Final Results of Administrative Review

As a result of this review, we continue to find that a weighted-average dumping margin of 0.00 percent exists for Villares for the period February 1, 2015, through January 31, 2016.

Assessment

In accordance with section 751(a)(2)(C) of the Act, 19 CFR 351.212(b) and the *Final Modification*,¹⁰ the Department will instruct U.S. Customs and Border Protection (CBP) to liquidate all appropriate entries for Villares without regard to antidumping duties.

For entries of subject merchandise during the POR produced by Villares for which it did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate un-reviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction. We intend to issue instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the notice of final results of the administrative review for all shipments of SS Bar from Brazil entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for Villares, will be 0.00 percent, the weighted average dumping margin established in the final results of this administrative review; (2) for merchandise exported by manufacturers or exporters not covered in this administrative review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which that manufacturer or exporter participated; (3) if the exporter is not a firm covered in this administrative review, a prior review, or the original investigation, but the manufacturer is, the cash deposit rate

will be the rate established for the most recently completed segment of this proceeding for the manufacturer of subject merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 64.93 percent, the all-others rate established in the original less-than-fair-value investigation.¹¹ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: June 12, 2017.

Ronald K. Lorentzen,

Acting Assistant Secretary for Enforcement and Compliance.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

Smart Grid Advisory Committee Meeting

AGENCY: National Institute of Standards and Technology, Department of Commerce.

¹¹ See *Notice of Final Determination of Sales at Less Than Fair Value: Stainless Steel Bar from Brazil*, 59 FR 66914 (December 28, 1994).

ACTION: Notice of open meeting.

SUMMARY: The National Institute of Standards and Technology (NIST) Smart Grid Advisory Committee (SGAC or Committee) will meet in open session on Thursday, August 17, 2017 from 8:30 a.m. to 5:00 p.m. Eastern time and Friday, August 18, 2017 from 8:30 a.m. to 12:00 p.m. Eastern time. The primary purposes of this meeting are to provide updates on NIST Smart Grid activities and the intersections with Cyber-Physical Systems program activities, and to discuss the NIST Framework and Roadmap for Smart Grid Interoperability Standards revision and the NIST Smart Grid research program. The agenda may change to accommodate Committee business. The final agenda will be posted on the Smart Grid Web site at <http://www.nist.gov/smartgrid>.

DATES: The SGAC will meet on Thursday, August 17, 2017 from 8:30 a.m. to 5:00 p.m. Eastern time and Friday, August 18, 2017 from 8:30 a.m. to 12:00 p.m. Eastern time.

ADDRESSES: The meeting will be held in Conference Room C103, Building 215 (Advanced Measurement Laboratory), National Institute of Standards and Technology, 100 Bureau Drive, Gaithersburg, Maryland 20899. Please note admittance instructions under the **SUPPLEMENTARY INFORMATION** section of this notice.

FOR FURTHER INFORMATION CONTACT: Mr. Cuong Nguyen, Smart Grid and Cyber-Physical Systems Program Office, National Institute of Standards and Technology, 100 Bureau Drive, Mail Stop 8200, Gaithersburg, MD 20899-8200; telephone 301-975-2254, fax 301-948-5668; or via email at cuong.nguyen@nist.gov.

SUPPLEMENTARY INFORMATION: The Committee was established in accordance with the Federal Advisory Committee Act, as amended, 5 U.S.C. App. The Committee is composed of nine to fifteen members, appointed by the Director of NIST, who were selected on the basis of established records of distinguished service in their professional community and their knowledge of issues affecting Smart Grid deployment and operations. The Committee advises the Director of NIST in carrying out duties authorized by section 1305 of the Energy Independence and Security Act of 2007 (Pub. L. 110-140). The Committee provides input to NIST on Smart Grid standards, priorities, and gaps, on the overall direction, status, and health of the Smart Grid implementation by the Smart Grid industry, and on Smart Grid Interoperability Panel activities,

¹⁰ See *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Duty Proceedings; Final Modification*, 77 FR 8101, 8102 (February 14, 2012) (*Final Modification*).

including the direction of research and standards activities. Background information on the Committee is available at <http://www.nist.gov/smartgrid/committee.cfm>.

Pursuant to the Federal Advisory Committee Act, as amended, 5 U.S.C. App., notice is hereby given that the NIST Smart Grid Advisory Committee (SGAC or Committee) will meet in open session on Thursday, August 17, 2017 from 8:30 a.m. to 5:00 p.m. Eastern time and Friday, August 18, 2017 from 8:30 a.m. to 12:00 p.m. Eastern time. The meeting will be held in Conference Room C103, Building 215 (Advanced Measurement Laboratory), National Institute of Standards and Technology, 100 Bureau Drive, Gaithersburg, Maryland 20899. The primary purposes of this meeting are to provide updates on NIST Smart Grid activities and the intersections with Cyber-Physical Systems program activities, and to discuss the NIST Framework and Roadmap for Smart Grid Interoperability Standards revision and the NIST Smart Grid research program. The agenda may change to accommodate Committee business. The final agenda will be posted on the Smart Grid Web site at <http://www.nist.gov/smartgrid>.

Individuals and representatives of organizations who would like to offer comments and suggestions related to the Committee's affairs are invited to request a place on the agenda by submitting their request to Cuong Nguyen at cuong.nguyen@nist.gov or (301) 975-2254 no later than 5:00 p.m. Eastern time, Thursday, August 3, 2017. On Friday, August 18, 2017, approximately one-half hour will be reserved at the end of the meeting for public comments, and speaking times will be assigned on a first-come, first-serve basis. The amount of time per speaker will be determined by the number of requests received, but is likely to be about three minutes each. Questions from the public will not be considered during this period. Speakers who wish to expand upon their oral statements, those who had wished to speak but could not be accommodated on the agenda, and those who were unable to attend in person are invited to submit written statements to Mr. Cuong Nguyen, Smart Grid and Cyber-Physical Systems Program Office, National Institute of Standards and Technology, 100 Bureau Drive, Mail Stop 8200, Gaithersburg, MD 20899-8200; telephone 301-975-2254, fax 301-948-5668; or via email at cuong.nguyen@nist.gov.

All visitors to the NIST site are required to pre-register to be admitted. Anyone wishing to attend this meeting

must register by 5:00 p.m. Eastern time, Thursday, August 3, 2017, in order to attend. Please submit your full name, time of arrival, email address, and phone number to Cuong Nguyen. Non-U.S. citizens must submit additional information; please contact Mr. Nguyen. Mr. Nguyen's email address is cuong.nguyen@nist.gov and his phone number is (301) 975-2254. For participants attending in person, please note that federal agencies, including NIST, can only accept a state-issued driver's license or identification card for access to federal facilities if such license or identification card is issued by a state that is compliant with the REAL ID Act of 2005 (Pub. L. 109-13), or by a state that has an extension for REAL ID compliance. NIST currently accepts other forms of federal-issued identification in lieu of a state-issued driver's license. For detailed information, please contact Mr. Nguyen or visit: http://www.nist.gov/public_affairs/visitor/.

Kevin Kimball,
Chief of Staff.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; Limits of Acceptable Change Study: Surveys in the Northeast Reserves and Culebra Island, Puerto Rico

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before August 15, 2017.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at pracomments@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or

copies of the information collection instrument and instructions should be directed to Chris Jeffrey, National Centers for Coastal Ocean Science, 1305 East-West Hwy, Silver Spring, MD 20910-3281, Telephone number (240) 533-0354, email: chris.jeffrey@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for a new information collection.

The Coral Reef Conservation Program (CRCP), developed under the authority of the Coral Reef Conservation Act of 2000, is responsible for programs intended to enhance the conservation of coral reefs. We intend to use the information collected through this instrument for conducting a characterization project utilizing a limits of acceptable change (LAC) framework that encompasses the Puerto Rico Northeast Marine Corridor (NMC) as a continuous management area, addressing the following subjects across the area and within individual natural reserves to create the information base required to promote effective management: Biophysical conditions, social conditions, stakeholder identification, stakeholder uses and use patterns, stakeholder knowledge, attitudes, and beliefs, and stakeholder and resource use conflicts. The study will build on past work conducted with stakeholders on natural resources and social indicators in the region, developing a social conditions baseline. Social conditions will be characterized via a series of stakeholder participation protocols, which will result in stakeholder identification, use and use patterns, knowledge, attitudes, and belief, and use conflicts. It will engage the four, main NMC stakeholders: Commercial fishers; commercial water operators; recreational boaters, and visitors. All commercial fishers and commercial water operators in the region will be surveyed with an in-person questionnaire. Recreational boaters will be reached by sending out an internet/email survey questionnaire sent to all vessel registrants. Visitors in the NMC will be surveyed using an intercept survey administered twice a month at a ferry location and via self-administered surveys disseminated by commercial water operators. It is expected that these multi-pronged approaches will provide the information necessary to complete a stakeholder characterization for the NMC that can be applied to evaluate LAC conditions and trends.
