that the LEA will serve if such tribes have any children in such school; teachers in

the schools; and if appropriate, Indian students attending secondary schools of the LEA (ESEA section 6114(c)(4)). The majority of the parent committee members must be parents and family members of Indian children (ESEA section 6114(c)(4)).

Definitions: The following definition is from section 6112(d)(3) of the ESEA: *Indian community-based organization* means any organization that is composed primarily of Indian parents, family members and community members, tribal government educational officials, and tribal members, from a specific community; assists in the social, cultural, and educational development of Indians in such community; meets the unique cultural, language, and academic needs of Indian students; and demonstrates organizational and administrative capacity to manage the grant.
