**SUPPLEMENTARY INFORMATION:**

**I. Abstract**

The National Park Service (NPS) is required to provide an understanding of visitor satisfaction and an understanding of the park and agency’s performance related to The Government Performance and Results Act (GPRA)

NPS Goals IIa1 (visitor satisfaction) and IIb1 (visitor understanding and appreciation). The Visitor Survey Card (VSC) was developed to measure each park unit’s performance related to these two goals. The Visitor Survey Card contains eight questions regarding visitor evaluations of service and facility quality, awareness of park significance, and basic demographic information. Each year, all NPS units nationwide (approximately 332) are required to collect data using the Visitor Survey Card. Data and information collected through the VSC are used to measure and report performance related to a broad list of GPRA Goals and to provide feedback used by Superintendents and other managers to develop performance improvement plans.

**AGENCY:** U.S. International Trade Commission.  
**ACTION:** Notice.

this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

**SUPPLEMENTARY INFORMATION:** The Commission instituted this investigation on September 24, 2015, based on a complaint filed on behalf of Pathway Innovations & Technologies, Inc. of San Diego, California ("Complainant"). 80 FR 57642 (September 24, 2015). The complaint alleges violations of Section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, in the sale for importation, importation, or sale within the United States after importation of certain document cameras and software for use therewith by reason of infringement of certain claims of U.S. Design Patent No. D647,906; U.S. Design Patent No. D674,389; U.S. Design Patent No. D715,300; and U.S. Patent No. 8,508,751. The Commission's notice of investigation named the following respondents: Recordex USA, Inc., of Long Island City, New York ("Recordex"); QOMO of Wixom, Michigan; and Adesso, Inc. of Walnut, California ("Adesso"). The Office of Unfair Import Investigations was named as a party but has subsequently withdrawn from the investigation. Adesso was terminated based on a consent order stipulation and consent order. Order No. 5 (unreviewed) (Nov. 23, 2015). QOMO was found to be in default. Order No. 10 (unreviewed) (Dec. 7, 2015). Recordex was terminated based on settlement. Order No. 19 (unreviewed) (May 13, 2016).

On December 7, 2015, the Commission determined not to review an initial determination finding QOMO in default. On August 5, 2016, the Commission issued a limited exclusion order and cease and desist order directed to QOMO.

On November 22, 2016, Complainant filed a petition to rescind the limited exclusion order and cease and desist order because the parties had entered into a settlement agreement. The petition argued that the parties' agreement constitutes changed circumstances sufficient under Commission Rule 210.76(a)(1) to warrant rescission of the limited exclusion order and cease and desist order.

The Commission has determined to grant the petition and to rescind the limited exclusion order and cease and desist order direct to QOMO.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: January 4, 2017.
