Certain Steel Nails From Malaysia: Preliminary Results and Partial Rescission of Antidumping Duty Administrative Review; 2014-2016

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on certain steel nails from Malaysia. The period of review covers December 29, 2014, through June 30, 2016. The review covers three producers/exporters of the subject merchandise. We preliminarily determine that sales of subject merchandise by the collapsed entities Inmax and Region, both of which were selected for individual examination, were made at less than normal value during the period of review. We are rescinding the review with respect to 16 companies for which the request for review was timely withdrawn. Interested parties are invited to comment on these preliminary results.

DATES: Applicable August 7, 2017.

Background

These preliminary results of review are made in accordance with section 751 of the Tariff Act of 1930, as amended (the Act). On September 12, 2016, the Department published the notice of initiation for the administrative review.¹ For a complete description of the events that followed the initiation of the review, *see* the Preliminary Decision Memorandum.² A list of topics included in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically *via* Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov> and to all parties in the Central Records Unit, located in Room B8094 of the main Department of Commerce building. Scope of the Order

The products covered by the scope of the order are certain steel nails from Malaysia. For a complete description of the scope, *see* Appendix I of this notice.

Partial Rescission of Administrative Review

However, the petitioner, Mid Continent Steel & Wire, Inc., withdrew its request for review of 16 of the companies on December 12, 2016. No other parties had requested a review of these companies. Thus, in response to the petitioner's timely filed withdrawal request and pursuant to 19

Robinson Freight Services Ltd.; Caribbean International Co. Ltd.; Chia Pao Metal Co. Methodology

The Department is conducting this review in accordance with section 751(a)(1)(B) of the Act. For a full description of the methodology underlying the preliminary results, *see* the Preliminary Decision Memorandum.

Preliminary Results of Review

We preliminarily determine that, for the period December 29, 2014, through June 30, 2016, the following weighted-average dumping margins exist:^{3 4}

Producer or exporter	Weighted-average dumping margin (percent)
Inmax Sdn. Bhd. and Inmax Industries Sdn. Bhd.	1.03
Region International Co. Ltd. and Region System Sdn. Bhd	2.56
Tag Fasteners Sdn. Bhd.	1.80

Disclosure and Public Comment

The Department will disclose to parties to the proceeding any calculations performed in connection with these preliminary results of review within five days after the date of publication of this notice.⁵ Interested parties may submit case briefs not later than 30 days after the date of publication of this notice in the **Federal**

Register.⁶ Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.⁷ Parties who submit case or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.⁸ Case and rebuttal briefs should be filed using ACCESS.⁹

Interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance within 30 days of the date of publication of this notice.¹⁰ Requests should contain: (1) The party's name, address and telephone number; (2) the number of participants; and (3) a list of issues parties intend to discuss. Issues raised in the hearing will be limited to those raised in the respective case and rebuttal briefs. If a request for a hearing is made, the Department intends to hold the hearing at the U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230, at a date and time to be determined.¹¹ Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

Unless extended, the Department intends to issue the final results of this administrative review, which will include the results of our analysis of all issues raised in the case briefs, within 120 days of publication of these preliminary results in the **Federal Register**, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results, the Department will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review.¹² If a respondent's weighted-average dumping margin is not zero or *de minimis* in the final results of this review and the respondent reported reliable entered values, we will calculate importer-specific *ad valorem* assessment rates for the merchandise based on the ratio of the total amount of dumping calculated for the examined sales made during the period of review to each importer to the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1). If the

respondent has not reported reliable entered values, we will calculate a per-unit assessment rate for each importer by dividing the total amount of dumping for the examined sales made during the period of review to that importer by the total sales quantity associated with those transactions. Where an importer-specific *ad valorem* assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties in accordance with 19 CFR 351.106(c)(2). If the respondent's weighted-average dumping margin is zero or *de minimis* in the final results of review, we will instruct CBP not to assess duties on any of its entries in accordance with the *Final Modification for Reviews*, i.e., “{w}here the weighted-average margin of dumping for the exporter is determined to be zero or *de minimis*, no antidumping duties will be assessed.”¹³

Regarding entries of subject merchandise during the period of review that were produced by Inmax and Region and for which they did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate un-reviewed entries at the all-others rate of 2.66 percent, as established in the less-than-fair-value investigation of the order, if there is no rate for the intermediate company(ies) involved in the transaction.¹⁴ For a full discussion of this matter, *see Assessment Policy Notice*.¹⁵

For the firms covered by this review, we intend to issue liquidation instructions to CBP 15 days after publication of the final results of this review. For the non-reviewed firms for which we are rescinding this administrative review, the Department intends to instruct CBP 15 days after publication of these preliminary results of review to assess antidumping duties at rates equal to the rates of cash deposits for estimated antidumping duties required at the time of entry, or withdrawn from warehouse, for consumption, during the period December 29, 2014, through June 30,

¹³ See *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings: Final Modification*, 77 FR 8101, 8102 (February 14, 2012) (*Final Modification for Reviews*).

¹⁵ See *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003) (*Assessment Policy Notice*).

³ The Department has preliminarily determined to collapse, and treat as a single entity, affiliates Inmax Sdn. Bhd. and Inmax Industries Sdn. Bhd. (collectively, Inmax) and Region International Co. Ltd. and Region System Sdn. Bhd. (collectively Region). For our analysis of the collapsing criteria, *see* the company-specific analysis memorandum, dated concurrently with this notice.

⁴ As we did not have a publicly-ranked total U.S. sales value for Region for the period December 29, 2014, through June 30, 2016, to calculate a weighted-average dumping margin for the non-examined company, Tag Fasteners, the rate applied to this company is a simple average of the weighted-average dumping margins calculated for Inmax and Region.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for Inmax and Region and other companies listed above will be equal to the weighted-average dumping margin established in the final results of this administrative review; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which they were reviewed; (3) if the exporter is not a firm covered in this review, a prior review, or in the investigation but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be the all-others rate of 2.66 percent. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(4).

SUMMARY: The Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on certain steel nails from Taiwan. SUPPLEMENTARY INFORMATION:

Scope of the Order¹

The merchandise covered by this order is certain steel nails. The certain steel nails subject to the order are currently classifiable under HTSUS subheadings 7317.00.55.02, 7317.00.55.03, 7317.00.55.05, 7317.00.55.07, 7317.00.55.08, 7317.00.55.11, 7317.00.55.18, 7317.00.55.19, 7317.00.55.20, 7317.00.55.30, 7317.00.55.40, 7317.00.55.50, 7317.00.55.60, 7317.00.55.70, 7317.00.55.80, 7317.00.55.90, 7317.00.65.30, 7317.00.65.60 and 7317.00.75.00. Certain steel nails subject to these orders also may be classified under HTSUS subheadings 7907.00.60.00, 8206.00.00.00 or other HTSUS subheadings.

The full description of the scope of the order is contained in the memorandum, "Decision Memorandum for Preliminary Results of Antidumping Duty Administrative Review: Certain Steel Nails from Taiwan; 2015-2016" (Preliminary Decision Memorandum), which is hereby adopted by this notice. The written description of the scope of the order is dispositive.

Methodology

For Unicatch, the Department has conducted this review in accordance with section 751(a)(1) of the Tariff Act of 1930, as amended (the Act). Normal value (NV) is calculated in accordance with section 773(e) of the Act. Constructed export price or export price is calculated in accordance with section 773(a) of the Act.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov> and is available to all parties in the Central Records Unit, room B-8024 of the main Department of Commerce building. In

addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/index.html>. The signed Preliminary Decision Memorandum and the electronic version of the Preliminary Decision Memorandum are identical in content. A list of the topics discussed in the Preliminary Decision Memorandum is attached as the Appendix to this notice.

Application of Facts Available and Adverse Facts Available

We preliminarily determine that PT and Bonuts failed to cooperate to the best of their ability in participating in the review, warranting the application of facts otherwise available with adverse inferences, pursuant to section 776(a)-(b) of the Act. For a full description of the methodology and rationale underlying our conclusions, see the Preliminary Decision Memorandum.

Rate for Non-Examined Companies

The statute and the Department's regulations do not address the establishment of a rate to be applied to companies not selected for examination when the Department limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, the Department looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a market economy investigation, for guidance when calculating the rate for companies which were not selected for individual review in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally "an amount equal to the weighted average of the estimated weighted average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins, and any margins determined entirely {on the basis of facts available}." In this review, we calculated a weighted-average dumping margin for Unicatch that is not zero, *de minimis*, or determined entirely on the basis of facts available. Accordingly, the Department assigned Hor Liang Industrial Corp., and Romp Coil Nails Industries Inc. a margin of 34.20 percent, which is Unicatch's calculated weighted-average dumping margin.

Partial Rescission of Review

On December 12, 2016, Mid Continent Steel & Wire, Inc. (Mid Continent), a domestic producer and interested party, timely withdrew its review requests for
