### Overview of This Information Collection

(1) *Type of Information Collection:* Revisions to a currently approved collection.

(2) *Title of the Form/Collection:* Semiannual Progress Report for the Improving Criminal Justice Responses to Sexual Assault, Domestic Violence, Dating Violence, and Stalking Grant Program.

(3) *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* Form Number: 1122-0006. U.S. Department of Justice, Office on Violence Against Women.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* The affected public includes 200 grantees from the Improving Criminal Justice Responses to Sexual Assault, Domestic Violence, Dating Violence, and Stalking Grant Program (ICJR Program) (also known as Grants to Encourage Arrest Policies and Enforcement of Protection Orders) which encourages state, local, and tribal governments and state, local, and tribal courts to treat domestic violence, dating violence, sexual assault, and stalking as serious violations of criminal law requiring the coordinated involvement of the entire criminal justice system. Eligible applicants are states and territories, units of local government, Indian tribal governments, coalitions, victim service providers and state, local, tribal, and territorial courts.

OVW is proposing revisions to the progress reporting form to reflect statutory changes as a result of the reauthorization of VAWA grant programs in 2013 which added nine new purpose areas: training prosecutors; improving the response of the criminal justice system to immigrant victims; developing and promoting legislation and policies to enhance best practices

for responding to domestic violence, dating violence, sexual assault, and stalking; developing Sexual Assault Forensic Examiner programs; developing Sexual Assault Response Teams or similar CCRs to sexual assault; improving investigation and prosecution of sexual assault and treatment of victims; providing HIV testing, counseling, and prophylaxis for victims; addressing sexual assault evidence backlogs including notifying and involving victims; and developing multi-disciplinary high-risk teams for reducing domestic violence and dating violence homicides.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond/reply:* It is estimated that it will take the approximately 200 respondents (ICJR Program grantees) approximately one hour to complete a semi-annual progress report. The semi-annual progress report is divided into sections that pertain to the different types of activities in which grantees may engage. An ICJR Program grantee will only be required to complete the sections of the form that pertain to its own specific activities (victim services, law enforcement, training, etc.).

(6) *An estimate of the total public burden (in hours) associated with the collection:* The total annual hour burden to complete the data collection forms is 400 hours, that is 200 grantees completing a form twice a year with an estimated completion time for the form being one hour.

*If additional information is required contact:* Melody Braswell, Deputy Clearance Officer, United States Department of Justice, Justice Management Division, Policy and Planning Staff, Two Constitution Square, 145 N Street NE., 3E, 405B, Washington, DC 20530.

**Overview of This Information Collection**

(1) *Type of Information Collection:* Revisions to a currently approved collection.

(2) *Title of the Form/Collection:* Annual Progress Report for the STOP Formula Grants Program.

(3) *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* Form Number: 1122-0003. U.S. Department of Justice, Office on Violence Against Women.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* The affected public includes

the 56 STOP state administrators (from 50 states, the District of Columbia and five territories and commonwealths (Guam, Puerto Rico, American Samoa, Virgin Islands, Northern Mariana Islands)) and their subgrantees. The STOP Violence Against Women Formula Grants Program was authorized through the Violence Against Women Act of 1994 (VAWA) and reauthorized and amended by the Violence Against Women Acts of 2000, 2005 and 2013. Its purpose is to promote a coordinated, multi-disciplinary approach to improving the criminal justice system's response to violence against women. The STOP Formula Grants Program envisions a partnership among law enforcement, prosecution, courts, and victim advocacy organizations to enhance victim safety and hold offenders accountable for their crimes of violence against women. OVW administers the STOP Formula Grants Program. The grant funds must be distributed by STOP state administrators to subgrantees according to a statutory formula.

OVW is proposing revisions to the progress reporting form to reflect statutory changes as a result of the reauthorization of VAWA grant programs in 2013 which added seven new purpose areas: Developing and promoting legislation and policies to enhance best practices for responding to domestic violence, dating violence, sexual assault, and stalking; Developing Sexual Assault Response Teams and related coordinated community responses to sexual assault; improving investigation and prosecution of sexual assault cases and appropriate treatment of victims; responding to sexual assault against men, women, and youth in correctional settings; responding to backlogs of sexual assault evidence including developing protocols and policies for notifying and involving victims; improving responses to male and female victims whose ability to access traditional services and responses is affected by their sexual orientation or gender identity; and supporting prevention or educational programming (limited to five percent of the award amount). The reauthorization also ensured that domestic violence, dating violence, sexual assault, and stalking are included in all the statutory purpose areas and added legal assistance in purpose area for "victim assistance".

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond/reply:* It is estimated that it will take the 56 respondents (STOP administrators) approximately one hour

to complete an annual progress report. It is estimated that it will take approximately one hour for roughly 2500 subgrantees<sup>1</sup> to complete the relevant portion of the annual progress report. The Annual Progress Report for the STOP Formula Grants Program is divided into sections that pertain to the different types of activities that subgrantees may engage in and the different types of subgrantees that receive funds, i.e. law enforcement agencies, prosecutors' offices, courts, victim services agencies, etc.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The total annual hour burden to complete the annual progress report is 2,556 hours.

*If additional information is required contact:* Melody Braswell, Deputy Clearance Officer, United States Department of Justice, Justice Management Division, Policy and Planning Staff, Two Constitution Square, 145 N Street NE., 3E, 405B, Washington, DC 20530.
