

capacity. Security will focus on cybersecurity in the context of emergency communications. Finally, Equipment questions focuses on the types of equipment or systems used. These SNS elements and sub-elements set forth the DHS OEC assessment framework. Collectively, will enable DHS OEC to fulfill its governing authority and identify a baseline of nationwide emergency communications capabilities.

This is a new information collection. OMB is particularly interested in comments that:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected; and minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Analysis

Agency: Department of Homeland Security, National Protection and Programs Directorate, Office of Cybersecurity and Communications, Office of Emergency Communications.

OMB Number: 1670–NEW.

Frequency: Once every five years.

Affected Public: Federal, State, local and private sector emergency response personnel.

Number of Respondents: 3,002 annually.

Estimated Time Per Respondent: 30 minutes.

Total Burden Hours: 1,501 annual burden hours.

Dated: July 28, 2017.

David Epperson,
Chief Information Officer.

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[Docket No. BOEM–2017–0034]

Final Programmatic Environmental Impact Statement for Geological and Geophysical Activities on the Gulf of Mexico Outer Continental Shelf MMAA104000

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice of availability of a Final Programmatic Environmental Impact Statement.

SUMMARY: The Bureau of Ocean Energy Management (BOEM) is announcing the availability of a Final Programmatic Environmental Impact Statement (EIS) for evaluating potential environmental effects of geological and geophysical (G&G) activities in OCS waters of the GOM. The Final Programmatic EIS analyzes potential impacts of the proposed action, provides an analysis of reasonable alternatives to the proposed action, and identifies BOEM's preferred alternative. The Final Programmatic EIS considers G&G activities for BOEM's three programs, i.e., Oil and Gas, Renewable Energy, and Marine Minerals. These activities include, but are not limited to, seismic surveys (deep-penetration and high-resolution geophysical), sidescan-sonar surveys, electromagnetic surveys, and geological and geochemical sampling. The Final Programmatic EIS also evaluates mitigation measures to reduce potential impacts of G&G activities on marine resources, such as sound impacts to marine species and bottom-disturbance impacts on benthic communities and cultural resources.

The Final Programmatic EIS is available on BOEM's Web sites at <http://www.boem.gov/GOM-G-G-PEIS> and <http://www.boem.gov/nepaprocess/>. BOEM will primarily distribute digital copies of the Final Programmatic EIS on compact discs. You may request a paper copy or the location of a library with a paper copy of the Final Programmatic EIS from Mr. Greg Kozlowski by telephone at (504) 736–2512 or by email at greg.kozlowski@boem.gov.

FOR FURTHER INFORMATION CONTACT: Jill Lewandowski, Ph.D., Chief, Division of Environmental Assessment, Office of Environmental Programs, Bureau of Ocean Energy Management, 45600 Woodland Road, VAM–OEP, Sterling, VA 20166 or by email at gomgseis@boem.gov.

Authority: This Notice of Availability is published pursuant to the regulations (40 CFR part 1503 and 43 CFR part 46)

implementing the provisions of the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321 *et seq.* (1988)).

Dated: July 31, 2017.

Walter D. Cruickshank,
Acting Director, Bureau of Ocean Energy Management.

Bureau of Ocean Energy Management

[Docket No. BOEM–2017–0041]

Final Supplemental Environmental Impact Statement for the Cape Wind Energy Project MMAA104000

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice of availability of a final supplemental environmental impact statement.

SUMMARY: The Bureau of Ocean Energy Management (BOEM) is announcing the availability of a Final Supplemental Environmental Impact Statement (Final SEIS) for the Cape Wind Energy Project. This supplement to the 2009 Final EIS has been prepared in response to a 2016 remand order of the U.S. Court of Appeals for the District of Columbia Circuit in *Public Employees for Environmental Responsibility v. Hopper* (see **SUPPLEMENTARY INFORMATION** for details).

FOR FURTHER INFORMATION CONTACT:

Michelle Morin, BOEM Office of Renewable Energy Programs, 45600 Woodland Road, Sterling, Virginia 20166, (703) 787–1722 or michelle.morin@boem.gov.

SUPPLEMENTARY INFORMATION: On July 5, 2016, the U.S. Court of Appeals for the District of Columbia Circuit vacated the 2009 Cape Wind Energy Project Final EIS and ordered that BOEM:

“supplement [the EIS] with adequate geological surveys before Cape Wind may begin construction.” *Public Employees for Environmental Responsibility v. Hopper*, 827 F.3d 1077, 1084 (D.C. Cir. 2016). The Court opined that: “[w]ithout adequate geological surveys, the [BOEM] cannot ‘ensure that the seafloor [will be] able to support’ wind turbines.” *Id.* at 1083. While the Court found that: “[BOEM] therefore had violated NEPA (National Environmental Policy Act)” the Court noted that “. . . [it] does not necessarily mean that the project must be halted or that Cape Wind must redo the regulatory approval process.” *Id.* at

1083–4. The Court explicitly left undisturbed BOEM's 2010 decision to issue a lease to Cape Wind Associates (CWA) and BOEM's 2011 decision to approve CWA's Construction and Operations Plan (COP) for the Cape Wind Energy Project. *Id.* at 1084. In response to the Circuit Court's remand order, BOEM published the Draft SEIS for the Cape Wind Energy Project on March 31, 2017.

The Draft SEIS considered the only two alternatives that remained relevant as a result of the Court's remand order and CWA's lease and the approved Cape Wind COP: The Proposed Action (affirming BOEM's issuance of the existing lease), and the No Action Alternative (requiring BOEM to rescind lease issuance). BOEM published a notice in the **Federal Register** on March 31, 2017, to announce the availability of the Draft SEIS and initiate a 45-day public comment period (82 FR 16060). All the comments received on the Draft SEIS are available for public viewing and can be found at: <http://www.regulations.gov> by searching for docket ID BOEM–2017–0008.

In the Final SEIS for the Cape Wind Energy Project, BOEM examines the available geological survey data, including the geotechnical data and reports submitted to BOEM since the 2009 Final EIS, and any other relevant data that relate to the adequacy of the seafloor to support wind turbines in the lease area. The Final SEIS also includes a summary of all the comments received on the Draft SEIS and BOEM's responses to those comments. The Final SEIS can be found on BOEM's Web site at: <https://www.boem.gov/Massachusetts-Cape-Wind/>.

Authority: This notice of availability to prepare a Final SEIS is in compliance with NEPA, as amended (42 U.S.C. 4231 *et seq.*), and is published pursuant to 40 CFR 1506.6.

Dated: July 31, 2017.

Walter D. Cruickshank,

Acting Director, Bureau of Ocean Energy Management.

BILLING CODE 4310–MR–P

INTERNATIONAL TRADE COMMISSION

Notice of Receipt of Complaint; Solicitation of Comments Relating to the Public Interest

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade

Commission has received a complaint entitled *Certain Microfluidic Devices DN 3239*; the Commission is soliciting comments on any public interest issues raised by the complaint or complainant's filing pursuant to the Commission's Rules of Practice and Procedure.

FOR FURTHER INFORMATION CONTACT: Lisa R. Barton, Secretary to the Commission, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205–2000. The public version of the complaint can be accessed on the Commission's Electronic Document Information System (EDIS) at <https://edis.usitc.gov>, and will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205–2000.

General information concerning the Commission may also be obtained by accessing its Internet server at United States International Trade Commission (USITC) at <https://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's Electronic Document Information System (EDIS) at <https://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205–1810.

SUPPLEMENTARY INFORMATION: The Commission has received a complaint and a submission pursuant to § 210.8(b) of the Commission's Rules of Practice and Procedure filed on behalf of Bio-Rad Laboratories, Inc. and Lawrence Livermore National Security, LLC on July 31, 2017. The complaint alleges violations of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain microfluidic devices. The complaint names as a respondent 10X Genomics, Inc. of Pleasanton, CA. The complainant requests that the Commission issue a limited exclusion order, a cease and desist order, and impose a bond upon respondents' alleged infringing articles during the 60-day Presidential review period pursuant to 19 U.S.C. 1337(j).

Proposed respondents, other interested parties, and members of the public are invited to file comments, not to exceed five (5) pages in length, inclusive of attachments, on any public interest issues raised by the complaint or § 210.8(b) filing. Comments should

address whether issuance of the relief specifically requested by the complainant in this investigation would affect the public health and welfare in the United States, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, or United States consumers.

In particular, the Commission is interested in comments that:

(i) Explain how the articles potentially subject to the requested remedial orders are used in the United States;

(ii) identify any public health, safety, or welfare concerns in the United States relating to the requested remedial orders;

(iii) identify like or directly competitive articles that complainant, its licensees, or third parties make in the United States which could replace the subject articles if they were to be excluded;

(iv) indicate whether complainant, complainant's licensees, and/or third party suppliers have the capacity to replace the volume of articles potentially subject to the requested exclusion order and/or a cease and desist order within a commercially reasonable time; and

(v) explain how the requested remedial orders would impact United States consumers.

Written submissions must be filed no later than by close of business, eight calendar days after the date of publication of this notice in the **Federal Register**. There will be further opportunities for comment on the public interest after the issuance of any final initial determination in this investigation.

Persons filing written submissions must file the original document electronically on or before the deadlines stated above and submit 8 true paper copies to the Office of the Secretary by noon the next day pursuant to § 210.4(f) of the Commission's Rules of Practice and Procedure (19 CFR 210.4(f)). Submissions should refer to the docket number ("Docket No. 3239") in a prominent place on the cover page and/or the first page. (See Handbook for Electronic Filing Procedures, Electronic Filing Procedures).¹ Persons with questions regarding filing should contact the Secretary (202–205–2000).

Any person desiring to submit a document to the Commission in confidence must request confidential
