SUPPLEMENTARY INFORMATION:

I. Background

In FR Doc. 2016-09581 (81 FR 27498 through 27901), the final rule entitled, “Medicaid and Children's Health Insurance Program (CHIP) Programs; Medicaid Managed Care, CHIP Delivered in Managed Care, and Revisions Related to Third Party Liability” there were technical errors

that are identified and corrected in this correcting document. These corrections are applicable immediately.

II. Summary of Errors

A. Summary of Errors in the Preamble

On page 27560 we made a technical error in the response to comments of § 438.6(e). In this response, we inadvertently identified the effective date and the date by which we would enforce compliance for the regulation, which is correctly identified in the Compliance section on page 27499.

On page 27679 we made a technical error in the preamble text of § 438.330 (Quality Assessment and Performance Improvement Program) in a response to comment. We stated, “Note that standards for risk adjustment are provided in §§ 438.5(g) and 438.7(b)(5).” We inadvertently omitted the words “for payment purposes” after “risk adjustment” in this sentence to clarify that these cross-referenced sections are related to risk adjustment for payment purposes.

On page 27708 we made a technical error in the preamble text of § 438.358 (Activities Related to External Quality Review) in a response to comment about § 438.358(b)(iv) (Validation of MCO, PIHP, or PAHP validation of network adequacy). We inadvertently included PIHPs and PAHPs in a statement about the match rate for this EQR-related activity for MCOs. We stated, “. . . the validation of MCOs, PIHPs, and PAHPs would be eligible for the 75 percent match rate under § 438.370(a).” This was in error, as it conflicts with § 438.370 of the final rule and the preamble discussion of that section on pages 27715 through 27717.

On page 27712 we made a technical error in the preamble text of § 438.360 (Nonduplication of mandatory activities with Medicare or accreditation review) in a response to comment about updating the EQR protocols to incorporate data from a Medicare or private accrediting entity review. We referenced three of the mandatory EQR-related activities using the citation from the proposed rule (§ 438.358(b)(1) to (b)(3)), rather than the citation from the final rule (§ 438.358(b)(1)(i) to (b)(1)(iii)).

On page 27738 we made a technical error in the response to comments of § 438.242(b)(2). In this response, we inadvertently mistyped “T-MSIS.”

On page 27766 we made a technical error in the preamble text of § 457.1233. We inadvertently did not note that CHIP is also adopting the changes discussed in the Medicaid preamble to include PCCM entities as subject to § 438.230 in

response to public comments and consideration of a managed care plan's subcontracted or delegated obligations, services, or activities.

B. Summary of Errors in Regulation Text

On page 27860 we made a technical error in the regulation text of § 438.6(c)(2)(i). In this paragraph, we inadvertently omitted "actuarial" before "principles and practices."

On page 27862 we made a technical error in the regulation text of § 438.8(e)(1). In this paragraph, we inadvertently referenced fraud reduction activities instead of fraud prevention activities.

On page 27863 we made a technical error in the regulation text of § 438.8(f)(2)(i). In this paragraph, we inadvertently included an extra word "to."

On page 27867 we made a technical error in the regulation text of § 438.10(g)(2)(xiii). In this paragraph, we inadvertently included an extra word "in."

On page 27879 we made a technical error in the regulation text of § 438.210(a)(2). In this paragraph, we inadvertently referenced part 440 instead of part 441.

On page 27884 we made a technical error in the regulation text of § 438.350(d). We incorrectly cross-referenced § 438.364(a)(1)(i) through (iv) instead of § 438.364(a)(2)(i) through (iv).

On page 27885 we made a technical error in the regulation text of § 438.358(a)(2) (Activities related to external quality review). We incorrectly cross-referenced § 438.364(a)(i) through (iv) instead of § 438.364(a)(2)(i) through (iv).

On page 27885 we made a technical error in the regulation text of § 438.358(c)(3) (Activities related to external quality review). We incorrectly cross-referenced § 438.358(b)(2) instead of § 438.358(b)(1)(ii).

On page 27885 we made a technical error in the regulation text of § 438.358(c)(4) (Activities related to external quality review). We incorrectly cross-referenced § 438.358(b)(1) instead of § 438.358(b)(1)(i).

On page 27891 we made a technical error in the regulation text of § 438.604(a)(2). In this paragraph, we inadvertently referenced § 438.3 instead of § 438.4.

On page 27898 we made a technical error in the regulation text of § 457.1201(l). In this paragraph, we inadvertently cross-referenced the Medicaid requirements related to MHPAEA at § 438.3(n) instead of CHIP MHPAEA requirements at § 457.496. Both the Medicaid and CHIP MHPAEA

provisions were issued on March 30, 2016, at 81 FR 18390, 18436 and 18442. They are parallel provisions and the change in the cross-reference will not result in any substantive change in the applicable requirements.

On page 27898 we made a technical error in the regulation text of § 457.1201(n)(2). In this paragraph, we inadvertently omitted a cross-reference to § 438.330(b)(2) as we discussed in the preamble on page 27757.

On page 27898 we made a technical error in the regulation text of § 457.1203(a). In this paragraph, we inadvertently included a parenthesis before the word "implementing."

On page 27898 we made a technical error in the regulation text of § 457.1203(e). In this paragraph, we inadvertently did not include a comma after the word "MCOs" and we inadvertently included the word "to" after the word "under."

On page 27899 we made a technical error in the regulation text of § 457.1210(c)(2) and § 457.1210(c)(4). In this paragraph, we incorrectly used the word "Explains" instead of the word "Explain."

On page 27899 we made a technical error in the regulation text of § 457.1214. In this section, we referenced § 438.58, the conflict of interest safeguards required for Medicaid managed care plans. However, we inadvertently did not specify that references to § 438.54(b) (relating to the Medicaid managed care enrollment processes) in § 438.58 should refer to the enrollment processes for CHIP described in § 457.1210(a).

On page 27899 we made a technical error in the regulation text of § 457.1228. We inadvertently omitted the words "and poststabilization care" before the word "services." Additionally, we are replacing the cross-reference to § 457.10 with a cross-reference to § 438.114 to reflect the intended alignment with Medicaid definitions that was clearly expressed in the preamble on page 27764 in discussing § 457.1228. In that preamble discussion, we expressly indicated that we would be adopting the definitions at § 438.114.

On page 27899 we made a technical error in the regulation text of § 457.1230(c). We inadvertently did not provide that the applicability date for the Medicaid requirements in § 438.208(d) does not apply to CHIP.

On page 27899 we made a technical error in the regulation text of § 457.1230(d). We inadvertently did not provide the applicability date for the Medicaid requirements in § 438.210(f) does not apply to CHIP.

On page 27900 we made a technical error in the regulation text of § 457.1233(b). As indicated in the preamble on page 27766, we intended to align the structure and operation standards for CHIP managed care entities with parallel Medicaid standards, but we inadvertently omitted PCCM entities from the list of managed care entities that the state must ensure are in compliance with § 438.230.

On page 27900 we made technical errors in the regulation text of § 457.1240(e). We inadvertently left in an obsolete cross reference from the proposed rule to § 438.340(e).

On page 27900 we made technical errors in the regulation text of § 457.1240(f). In this paragraph, we incorrectly spelled "PCCM entities" as "PPCM entities."

On page 27900 we made technical errors in the regulation text of § 457.1250(a), relating to external quality review. We inadvertently did not provide that while the terms of Medicaid external quality review provisions at § 438.350 applies to PCCM entities, § 438.362, which is cross-referenced in § 438.350, does not apply to PCCM entities in CHIP.

On page 27900 we made technical errors in the regulation text of § 457.1260. We inadvertently did not include an exception to the Medicaid applicability date as described in § 438.400(c).

III. Waiver of Proposed Rulemaking and Delay in Effective Date

Under 5 U.S.C. 553(b) of the Administrative Procedure Act (APA), the agency is required to publish a notice of the proposed rule in the **Federal Register** before the provisions of a rule take effect. In addition, section 553(d) of the APA mandates a 30-day delay in effective date after issuance or publication of a rule. Sections 553(b)(B) and 553(d)(3) of the APA provide for exceptions from the APA notice and comment, and delay in effective date requirements. Section 553(b)(B) of the APA authorizes an agency to dispense with normal notice and comment rulemaking procedures for good cause if the agency makes a finding that the notice and comment process is impracticable, unnecessary, or contrary to the public interest; and includes a statement of the finding and the reasons for it in the notice.

In our view, this correcting document does not constitute a rulemaking that would be subject to these requirements. This document merely corrects technical errors in the Medicaid and Children's Health Insurance Program (CHIP) Programs; Medicaid Managed

Care, CHIP Delivered in Managed Care, and Revisions Related to Third Party Liability final rule. The corrections contained in this document are consistent with, and do not make substantive changes to, the policies and payment methodologies that were adopted subject to notice and comment procedures in the Medicaid and Children's Health Insurance Program (CHIP) Programs; Medicaid Managed Care, CHIP Delivered in Managed Care, and Revisions Related to Third Party Liability final rule. As a result, the corrections made through this correcting document are intended to ensure that the Medicaid and Children's Health Insurance Program (CHIP) Programs; Medicaid Managed Care, CHIP Delivered in Managed Care, and Revisions Related to Third Party Liability final rule accurately reflects the policies adopted in that rule.

Even if this were a rulemaking to which the notice and comment and delayed effective date requirements applied, we find that there is good cause to waive such requirements.

Undertaking further notice and comment procedures to incorporate the corrections in this document into the Medicaid and Children's Health Insurance Program (CHIP) Programs; Medicaid Managed Care, CHIP Delivered in Managed Care, and Revisions Related to Third Party Liability final rule or delaying the effective date of the corrections would be contrary to the public interest because it could result in a period of confusion about the applicability of the rules while those procedures are pending. Further, such procedures would be unnecessary, because the corrections in this document do not make substantive changes in the underlying policies but are limited to elimination of typographical errors, incorrect cross references, confusing or inconsistent language, and obvious errors. This correcting document is intended solely to ensure that the Medicaid and Children's Health Insurance Program (CHIP) Programs; Medicaid Managed Care, CHIP Delivered in Managed Care, and Revisions Related to Third Party Liability final rule accurately reflects the final policy determinations that were set forth in the overall rulemaking record. For these reasons, we believe there is good cause to waive the requirements for notice and comment and delay in effective date.

The remaining provisions of § 457.1233 are finalized as proposed."

SUPPLEMENTARY INFORMATION:

I. Background

The Robert T. Stafford Disaster Relief and Emergency Assistance Act, as amended (Stafford Act), Title 42 of the United States Code (U.S.C.) 5121 *et seq.*, authorizes the President to provide Federal assistance when the magnitude of an incident or threatened incident exceeds the affected State, Territorial, Indian Tribal, and local government capabilities to respond or recover. FEMA provides assistance to State, Territorial, Indian Tribal, and local governments and certain types of private nonprofit (PNP) organizations via its Public Assistance program. Through the Public Assistance program, FEMA provides supplemental Federal disaster grant assistance for debris removal, emergency protective measures, and the restoration of disaster-damaged, publicly owned facilities and the facilities of certain PNP organizations. The Public Assistance program also encourages protection of these damaged facilities from future events by providing
