SUPPLEMENTARY INFORMATION:

The Paperwork Reduction Act of 1995 (PRA), Public Law 104-13, Section 2, 109 Stat. 163 (1995) (codified as revised at 44 U.S.C. 3501-3520), and its implementing regulations, 5 CFR part 1320, require Federal agencies to issue two notices seeking public comment on information collection activities before OMB may approve paperwork packages. 44 U.S.C. 3506, 3507; 5 CFR 1320.5, 1320.8(d)(1), 1320.12. On March 14, 2017, published a 60-day notice (82 FR 13725) in the **Federal Register** soliciting comments on the ICR that the agency was seeking OMB approval. FTA received no comments after issuing this 60-day notice. Accordingly, DOT announces that these information collection activities have been re-evaluated and certified under 5 CFR 1320.5(a) and forwarded to OMB for review and approval pursuant to 5 CFR 1320.12(c).

Before OMB decides whether to approve these proposed collections of information, it must provide 30 days for public comment. 44 U.S.C. 3507(b); 5 CFR 1320.12(d). Federal law requires OMB to approve or disapprove paperwork packages between 30 and 60 days after the 30 day notice is published. 44 U.S.C. 3507 (b)-(c); 5 CFR 1320.12(d); *see also* 60 FR 44978, 44983, Aug. 29, 1995. OMB believes that the 30 day notice informs the regulated community to file relevant comments and affords the agency adequate time to digest public comments before it renders a decision. 60 FR 44983, Aug. 29, 1995. Therefore, respondents should submit their respective comments to OMB within 30 days of publication to best ensure having their full effect. 5 CFR 1320.12(c); *see also* 60 FR 44983, Aug. 29, 1995.

The summaries below describe the nature of the information collection requirements (ICRs) and the expected burden. The requirements are being submitted for clearance by OMB as required by the PRA.

Title: Title VI As It Applies to Federal Transit Administration Grant Programs.
OMB Control Number: 2132-0540.

Type of Request: Revision of a currently approved information collection.

Abstract: Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) states: "No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be

subjected to discrimination under any program or activity receiving Federal financial assistance."

To achieve this purpose, each Federal department and agency which provides financial assistance for any program or activity is authorized and directed by the Department of Justice (DOJ) to effectuate provisions of Title VI for each program or activity by issuing generally applicable regulations or requirements. The Department of Transportation (DOT) has issued its regulation implementing this DOJ mandate. In this regard, the responsibility of the FTA is to ensure that Federally-supported transit services and benefits are distributed by applicants, recipients, and sub-recipients of FTA assistance in a manner consistent with Title VI. The employment practices of a grant applicant, recipient, or sub-recipient are also covered under Title VI if the primary purpose of the FTA-supported program is to provide employment or if those employment practices would result in discrimination against beneficiaries of FTA-assisted services and benefits. FTA policies and requirements are designed to clarify and strengthen Title VI (service equity) procedures for FTA grant recipients by requiring submission of written plans and approval of such plans by the agency. All project sponsors receiving financial assistance pursuant to an FTA-funded project shall not discriminate in the provision of services because of race, color, or national origin. Experience has demonstrated that a program requirement at the application stage is necessary to assure that benefits and services are equitably distributed by grant recipients. The requirements prescribed by the Office of Civil Rights are designed to accomplish this objective and diminish possible vestiges of discrimination among FTA grant recipients. FTA's assessment of the requirements indicated that the formulation and implementation of the Title VI Program should occur with a decrease in costs to such applicants and recipients.

Annual Estimated Total Burden Hours: 4,684 hours.

Annual Estimated Number of Respondents: 284.

Comments are Invited On: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the

burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology. A comment to OMB is best assured of having its full effect if OMB receives it within 30 days of publication of this notice in the **Federal Register**.
