

Office of Management and Budget (OMB) control number 1652–0050, abstracted below that we will submit to OMB for an extension in compliance with the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. In accordance with the Implementing Recommendations of the 9/11 Commission Act of 2007 (9/11 Act), which required TSA to develop and implement a plan to inspect critical pipeline systems, TSA is seeking to continue its collection of critical facility security information.

DATES: Send your comments by September 5, 2017.

ADDRESSES: Comments may be emailed to TSAPRA@dhs.gov or delivered to the TSA PRA Officer, Office of Information Technology (OIT), TSA–11, Transportation Security Administration, 601 South 12th Street, Arlington, VA 20598–6011.

FOR FURTHER INFORMATION CONTACT: Christina A. Walsh at the above address, or by telephone (571) 227–2062.

SUPPLEMENTARY INFORMATION:

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation will be available at <http://www.reginfo.gov> upon its submission to OMB. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

OMB Control Number 1652–0050; Critical Facility Information of the Top 100 Most Critical Pipelines: The 9/11 Act specifically tasked TSA to develop and implement a plan for reviewing the pipeline security plans and an

inspection of the critical facilities of the 100 most critical pipeline systems.¹ Pipeline operators have determined which facilities qualify as critical facilities based on guidance and criteria set forth in the TSA Pipeline Security Guidelines published in April 2011. To execute the 9/11 Act mandate, TSA visits critical pipeline facilities and collects site-specific information from pipeline operators on facility security policies, procedures, and physical security measures.

TSA is seeking OMB approval to continue to collect facility security information during the site visits using a Critical Facility Security Review (CFSR) form. The CFSR will look at individual pipeline facility security measures and procedures.² This collection is voluntary. Information collected from the reviews will be analyzed and used to determine strengths and weaknesses at the nation's critical pipeline facilities, areas to target for risk reduction strategies, pipeline industry implementation of the voluntary guidelines, and the potential need for regulations in accordance with the 9/11 Act provision previously cited.

TSA is also seeking OMB approval to continue its follow up procedure with pipeline operators on their implementation of security improvements and recommendations made during facility visits. During critical facility visits, TSA documents and provides recommendations to improve the security posture of the facility. TSA intends to continue to follow up with pipeline operators via email on their status toward implementation of the recommendations made during the critical facility visits. The follow up will be conducted between approximately 12 and 24 months after the facility visit.

The information provided by operators for each information collection is Sensitive Security Information (SSI), and it will be protected in accordance with procedures meeting the transmission, handling, and storage requirements of SSI set forth in 49 CFR parts 15 and 1520.

The annual burden for the approval of the information collection related to the CFSR form is estimated to be 320 hours.

¹ See sec. 1557 of the 9/11 Act (Pub. L. 110–53, 121 Stat. 266, 475, Aug. 3, 2007), codified at 6 U.S.C. 1207.

² The CFSR differs from a Corporate Security Review (CSR) conducted by TSA in another pipeline information collection that looks at corporate or company-wide security management plans and practices. See OMB Control No. 1652–0056 at <https://www.reginfo.gov> for the PRA approval of information collection for pipeline CSRs.

TSA will conduct a maximum of 80 facility reviews each year, with each review taking approximately 4 hours (80 × 4). This is a change from the 90 facility reviews that was previously conducted.

The annual burden for the approval of the information collection related to the follow up on the recommendations made to facility operators is estimated to be 400 hours. TSA estimates each operator will spend approximately 5 hours to submit a response to TSA regarding its voluntary implementation of security recommendations made during critical facility visits. If a maximum of 80 critical facilities are reviewed each year, and TSA follows up with each facility operator between approximately 12 and 24 months following the visit, the total annual burden is 400 (80 × 5) hours.

The estimated number of respondents will be 80 for the CFSR form and 80 for the recommendations follow-up, for a total of 160 respondents. The total estimated burden is 720 hours annually, 320 hours for the CFSR form, plus 400 hours for the recommendations follow-up procedure.

Consistent with the requirements of Executive Order (EO) 13771, Reducing Regulation and Controlling Regulatory Costs, and EO 13777, Enforcing the Regulatory Reform Agenda, TSA is also requesting comments on the extent to which this request for information could be streamlined to reduce this burden.

Dated: June 30, 2017.

Christina A. Walsh,

TSA Paperwork Reduction Act Officer, Office of Information Technology.

BILLING CODE 9110–05–P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR–5997–N–38]

30-Day Notice of Proposed Information Collection: Exigent Health and Safety Deficiency Correction Certification

AGENCY: Office of the Chief Information Officer, HUD.

ACTION: Notice.

SUMMARY: HUD submitted the proposed information collection requirement described below to the Office of Management and Budget (OMB) for review, in accordance with the Paperwork Reduction Act. The purpose of this notice is to allow for 30 days of public comment.

DATES: *Comments Due Date:* August 7, 2017.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: HUD Desk Officer, Office of Management and Budget, New Executive Office Building, Washington, DC 20503; fax:202-395-5806, Email: OIRA_Submission@omb.eop.gov

FOR FURTHER INFORMATION CONTACT: Colette Pollard, Reports Management Officer, QMAC, Department of Housing and Urban Development, 451 7th Street SW., Washington, DC 20410; email Colette.Pollard@hud.gov, or telephone 202-402-3400. This is not a toll-free number. Person with hearing or speech impairments may access this number through TTY by calling the toll-free Federal Relay Service at (800) 877-8339.

Copies of available documents submitted to OMB may be obtained from Ms. Pollard.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on December 20, 2016 at 81 FR 92843.

A. Overview of Information Collection

Title of Information Collection: Exigent Health and Safety Deficiency Correction Certification.

OMB Approval Number: 2577-0241.

Type of Request: Revision of currently approved collection.

Form Number: None.

Description of the need for the information and proposed use: HUD's Uniform Physical Condition Standards (UPCS) regulation (24 CFR part 5, subpart G) provides that HUD housing must be decent, safe, sanitary, and in good repair. The UPCS regulation also provides that all area and components of the housing must be free of health and safety hazards. HUD conducts physical inspections of the HUD-funded housing to determine if the UPCS standards are being met. Pursuant to the UPCS inspection protocol, at the end of the inspection (or at the end of each day of a multi-day inspection) the inspector provides the property representative with a copy of the "Notification of Exigent and Fire Safety Hazards Observed" form. Each exigent health and safety (EHS) deficiency that the inspector observed that day is listed on the form. The property representative signs the form acknowledging receipt. PHAs are to correct/remedy/act to abate

all EHS deficiencies within 24 hours. Using the electronic format, PHAs are to notify HUD within three business days of the date of inspection, which is the date the PHA was provided notice of these deficiencies, that the deficiencies were corrected/remedied/acted on to abate within the prescribed time frames (24 CFR part 902).

Respondents: (i.e., affected public) Public Housing Agencies.

Estimated Number of Respondents: 3000.

Estimated Number of Responses: 971.

Frequency of Response: Once per year.

Average Hours per Response: .28 hours (approximately 17 minutes).

Total Estimated Burdens: 272.99.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond: including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

Authority: Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35.

Dated: June 29, 2017.

Colette Pollard,
