BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[DA 17-757]

Radio Broadcasting Services; Various Locations

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: This document amends the FM Table of Allotments, of the Commission’s rules, by reinstating certain vacant FM allotments. These FM allotments are considered vacant because of the cancellation of the associated authorizations and licenses, or the dismissal of long-form auction applications. These vacant FM allotments have previously undergone notice and comment rule making. Reinstatement of the vacant allotments is merely a ministerial action to effectuate licensing procedures. Therefore, we find for good cause that further notice and comment are unnecessary.

DATES: Effective September 6, 2017.

FOR FURTHER INFORMATION CONTACT:

Rolanda F. Smith, Media Bureau, (202) 418-2700.

SUPPLEMENTARY INFORMATION: This is a synopsis of the Commission’s *Order*, adopted August 10, 2017 and released August 11, 2017. The full text of this Commission decision is available for inspection and copying during normal business hours in the FCC’s Reference Information Center at Portals II, CY-A257, 445 Twelfth Street, SW., Washington, DC 20554. The full text is also available online at <http://apps.fcc.gov/ecfs/>. This document does not contain information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104-13. The Commission will not send a copy of the *Order* in a report to be sent to Congress and the Government Accountability Office pursuant to the Congressional Review Act, *see* 5 U.S.C. 801(a)(1)(A) because the *Order* is a ministerial action.

Provisions of the Regulatory Flexibility Act of 1980 do not apply to this proceeding.

SUMMARY: We, the U.S. Fish and Wildlife Service, are making a technical correction to remove the endangered Tonkin snub-nosed monkey (*Rhinopithecus avunculus*) from certain regulations that apply to certain threatened primates. These regulations apply only to threatened species, and Tonkin snub-nosed monkeys were reclassified as an endangered species in 1990. Therefore, the provisions of the regulations for threatened primates do not apply to this species. We are correcting this error in the Code of Federal Regulations.

DATES: This action is effective September 6, 2017.

ADDRESSES: This final rule and a list of the references cited is available on the Internet at <http://www.regulations.gov> at Docket No. FWS-HQ-ES-2017-0026.

FOR FURTHER INFORMATION CONTACT: Janine Van Norman, Chief, Branch of Foreign Species, Ecological Services Program, U.S. Fish and Wildlife Service; MS: ES, 5275 Leesburg Pike, Falls Church, VA 22041-3803; telephone 703-358-2171. If you use a telecommunications device for the deaf (TDD), call the Federal Relay Service at 800-877-8339.

SUPPLEMENTARY INFORMATION: The purpose of this final rule is to notify the public that we are removing the Tonkin snub-nosed langur from regulations in title 50 of the Code of Federal Regulations (CFR) that pertain to certain primates that are listed as threatened species under the Endangered Species Act of 1973, as amended (Act; 16 U.S.C. 1531 *et seq.*). The List of Endangered and Threatened Wildlife (List) under the Act is found at 50 CFR 17.11(h). The regulations that are the focus of this final rule are found at 50 CFR 17.40(c). We are removing the Tonkin snub-nosed langur (*Pygathrix [Rhinopithecus] avunculus*) from the list of primates in § 17.40(c)(1). (For reasons explained below in Taxonomy, the Tonkin snub-nosed langur (*Pygathrix [Rhinopithecus] avunculus*) is older nomenclature for the now generally accepted common and scientific names: Tonkin snub-nosed monkey (*Rhinopithecus avunculus*). In this document, we use the currently accepted common name Tonkin snub-nosed monkey.)

On January 9, 2016, we received a petition, dated the same day from People for the Ethical Treatment of Animals Foundation (PETA), requesting in part that Tonkin snub-nosed monkey be removed from the regulations at § 17.40(c), which pertain to threatened primates, because this species is listed as an endangered species under the Act at 50 CFR 17.11(h).
