

maintenance of the Network Access Services, including by responding to any production issues. The Exchange accordingly believes that the proposed changes to the Network Access Service MRCs will allow them to more accurately reflect the value of the services provided.

The Exchange operates in a highly competitive market in which exchanges offer co-location services as a means to facilitate the trading and other market activities of those market participants who believe that co-location enhances the efficiency of their operations. Accordingly, fees charged for co-location services are constrained by the active competition for the order flow of, and other business from, such market participants. If a particular exchange charges excessive fees for co-location services, affected market participants will opt to terminate their co-location arrangements with that exchange, and adopt a possible range of alternative strategies, including placing their servers in a physically proximate location outside the exchange's data center (which could be a competing exchange), or pursuing strategies less dependent upon the lower exchange-to-participant latency associated with co-location. Accordingly, the exchange charging excessive fees would stand to lose not only co-location revenues but also the liquidity of the formerly co-located trading firms, which could have additional follow-on effects on the market share and revenue of the affected exchange. For the reasons described above, the Exchange believes that the proposed rule change reflects this competitive environment.

No. 1 to the proposed rule change.⁴ On August 23, 2016, pursuant to Section 19(b)(2) of the Act,⁵ the Commission designated a longer period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to disapprove the proposed rule change.⁶ On August 26, 2016, the Exchange filed Amendment No. 2 to the proposed rule change.⁷ On October 12, 2016, the Commission instituted proceedings under Section 19(b)(2)(B) of the Act⁸ to determine whether to approve or disapprove the proposed rule change.⁹ The Commission has

⁴ In Amendment No. 1, the Exchange: (1) Added a bullet point stating that “[b]ecause the Exchange’s rules regarding the production of books and records are described in Rule 440, the Exchange is proposing to refer to Rule 440 in its proposed rules wherever NYSE Arca Equities Rule 4.4 is referenced in the rules of NYSE Arca Equities proposed in this filing;” (2) deleted the sentence stating, “If an exchange has approved trading rules, procedures and listing standards in place that have been approved by the Commission for the product class that would include a new derivative securities product, the listing and trading of such ‘new derivative securities product,’ does not require a proposed rule change under Section 19b–4 of the Act” and made conforming changes to the rest of that paragraph; (3) deleted the bullet point that stated, “Correction of a typographical error in NYSE Arca Equities Rule 8.400(a) so that proposed Rule 8.400(a) reads ‘as such terms are used in Rule 5.1(b)’ in the last sentence, rather than ‘as such terms are used in the Rule 5.1(b)’ as is currently drafted in NYSE Arca Equities Rule 8.400(a)’; and (4) noted that “for new ETPs to be traded pursuant to UTP, which are listed and traded on another exchange pursuant to Rule 19b–4(e), the Exchange would be required to file Form 19b–4(e) with the Commission in accordance with the requirements therein.” Amendment No. 1 is available at: <https://www.sec.gov/comments/sr-nyse-2016-44/nyse201644-1.pdf>. Because Amendment No. 1 to the proposed rule change does not materially alter the substance of the proposed rule change or raise unique or novel regulatory issues, Amendment No. 1 is not subject to notice and comment.

⁶ See Securities Exchange Act Release No. 78641, 81 FR 59259 (Aug. 29, 2016).

⁷ In Amendment No. 2, the Exchange: (1) Added the clause “pursuant to UTP” at the end of the sentence that states, “The Exchange would have to file a Form 19b–4(e) with the Commission to trade these ETPs;” (2) in the first footnote that follows that sentence, deleted the clause “pursuant to Rule 19b–4(e);” and (3) at the end of that same footnote, added the reference, “See proposed Rule 5.1(a)(2); supra note 19 and accompanying text.” Amendment No. 2 is available at: <https://www.sec.gov/comments/sr-nyse-2016-44/nyse201644-2.pdf>. ⁹ See Securities Exchange Act Release No. 79085, 81 FR 71771 (Oct. 18, 2016). Specifically, the Commission instituted proceedings to allow for additional analysis of the proposed rule change’s consistency with Section 6(b)(5) of the Act, which requires, among other things, that the rules of a national securities exchange be “designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles

received no comments on the proposed rule change.

Section 19(b)(2) of the Act¹⁰ provides that, after initiating disapproval proceedings, the Commission shall issue an order approving or disapproving the proposed rule change not later than 180 days after the date of publication of notice of filing of the proposed rule change. The Commission may extend the period for issuing an order approving or disapproving the proposed rule change, however, by not more than 60 days if the Commission determines that a longer period is appropriate and publishes the reasons for such determination. The proposed rule change was published for notice and comment in the **Federal Register** on July 14, 2016. January 10, 2017 is 180 days from that date, and March 11, 2017 is 240 days from that date.

The Commission finds it appropriate to designate a longer period within which to issue an order approving or disapproving the proposed rule change so that it has sufficient time to consider this proposed rule change. Accordingly, the Commission, pursuant to Section 19(b)(2) of the Act,¹¹ designates March 11, 2017 as the date by which the Commission shall either approve or disapprove the proposed rule change (File No. SR–NYSE–2016–44).
