

The Exchange notes that it is proposing to amend Rule 4120(a) governing Nasdaq's authority to initiate trading halts or pauses and Rule IM-5250-1 providing interpretive material regarding trading halts to provide that, in the event that the issuer of the common equity security tracked by an Equity Investment Tracking Stock intends to issue a material news release during the trading day and Nasdaq determines that a regulatory trading halt should be implemented pending dissemination of the news or if Nasdaq determines that any other required regulatory trading halt should be implemented, the Exchange will also halt trading in the Equity Investment Tracking Stock simultaneously with the halt in the security whose values is being tracked and will also recommence trading at the same time. The Exchange believes that this proposed amendment will protect investors and the public interest by preventing market participants from gaining an advantage in trading in an Equity Investment Tracking Stock based on their possession of material nonpublic information with respect to the company whose value is being tracked by the Equity Investment Tracking Stock. In addition, Nasdaq will halt trading in the Equity Investment Tracking Stock if the security whose value is being tracked is suspended from trading, such as while the security is pending delisting.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is designed to provide listing standards for Equity Investment Tracking Stocks that are appropriately protective of investors and is not designed to limit the ability of the issuers of those securities to list them on any other national securities exchange. The market for listing services is extremely competitive.¹⁷ Because issuers have a choice to list their securities on a different national securities exchange, the Exchange does not believe that the proposed listing standards impose a burden on competition.

¹⁷ See Securities Exchange Act Release No. 78153 (June 24, 2016), 81 FR 42762 (June 30, 2016) (SR-NYSE-2016-22) (adopting listing standards for Equity Investment Tracking Stocks).

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act¹⁸ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹⁹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

The Exchange has satisfied this requirement.
