E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This temporary rule involves the establishment of a temporary safety zone. It is categorically excluded from further review under paragraph 34(g) of Figure 2–1 of Commandant Instruction M16475.ID. A Record of Environmental Consideration (REC) for Categorical Excluded Actions will be available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

BILLING CODE 7710-12-P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 54

[WC Docket Nos. 10–90, 14–58; FCC 17–87]

Connect America Fund, ETC Annual Reports and Certifications

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: In this document, by eliminating several rules that are either duplicative of other reporting requirements or are simply no longer necessary, the Federal Communications Commission (Commission) streamlines the annual reporting requirements for eligible telecommunications carriers (ETCs) that receive high-cost universal service support. The Commission also re-emphasizes the importance of providing the public with access to non-confidential information filed by ETCs, and it directs the Universal Service Administrative Company (USAC) to work closely with state and Tribal governments and other stakeholders to improve public access to the information that ETCs will continue to file.

DATES: Effective September 22, 2017.

FOR FURTHER INFORMATION CONTACT:

Alexander Minard, Wireline Competition Bureau, (202) 418–7400 or TTY: (202) 418–0484.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Report and Order in WC Docket Nos. 10–90,

14–58; FCC 17–87, adopted on July 6, 2017 and released on July 7, 2017. The full text of this document is available for public inspection during regular business hours in the FCC Reference Center, Room CY–A257, 445 12th Street SW., Washington, DC 20554, or at the following Internet address: http://transition.fcc.gov/Daily_Releases/Daily_Business/2017/db0714/FCC-17-87A1.pdf

I. Report and Order

1. In this Report and Order, by eliminating several rules that are either duplicative of other reporting requirements or are simply no longer necessary, the Commission streamlines the annual reporting requirements for eligible telecommunications carriers (ETCs) that receive high-cost universal service support. The Commission also re-emphasizes the importance of providing the public with access to non-confidential information filed by ETCs, and it directs the Universal Service Administrative Company (USAC) to work closely with state and Tribal governments and other stakeholders to improve public access to the information that ETCs will continue to file. In doing so, the Commission reduces ETCs' regulatory burdens while strengthening the tools for program oversight in furtherance of its goal of protecting the high cost universal support program against waste, fraud, and abuse.

2. *Discussion.* Based on the record before us, the Commission finds that it can eliminate all elements of the Commission's annual high-cost reporting rules on which it sought comment without compromising its ability to monitor whether ETCs are using high-cost universal service support for its intended purpose. The Commission agrees with the vast majority of commenters that note "reporting obligations should be effectively and efficiently tailored to monitoring ETCs' modified service obligations." At the same time, the Commission reiterates the importance of providing access to non-confidential information to the public and to states, U.S. Territories, and Tribal governments.

3. *Network outage reporting.* First, because the Commission's Network Outage Reporting System (NORS) already collects detailed outage information, and does so in a more timely fashion than the FCC Form 481, the Commission eliminates the rule requiring that ETCs' annual reports include detailed information about any outages affecting voice service for at least 30 minutes that they have
