

Ms. Kimberly Hardy, APHIS' Information Collection Coordinator, at (301) 851-2483.

SUPPLEMENTARY INFORMATION:

Title: Importation of Animals and Poultry, Animal and Poultry Products, Certain Animal Embryos, Semen, and Zoological Animals.

OMB Control Number: 0579-0040.

Type of Request: Revision to and extension of approval of an information collection.

Abstract: Under the Animal Health Protection Act (7 U.S.C. 8301 *et seq.*), the Animal and Plant Health Inspection Service (APHIS) of the United States Department of Agriculture (USDA) is authorized, among other things, to prohibit or restrict the importation of animals, animal products, and other articles into the United States to prevent the introduction of animal diseases and pests. Disease prevention is the most effective method for maintaining a healthy animal population and for enhancing APHIS' ability to compete in the world market of animal and animal product trade.

Among other things, APHIS' Veterinary Services is responsible for preventing the introduction of foreign or certain other communicable animal diseases into the United States and for rapidly identifying, containing, eradicating, or otherwise mitigating such diseases when feasible. In connection with this mission, APHIS collects information from individuals, businesses, and farms that are involved with importation of animals or poultry, animal or poultry products, or animal germplasm (semen, oocysts, and embryos, including eggs for hatching) into the United States, as well as from foreign countries and States to support these imports. Some of the information collection activities include agreements, permits, application and space reservation requests, inspections, registers, declarations of importation, requests for hearings, daily logs, additional requirements, application for permits, export health certificates, letters, written notices, daily record of horse activities, written requests, opportunities to present views, reporting, applications for approval of facilities, certifications, arrival notices, on-hold shipment notifications, reports, affidavits, animal identification, written plans, checklists, specimen submissions, emergency action notifications, refusal of entry and order to dispose of fish, premises information, recordkeeping, and application of seals.

In addition, APHIS opens U.S. markets to animal commodities by receiving and evaluating information

collection activities, such as requests for recognition of the animal health status of a region, applications for recognition of the animal health status of a region, applications for recognition of a region as historically free of a disease, requests for additional information about the region, appeal classification of animal health status, and written recommendation implementation from foreign animal health authorities seeking to engage in the regionalization process.

The information collection requirements above are currently approved by the Office of Management and Budget (OMB) under OMB control numbers 0579-0040 (Importation of Animals and Poultry, Animal and Poultry Products, Certain Animal Embryos, Semen, and Zoological Animals), 0579-0165 (Importation of Horses, Ruminants, Swine, and Dogs; Inspection and Treatment for Screwworm), 0579-0224 (Tuberculosis Testing of Imported Cattle from Mexico), 0579-0301 (Spring Viremia of Carp; Import Restrictions on Certain Live Fish, Fertilized Eggs, and Gametes), and 0579-0425 (Cattle Fever Tick; Importation Requirements for Ruminants from Mexico). After OMB approves this combined information collection package (0579-0040), APHIS will retire OMB control numbers 0579-0165, 0579-0224, 0579-0301, and 0579-0425.

We are asking OMB to approve our use of these information collection activities, as described, for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

- (1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and
- (4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; *e.g.*, permitting electronic submission of responses.

Estimate of burden: The public burden for this collection of information is estimated to average 0.57 hours per response.

Respondents: Foreign animal health authorities; U.S. importers; foreign exporters; veterinarians and animal health technicians in other countries; State animal health authorities; shippers, owners and operators of foreign processing plants and farms; USDA-approved zoos, laboratories, and feedlots; private quarantine facilities; and other entities involved (directly or indirectly) in the importation of animals and poultry, animal and poultry products, zoological animals, and animal germplasm.

Estimated annual number of respondents: 8,412.

Estimated annual number of responses per respondent: 65.

Estimated annual number of responses: 545,020.

Estimated total annual burden on respondents: 313,843 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 27th day of June 2017.

Michael C. Gregoire,

Acting Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 3410-34-P

COMMISSION ON CIVIL RIGHTS

Notice of Public Meeting of the Alaska Advisory Committee

AGENCY: U.S. Commission on Civil Rights.

ACTION: Announcement of meeting.

SUMMARY: Notice is hereby given, pursuant to the provisions of the rules and regulations of the U.S. Commission on Civil Rights (Commission) and the Federal Advisory Committee Act (FACA) that a meeting of the Alaska Advisory Committee (Committee) to the Commission will be held at 2:00 p.m. (Alaska Time) Thursday, July 6, 2017. The purpose of the meeting is for the Committee to receive orientation from Commission staff and discussion regarding the status of the Committee project on voting rights.

DATES: The meeting will be held on Thursday, July 6, 2017, at 2:00 p.m. AKDT.

Public Call Information: Dial: 888-724-9513.

Conference ID: 7347511.

FOR FURTHER INFORMATION CONTACT: Ana Victoria Fortes (DFO) at afortes@usccr.gov or (213) 894-3437.

SUPPLEMENTARY INFORMATION: This meeting is available to the public through the following toll-free call-in number: 888-724-9513, conference ID number: 7347511. Any interested member of the public may call this number and listen to the meeting. Callers can expect to incur charges for calls they initiate over wireless lines, and the Commission will not refund any incurred charges. Callers will incur no charge for calls they initiate over land-line connections to the toll-free telephone number. Persons with hearing impairments may also follow the proceedings by first calling the Federal Relay Service at 1-800-977-8339 and providing the Service with the conference call number and conference ID number.

Members of the public are entitled to make comments during the open period at the end of the meeting. Members of the public may also submit written comments; the comments must be received in the Regional Programs Unit within 30 days following the meeting. Written comments may be mailed to the Western Regional Office, U.S. Commission on Civil Rights, 300 North Los Angeles Street, Suite 2010, Los Angeles, CA 90012. They may be faxed to the Commission at (213) 894-0508, or emailed Ana Victoria Fortes at afortes@usccr.gov. Persons who desire additional information may contact the Regional Programs Unit at (213) 894-3437.

Records and documents discussed during the meeting will be available for public viewing prior to and after the meeting at <http://facadatabase.gov/committee/meetings.aspx?cid=234>.

Please click on the "Meeting Details" and "Documents" links. Records generated from this meeting may also be inspected and reproduced at the Regional Programs Unit, as they become available, both before and after the meeting. Persons interested in the work of this Committee are directed to the Commission's Web site, <http://www.usccr.gov>, or may contact the Regional Programs Unit at the above email or street address.

Agenda

- I. Welcome
- II. Update on Proposal—*Ana Fortes, DFO*
- III. Update on Date and Location of In-Person Hearing
- IV. Discussion on Potential Speakers for In-Person Hearing
- V. Public Comment
- VI. Next Steps

VII. Adjournment

David Mussatt,
Supervisory Chief, Regional Programs Unit.

BILLING CODE P

DEPARTMENT OF COMMERCE

National Telecommunications and Information Administration

First Responder Network Authority

[Docket Number: 160229154-6154-02]

RIN 0660-XC023

Notice of Availability of a Final Programmatic Environmental Impact Statement for the Non-Contiguous Region of the Nationwide Public Safety Broadband Network

AGENCY: First Responder Network Authority, National Telecommunications and Information Administration, U.S. Department of Commerce.

ACTION: Notice of availability of a final programmatic environmental impact statement.

SUMMARY: The First Responder Network Authority ("FirstNet") announces the availability of the Final Programmatic Environmental Impact Statement for the Non-Contiguous Region ("Final PEIS"). The Final PEIS evaluates the potential environmental impacts of the proposed nationwide public safety broadband network in the Non-Contiguous Region (Alaska, Hawaii, American Samoa, Guam, the Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands).

ADDRESSES: The Final PEIS is available for download from www.regulations.gov FIRSTNET-FPEIS-2017-0001. A CD of this document is also available for viewing at public libraries (see Chapter 16 of the Final PEIS for the complete distribution list).

FOR FURTHER INFORMATION CONTACT: For more information on the Final PEIS, contact Amanda Goebel Pereira, NEPA Coordinator, First Responder Network Authority, National Telecommunications and Information Administration, U.S. Department of Commerce, 12201 Sunrise Valley Drive, M/S 243, Reston, VA 20192.

SUPPLEMENTARY INFORMATION: The Middle Class Tax Relief and Job Creation Act of 2012 (Pub. L. 112-96, Title VI, 126 Stat. 256 (codified at 47 U.S.C. 1401 *et seq.*)) (the "Act") created and authorized FirstNet to take all

actions necessary to ensure the building, deployment, and operation of an interoperable, nationwide public safety broadband network ("NPSBN") based on a single, national network architecture. The Act meets a longstanding and critical national infrastructure need, to create a single, nationwide network that will, for the first time, allow police officers, fire fighters, emergency medical service professionals, and other public safety entities to effectively communicate with each other across agencies and jurisdictions. The NPSBN is intended to enhance the ability of the public safety community to perform more reliably, effectively, and safely; increase situational awareness during an emergency; and improve the ability of the public safety community to effectively engage in those critical activities.

The National Environmental Policy Act of 1969 (42 U.S.C. 4321-4347) ("NEPA") requires federal agencies to undertake an assessment of environmental effects of their proposed actions prior to making a final decision and implementing the action. NEPA requirements apply to any federal project, decision, or action that may have a significant impact on the quality of the human environment. NEPA also establishes the Council on Environmental Quality ("CEQ"), which issued regulations implementing the procedural provisions of NEPA (see 40 CFR parts 1500-1508). Among other considerations, CEQ regulations at 40 CFR 1508.28 recommend the use of *tiering* from a "broader environmental impact statement (such as a national program or policy statements) with subsequent narrower statements or environmental analysis (such as regional or basin wide statements or ultimately site-specific statements) incorporating by reference the general discussions and concentrating solely on the issues specific to the statement subsequently prepared."

Due to the geographic scope of FirstNet (all 50 states, the District of Columbia, and five territories) and the diversity of ecosystems potentially traversed by the project, FirstNet has elected to prepare five regional PEISs. The five PEISs are divided into the East, Central, West, South, and Non-Contiguous Regions. The Non-Contiguous Region consists of Alaska, Hawaii, American Samoa, Guam, the Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands. The Final PEIS analyzes potential impacts of the deployment and operation of the NPSBN on the natural and human environment in the Non-Contiguous
