

FFDCA section 408(b)(4) requires that EPA explain the reasons for departing from the Codex level.

The Codex has not established a MRL for difenoconazole in or on cottonseed subgroup 20C; cotton gin byproducts; rice, grain; and rice, wild, grain.

V. Conclusion

Therefore, tolerances are established for residues of difenoconazole, 1-[2-[2-chloro-4-(4-chlorophenoxy)phenyl]-4-methyl-1,3-dioxolan-2-ylmethyl]-1H-1,2,4-triazole, in or on cottonseed subgroup 20C at 0.40 ppm; rice, grain at 7.0 ppm; and rice, wild, grain at 7.0 ppm. Additionally, this regulation amends the current tolerance for cotton, gin byproducts from 0.05 ppm to 15 ppm. Finally, EPA is removing the established tolerance for residues of difenoconazole in or on cotton, undelinted seed at 0.05 ppm because residues on cotton, undelinted seed are covered by the new tolerance for cottonseed subgroup 20C.

VI. Statutory and Executive Order Reviews

This action establishes tolerances under FFDCA section 408(d) in response to a petition submitted to the Agency. The Office of Management and Budget (OMB) has exempted these types of actions from review under Executive Order 12866, entitled “Regulatory Planning and Review” (58 FR 51735, October 4, 1993). Because this action has been exempted from review under Executive Order 12866, this action is not subject to Executive Order 13211, entitled “Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use” (66 FR 28355, May 22, 2001) or Executive Order 13045, entitled “Protection of Children from Environmental Health Risks and Safety Risks” (62 FR 19885, April 23, 1997). This action does not contain any information collections subject to OMB approval under the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*), nor does it require any special considerations under Executive Order 12898, entitled “Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations” (59 FR 7629, February 16, 1994).

Since tolerances and exemptions that are established on the basis of a petition under FFDCA section 408(d), such as the tolerance in this final rule, do not require the issuance of a proposed rule, the requirements of the Regulatory Flexibility Act (RFA) (5 U.S.C. 601 *et seq.*), do not apply.

This action directly regulates growers, food processors, food handlers, and food retailers, not States or tribes, nor does this action alter the relationships or distribution of power and responsibilities established by Congress in the preemption provisions of FFDCA section 408(n)(4). As such, the Agency has determined that this action will not have a substantial direct effect on States or tribal governments, on the relationship between the national government and the States or tribal governments, or on the distribution of power and responsibilities among the various levels of government or between the Federal Government and Indian tribes. Thus, the Agency has determined that Executive Order 13132, entitled “Federalism” (64 FR 43255, August 10, 1999) and Executive Order 13175, entitled “Consultation and Coordination with Indian Tribal Governments” (65 FR 67249, November 9, 2000) do not apply to this action. In addition, this action does not impose any enforceable duty or contain any unfunded mandate as described under Title II of the Unfunded Mandates Reform Act (UMRA) (2 U.S.C. 1501 *et seq.*).

This action does not involve any technical standards that would require Agency consideration of voluntary consensus standards pursuant to section 12(d) of the National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note).

VII. Congressional Review Act

Pursuant to the Congressional Review Act (5 U.S.C. 801 *et seq.*), EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Coast Guard

46 CFR Chapter I

[Docket No. USCG–2016–0669]

Marine Safety Manual, Volume III, Parts B and C, Change–2

AGENCY: Coast Guard, DHS.

ACTION: Availability of updated Marine Safety Manual.

SUMMARY: The Coast Guard announces the availability of Change–2 to the Marine Safety Manual (MSM), Volume III, Marine Industry Personnel, and the corresponding Commandant Change Notice that highlights the changes made to that manual. MSM Volume III provides information and interpretations on international conventions and U.S. statutory and regulatory issues relating to marine industry personnel. This Commandant Change Notice discusses the substantive changes to Parts B and C of MSM Volume III. All changes are underlined in the final version and each changed page is annotated with CH–2 in the footer. The date of each change since

1999 is shown in parentheses at the end of the subsection/paragraph titles within the text of each Part as well as at the end of each NOTE. Part A will be reviewed and revised as part of a separate initiative.

DATES: Unless specifically stated otherwise, Change–2 to Marine Safety Manual, Volume III, Marine Industry Personnel, COMDTINST M16000.8B is in effect as of July 14, 2017.

ADDRESSES: To view the documents mentioned in this document, go to the Federal eRulemaking Portal at <http://www.regulations.gov> and use “USCG–2016–0669” as your search term.

FOR FURTHER INFORMATION CONTACT: For information about this document call or email Lieutenant Commander Corydon Heard, U.S. Coast Guard; telephone 409–978–2704, email Corydon.F.Heard@uscg.mil.

SUPPLEMENTARY INFORMATION: If you discover a discrepancy between the manning or endorsements specified by the Certificate of Inspection/Safe Manning Documentation (COI/SMD) and the provisions of the MSM, Volume III, bring it to the attention of the OCMi with a view toward aligning with the revised MSM III. Documents discussed in this document should be available in the online docket within three business days of this publication. There will be no hardcopy distribution of this change. This change has been incorporated into the electronic copy of the manual available on the INTERNET at <http://www.dcms.uscg.mil/Our-Organization/Assistant-Commandant-for-C&IT-CG-6-/The-Office-of-Information-Management-CG-61/aboutCGDS/cim/smdpage2823/4/>.

Background and Purpose

Volume III of the Marine Safety Manual (MSM) provides information and interpretations on international conventions and U.S. statutes and regulations relating to marine industry personnel. The last updates to Volume III of the MSM were released on July 30, 2014 (79 FR 45451, Aug. 5, 2014). The Coast Guard published a notice in the **Federal Register** announcing the availability of a draft Change–2 and requested public comments (See 81 FR 46042). This document announces updates portions of Part B and C.

Specifically, substantive changes include: (1) Updated guidance to align with the Howard Coble Coast Guard and Maritime Transportation Act of 2014; (2) manning scales for towing vessels certificated under Subchapter M from recently published Inspection of Towing Vessels final rule (81 FR 40003, June 20, 2016); and (3) various policy updates

impacting vessel manning. Further, all manning scales throughout Part B Chapters 2, 4, 6 and 7 are presented in a new standard format. Additionally, a Suggested Safe Manning Proposal Template, Coast Guard Work Instruction, Master’s Field Guide, and Verification Check-sheet have been added to the Annex. These are intended to aid Coast Guard personnel as well as owners/operators, masters and persons in charge of U.S. vessels, respectively.

We received 10 public comment responses to the July 15, 2016 **Federal Register** document. These comment responses contained a total of approximately 31 specific recommendations, suggestions and other comments. We have created a change matrix that provides a summary of each comment and the corresponding Coast Guard response, as well as Coast Guard changes. A copy of this change matrix is available for viewing in the public docket for this notice. For more detailed information, please consult the actual public comment letters in the docket. You may access the docket going to <http://www.regulations.gov>, using “USCG–2016–0669” as your search term, and following the instructions in the **ADDRESSES** section above.

Some commenters included a DOT mailing address in their comments. The Coast Guard no longer receives mail at the DOT Docket Management Facility. Each Coast Guard notice soliciting public comment includes instructions on how to comment on the online docket at www.regulations.gov, and what to do if commenters are unable to submit comments online.

The basic ideas and principles encompassed in the initial and supplemental drafts remain. Some commenters proposed revisions to the MSM or requested additional clarification. In response to these comments, the Coast Guard has made some additional revisions. The Coast Guard notes, however, that the MSM (and any revisions made to the MSM) reflect current law and regulation and are intended to provide guidance and information to marine industry personnel. For an in-depth discussion of the individual comments submitted, please visit the docket for this notice to view submitted comments and the change matrix.

It should be noted that Change–2 is not intended to preempt or take the place of separate policy initiatives regarding specific decisions on appeal or future regulations. Future changes to the MSM may be released if the Coast Guard promulgates new regulations or issues appeal decisions, which may

affect the guidance and information contained within the MSM.

This document is issued under authority of 5 U.S.C. 552(a).

Dated: July 5, 2017.
