Number of Respondents and Responses: 469 respondents; 3,725 responses.

Estimated Time per Response: 0.50 hours-200 hours.

Obligation to Respond: Required to Obtain or Retain Benefits. Statutory authority for this information collection is contained in 47 U.S.C. 151, 154 and 276.

Total Annual Burden: 73,494 hours.

Total Annual Cost: No cost.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: The Commission is not requesting respondents to submit confidential information. Respondents may request confidential treatment of their information that they believe to be confidential pursuant to 47 CFR 0.459 of the Commission's rules.

Needs and Uses: In the Order on Reconsideration (FCC 04-251), the Commission considered four petitions for reconsideration of our Report and Order. The Report and Order (FCC 03-235) established detailed rules (Payphone Compensation Rules) ensuring that payphone service providers or PSPs are "fairly compensated" for each and every completed payphone-originated call pursuant to section 276 of the Communications Act, as amended (the Act). The Payphone Compensation Rules satisfy section 276 by identifying the party liable for compensation and establishing a mechanism for PSPs to be paid. The Payphone Compensation Rules: (1) Place liability to compensate PSPs for payphone-originated calls on the facilities-based long distance carriers or switch-based resellers (SBRs) from whose switches such calls are completed; (2) define these responsible carriers as "Completing Carriers" and

require them to develop their own system of tracking calls to completion, the accuracy of which must be confirmed and attested to by a third-party auditor; (3) require Completing Carriers to file with PSPs a quarterly report and also submit an attestation by the chief financial officer (CFO) that the payment amount for that quarter is accurate and is based on 100% of all completed calls; (4) require quarterly reporting obligations for other facilities-based long distance carriers in the call path, if any, and define these carriers as "Intermediate Carriers;" (5) give parties flexibility to agree to alternative compensation arrangements (ACA) so that small Completing Carriers may avoid the expense of instituting a tracking system and undergoing an audit. The Order on Reconsideration did not change this compensation framework, but rather refined and built upon its approach. While the Commission increased the time carriers must retain certain data and added burden in that regard, the Commission also removed potentially burdensome paperwork requirements by encouraging carriers to comply with the reporting requirements through electronic means. We believe that the clarifications adopted in the Order on Reconsideration significantly decrease the paperwork burden on carriers. Specifically, the Commission did the following: (1) Clarified alternative arrangements for small businesses requiring a Completing Carrier to give the PSP adequate notice of an ACA prior to its effective date with sufficient time for the PSP to object to an ACA, and also prior to the termination of an ACA; (2) clarified any paperwork burdens imposed on carriers allowing Completing Carriers the ability to give PSPs adequate notice of payphone compensation requirements by placing notice on a clearinghouse Web site or through electronic methods; (3) required Completing Carriers and Intermediate Carriers to report only completed calls in their quarterly reports; and (4) extended the time period from 18 to 27 months for Completing Carriers and Intermediate Carriers to retain certain payphone records.

Federal Communications Commission.

Marlene H. Dortch,

Secretary, Office of the Secretary.
