Respondents are MFP patrons who provide information to MFP and IAT personnel in order to allow the child to participate in CYTP activities, determine the general health status of patrons participating in CYTP activities, and if necessary, determine the appropriate accommodations for the patron for full enjoyment of CYTP services, and provide consent for information about the patron from other specified individuals and organizations. These forms provide CYTP personnel with demographic information and emergency contact information. It also

allows parents/guardians to provide consent for specific activities that may take place while participating in CYTP. Failure to provide information may limit MFP's ability to properly consider participants' health and special needs, adversely impact individuals from participation in CYTP activities, and will limit MFP's ability to communicate with organizations or individuals outside of DoD which may adversely affect available services. Having these forms is essential in providing the requested child care services and activities to all CYTP participants, and maintaining the continuity of care, safety and health of CYTP participants.

I. Funding Opportunity Description

Purpose of Program: The purposes of the NAL@ED program are to:

- (1) Support schools that use Native American and Alaska Native languages as the primary language of instruction;
- (2) Maintain, protect, and promote the rights and freedom of Native Americans and Alaska Natives to use, practice, maintain, and revitalize their languages, as envisioned in the Native American Languages Act of 1990 (25 U.S.C. 2901 *et seq.*); and
- (3) Support the Nation's First Peoples' efforts to maintain and revitalize their languages and cultures, and to improve educational opportunities and student outcomes within Native American and Alaska Native communities.

Background

Section 6133 of the Elementary and Secondary Education Act (ESEA),¹ as amended by the Every Student Succeeds Act (ESSA), authorizes the NAL@ED program. The program provides discretionary grants to develop, maintain, improve, or expand programs that support elementary or secondary schools in using Native American and Alaska Native languages as the primary language of instruction. Section 6133 of the ESEA references the Native American Languages Act of 1990, in which Congress recognized the fundamental importance of preserving Native American languages. The Native American Languages Act of 1990 states that it is the policy of the United States to “preserve, protect, and promote the rights and freedom of Native Americans to use, practice, and develop Native American languages,” as well as “to encourage and support the use of Native American languages as a medium of instruction in order to encourage and support—

(A) Native American language survival,

(B) Educational opportunity,

(C) Increased student success and performance,

(D) Increased student awareness and knowledge of their culture and history, and

(E) Increased student and community pride.” (25 U.S.C. 2903.)

This Federal policy is supported by growing recognition of the importance of Native language use and preservation in facilitating educational success and other positive outcomes for Native students, including student well-being as reflected in the invitational priority for this competition.

The Native Language Shift and Retention study, funded through an Institute of Education Sciences grant, found that the majority of Native youth surveyed valued their Native language, viewed it as integral to their sense of self, wanted to learn it, and viewed it as a means of facilitating their success in school and life.² Collaborative efforts between educators, families, and communities, the study suggests, may be especially promising ways to ensure that all Native students have the critical opportunity to learn their Native language.
