

requirements for environmental assessments or environmental impact statements pursuant to the National Environmental Policy Act of 1969, 42 U.S.C. 4321 *et seq.* (NEPA). In addition, this program allows the assignment of other environmental review requirements applicable to these actions. The FHWA is authorized to act on behalf of the Secretary with respect to these matters. Through an amended MOU, FHWA would renew Utah's participation in this program for a third time. The original MOU became effective on July 1, 2008, for an initial term of three (3) years and the first renewal followed on June 30, 2011 and the second renewal followed on June 30, 2014. The proposed third MOU revision is set to supersede the second renewed MOU prior to its expiration date on June 30, 2017. Stipulation I(B) of the MOU describes the types of actions for which the State would assume project-level responsibility for determining whether the criteria for a CE are met. Statewide decision-making responsibility would be assigned for all activities within the categories listed in 23 CFR 771.117(c) and those listed as examples in 23 CFR 771.117(d). In addition to the NEPA CE determination responsibilities, the MOU would assign to the State the responsibility for conducting Federal environmental review, consultation, and other related activities for projects that are subject to the MOU with respect to the following Federal laws and Executive Orders:

1. Clean Air Act (CAA), 42 U.S.C. 7401–7671q (determinations of project-level conformity if required for the project).
2. Noise Control Act of 1972, 42 U.S.C. 4901–4918.
3. Compliance with the noise regulations in 23 CFR 772.
4. Section 7 of the Endangered Species Act of 1973, 16 U.S.C. 1531–1544, and Section 1536.
5. Fish and Wildlife Coordination Act, 16 U.S.C. 661–667d.
6. Migratory Bird Treaty Act, 16 U.S.C. 703–712.

8. Archeological and Historic Preservation Act of 1966, as amended, 54 U.S.C. 3201.
9. Archeological and Historic Preservation Act, 16 U.S.C. 469–469c.

28. Planning and Environmental Linkages, 23 U.S.C. 168, with the exception of those FHWA responsibilities associated with 23 U.S.C. 134 and 135.

29. Programmatic Mitigation Plans, 23 U.S.C. 169 with the exception of those FHWA responsibilities associated with 23 U.S.C. 134 and 135.

The MOU allows the State to act in the place of the FHWA in carrying out the functions described above, except with respect to government-to-government consultations with federally recognized Indian tribes. The FHWA will retain responsibility for conducting formal government-to-government consultation with federally recognized Indian tribes, which is required under some of the above-listed laws and executive orders. The State also may assist the FHWA with formal consultations, with consent of a tribe, but the FHWA remains responsible for the consultation. This assignment

includes transfer to the State of Utah the obligation to fulfill the assigned environmental responsibilities on any proposed projects meeting the criteria in Stipulation I(B) of the MOU that were determined to be CEs prior to the effective date of the proposed MOU but that have not been completed as of the effective date of the MOU. This is the proposed third renewal of the State's participation in the program and incorporate changes in the termination process from the FAST Act. FHWA may terminate the State's participation in this program if FHWA provides the State a notification of noncompliance, and a period of not less than 120 days to take corrective action as FHWA determines necessary, and if the state fails to take satisfactory corrective action as determined by FHWA. In previous versions of the MOU the period for the State to take corrective action was 30 days.

The FHWA will consider the comments submitted on the proposed MOU when making its decision on whether to execute this renewal MOU. The FHWA will make the final, executed MOU publicly available. DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Notice of Final Federal Agency Actions of Proposed Highway in California

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of Limitation on Claims for Judicial Review of Actions by the California Department of Transportation (Caltrans), pursuant to 23 U.S.C. 327, and the United States National Park Service, Death Valley National Park (NPS).

SUMMARY: The FHWA, on behalf of Caltrans, is issuing this notice to announce actions taken by Caltrans and NPS, that are final. The actions relate to a proposed highway project, State Route

(SR) 190 in Death Valley National Park near Towne Pass, along 0.6 mile of SR 190 in County of Inyo, State of California. Those actions grant licenses, permits, and approvals for the project.

DATES: By this notice, the FHWA, on behalf of Caltrans, is advising the public of final agency actions subject to 23 U.S.C. 139(l)(1). A claim seeking judicial review of the Federal agency actions on the highway project will be barred unless the claim is filed on or before October 16, 2017. If the Federal law that authorizes judicial review of a claim provides a time period of less than 150 days for filing such claim, then that shorter time period still applies.

FOR FURTHER INFORMATION CONTACT: For Caltrans: Angela Calloway, Office Chief, District 9 Environmental; Caltrans District 9; 500 S. Main St., Bishop, CA 93514; 8 a.m.–5 p.m.; (760) 872–2424; Angie.calloway@dot.ca.gov.

For NPS: Jonathan Penman-Brotzman, Compliance Program Manager, Office of Environmental Compliance; National Park Service, Death Valley National Park; P.O. Box 579, Death Valley, CA 92328; Tuesday–Friday 8 a.m.–5 p.m.; (760) 786–3227; jonathan_brotzman@nps.gov.

SUPPLEMENTARY INFORMATION: Effective July 1, 2007, the Federal Highway Administration (FHWA) assigned, and the California Department of Transportation (Caltrans) assumed, environmental responsibilities for this project pursuant to 23 U.S.C. 327. Notice is hereby given that the Caltrans and NPS have taken final agency actions subject to 23 U.S.C. 139(l)(1) by issuing licenses, permits, and approvals for the following highway project in the State of California: The project proposes to realign approximately 0.6 mile of SR 190 to the east of the current alignment near Towne Pass in Death Valley National Park. A new highway easement will be acquired from Death Valley National Park. The current six curves will be reduced to three. The realignment will improve both vertical and horizontal curves to meet a minimum design speed of 55 miles per hour and increase stopping sight distance to 600 feet. Paved shoulders will be constructed throughout the project area and side slopes will be flattened or stabilized to create a catchment adjacent to the roadway, thus reducing the potential for rockfall. Federal Project Number 00PE014. The actions by the Federal agencies, and the laws under which such actions were taken, are described in the Final Environmental Assessment (EA) for the project, approved on May 3, 2017, in the Caltrans' Finding of No Significant

Impact (FONSI) issued on May 3, 2017 and in other documents in the FHWA project records. The EA, FONSI, and other project records are available by contacting Caltrans at the address provided above. The Caltrans EA and FONSI can also be viewed and downloaded from the internet at <http://www.dot.ca.gov/d9/environmental/index.html>.

The NPS concurred that the proposed project would result in a *de minimis* impact to Death Valley National Park as a publicly owned park of national, state, or local significance pursuant to the requirements of Section 4(f) of the Department of Transportation Act (49 U.S.C. 303, 23 CFR 774). The NPS also participated as a cooperating agency and anticipates adopting the EA/FONSI to provide additional project licenses, permits, and/or approvals.
