This action directly regulates growers, food processors, food handlers, and food retailers, not States or tribes, nor does this action alter the relationships or distribution of power and responsibilities established by Congress in the preemption provisions of FFDCA section 408(n)(4). As such, the Agency has determined that this action will not have a substantial direct effect on States or tribal governments, on the relationship between the national government and the States or tribal governments, or on the distribution of power and responsibilities among the various levels of government or between the Federal Government and Indian tribes. Thus, the Agency has determined that Executive Order 13132, entitled “Federalism” (64 FR 43255, August 10, 1999) and Executive Order 13175, entitled “Consultation and Coordination with Indian Tribal Governments” (65 FR 67249, November 9, 2000) do not apply to this action. In addition, this action does not impose any enforceable duty or contain any unfunded mandate as described under Title II of the Unfunded Mandates Reform Act (UMRA) (2 U.S.C. 1501 *et seq.*).

This action does not involve any technical standards that would require Agency consideration of voluntary consensus standards pursuant to section 12(d) of the National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note).

VII. Congressional Review Act

Pursuant to the Congressional Review Act (5 U.S.C. 801 *et seq.*), EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Needs and Uses: On September 29, 2016, the Commission adopted final rules in Review of Foreign Ownership Policies for Broadcast, Common Carrier and Aeronautical Radio Licensees under Section 310(b)(4) of the Communications Act of 1934, as Amended, Report and Order, 31 FCC Rcd 11272 (2016) (2016 Foreign Ownership Report and Order). In the 2016 Foreign Ownership Order, the Commission:

- Modified its foreign ownership filing and review process for broadcast licensees by extending to such licensees the streamlined rules and procedures developed for foreign ownership reviews of common carrier and certain aeronautical licensees (collectively, "common carrier" licensees) (previously codified in Part 1, Subpart F, Sections 1.990 through 1.994 of the Commission's rules), adopted in Review of Foreign Ownership Policies for Common Carrier and Aeronautical Radio Licensees under Section 310(b)(4) of the Communications Act of 1934, as Amended, IB Docket No. 11-133, Second Report and Order, 28 FCC Rcd 5741(2013), with certain modifications to tailor them to the broadcast context; and

- Reformed the methodology used by both common carrier and broadcast licensees that are, or are controlled by, U.S. publicly traded companies to assess their compliance with the foreign ownership limits in Sections 310(b)(3) and 310(b)(4) of the Act, respectively.

The 2016 Foreign Ownership Report and Order incorporated broadcasters into the common carrier foreign ownership rules through various changes to the rules, including adding new paragraph (e) to Section 1.5000, which sets forth the new methodology for eligible public companies—both broadcast and common carrier—and new paragraphs (f)(2)–(3) of Section 1.5004, which sets forth new compliance provisions for such

companies. Moreover, the rules adopted in the 2016 Foreign Ownership Report and Order included the following broadcast-specific provisions in lieu of provisions applicable to common carrier licensees:

- Broadcast licensees filing a petition for declaratory ruling (petition) to request Commission approval of foreign ownership in excess of the 25 percent benchmark in Section 310(b)(4) will use the broadcast "attribution" criteria to determine those U.S. and foreign ownership interests that must be disclosed in the petition. The disclosure will ensure the Commission has sufficient information to understand the licensee's ownership structure and to verify the identity and ultimate control of the foreign investor for which the petitioner seeks specific approval.

- Broadcast licensees will use the broadcast "insulation criteria" set forth in the broadcast attribution rules in determining whether the broadcaster must include in its petition a request for "specific approval" of a particular foreign investor because the investor holds, or would hold, directly and/or indirectly, more than 5 percent (or, in the case of certain passive investors, more than 10 percent) of the total outstanding capital stock (equity) and/or voting stock (or a controlling share) of the licensee's controlling U.S.-organized parent company. The current insulation criteria for common carrier licensees will continue to apply.

In addition to these tailored changes to incorporate broadcast licensees into the existing foreign ownership rules applicable to common carrier licensees under Section 310(b)(4), the 2016 Foreign Ownership Report and Order clarified the Commission's foreign ownership compliance procedures (to be codified in Section 1.5004(f)(3)–(4)) allowing a broadcast or common carrier licensee to file a petition for declaratory ruling to remedy the licensee's inadvertent non-compliance with the statutory foreign ownership limits or the terms and conditions of the licensee's existing foreign ownership ruling with reasonable assurance that the Commission will not take enforcement action.

The Commission also made non-substantial changes to this information collection to renumber the foreign ownership rules. There is for the most part a one-to-one correlation between the existing rules (1.990–1.994) and the new rules (1.5000–1.5004).
