

implementation of the Administrative Simplification provisions of HIPAA and ACA.

The purpose of this meeting is for the Standards Subcommittee to gain a clear understanding of the current update and adoption process for standards and operating rules for electronic administrative transactions (*e.g.* claims, eligibility, electronic funds transfer) with invited representatives of the Standards Development Organizations: X12, HL7, NCPDP¹ and NACHA,² the Operating Rule Authoring Entity, CAQH CORE,³ and Health and Human Services (HHS). The objectives of convening this workgroup specifically are to: (1) Gain a clear understanding of the procedures and processes each organization follows to update the standards and operating rules; (2) understand challenges with the current update and adoption process; (3) understand what options are available through the regulatory process for a more predictable schedule for the adoption of updated standards and operating rules; and (4) obtain recommendations for improvements to the update and adoption process. The findings will be used to inform development of a future NCVHS hearing to gather additional input from HIPAA-covered entities and their business associates for the purpose of making recommendations to the Secretary of HHS. There will be time at the end of the day for public comment.
