SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on June 20, 2017 at 82 FR 28086.

A. Overview of Information Collection

Title of Information Collection: Public Housing Financial Management Template.

OMB Approval Number: 2535-0107.

Type of Request: Revision of a currently approved collection.

Form Number: N/A.

Description of the need for the information and proposed use: To meet the requirements of the Uniform Financial Standards Rule (24 CFR part 5, subpart H) and the asset management requirements in 24 CFR part 990, the Department developed financial management templates that public housing agencies (PHAs) use to annually submit electronically financial information to HUD. HUD uses the financial information it collects from each PHA to assist in the evaluation and assessment of the PHAs' overall condition. Requiring PHAs to report electronically has enabled HUD to provide a comprehensive financial

assessment of the PHAs receiving federal funds from HUD.

Respondents (i.e., affected public): Public Housing Agencies (PHAs).

Estimated Annual Reporting and Recordkeeping Burden: The estimated number of respondents is 3,916 PHAs that submit one unaudited financial management template annually and 3,538 PHAs that submit one audited financial management template annually, for a total of 7,454 responses. The average number of hours for each PHA response is 5.33 hours, for a total reporting burden of 39,721 hours.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond: Including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. HUD encourages interested parties to submit comment in response to these questions.

Authority: Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35.

The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on March 1, 2016 at 81 FR 10651.

A. Overview of Information Collection

Title of Information Collection: Public Housing Annual Contributions Contract and Inventory Removal Application.

OMB Approval Number: 2577-0075.

Type of Request: Revision of a currently approved collection.

Form Number: HUD-51999, HUD-52190, HUD-52840-A, HUD-53012, HUD-52860, HUD 52860-A, HUD 52860-B, HUD 52860-C; HUD 52860-D; HUD 52860-E, HUD 52860-F, HUD-52860-G, and HUD-5837.

Description of the need for the information and proposed use: HUD previously amended this information collection to consolidate all information that PHAs are required to submit to HUD in connection with their contractual duties to operate and remove public housing dwelling units and other real property under the United States Housing Act of 1937 (1937 Act) (42 U.S.C § 1437g).

Annual Contributions Contract (ACC) (HUD-53012). Section 9 of the 1937 Act

permits the Secretary of HUD to make grants (i.e., annual contributions contracts) to Public Housing Agencies (PHAs) to achieve and maintain the lower income character of public housing projects. The Secretary is required to embody the provisions for such payments in an agreement (i.e., ACC). The purpose of the ACC is to establish the grant agreement between each Public Housing Agency (PHA) and HUD. The ACC establishes the basic terms and conditions for the PHA's public housing program and requires the PHA to manage and operate all of its public housing properties in accordance with the U.S. Housing Act of 1937 and all applicable HUD Requirements. This collection amends this ACC document by merging the current HUD-53012-A and HUD-53012-B forms into one document and adding requirements applicable to mixed-finance public housing development and making minor clarifications and updates, based on applicable statutes and regulations, on the contractual agreement.

Declaration of Trust (DOT) (HUD-51290). The purpose of the Declaration of Trust (DOT) is to require PHA's to remain seized of the title of public housing projects and other real property and to refrain from transferring, conveying, assigning, leasing, mortgaging, pledging, or otherwise encumbering or permitting or suffering any transfer, conveyance, assignment, lease, mortgage, pledge or other encumbrance of said property or any part thereof, appurtenances thereto, or any rent, revenues, income, or receipts therefrom or in connection therewith, or any of the benefits or contributions granted to it by or pursuant to the ACC. This collection amends this ACC document by merging the current HUD-51290-A (development) and HUD-51290-B (modernization) forms, into one document, as well as adding the Declaration of Restrictive Covenants (DORC) document for mixed-finance public housing developments into one form.

General Depository Agreement (GDA) (HUD-51999). The purpose of the General Depository Agreement (GDA) is to ensure PHAs use all program receipts received from HUD or otherwise associated with public housing funds for purposes of public housing, by requiring such financial assistance to be deposited into interest-bearing accounts at financial institutions whose deposits or accounts are insured by the Federal Deposit Insurance Corporation (FDIC) or the National Credit Union Share Insurance Fund (NCUSIF). This collection makes a small change to the Notice provision of the GDA to require

that notice be implemented by the Depository within 24 hours of receipt. The GDA is an agreement between the PHA and the Depository and establishes the terms and conditions dictating the investment policies for the PHAs deposits.

Inventory Removal Application (HUD-52860). The purpose of the Inventory Removal Application (HUD-52860) is to ensure PHAs comply with the statutory and regulatory requirements when removing public housing projects and other real property subsidized by HUD from their inventory through various programs, including Sections 18, 22, 33, 32 of the 1937 Act and eminent domain settlement agreements and retentions under 2 CFR 200.311. This application and approval process also ensures an accurate and up-to-date building and unit count for the PHA. HUD uses the PHA's inventory of buildings and units for various purposes, such as funding and property inspections. This collection modifies this form to make it a better-tailored "global" form that applies to all removal actions. It is required in addition to the addendum related to the specific removal program.

Demolition/Disposition Addendum (HUD-52860-A). This collection adds this new addendum to specifically address the requirements of 24 CFR part 970 for demolition and disposition removals. These requirements were previously included in the global HUD-52860.

Total Development Cost (TDC) and Rehab Cost Estimate Addendum (HUD-52860-B). This information is required for all Inventory Removal Applications that propose a demolition under 24 CFR 970.15 or a disposition under 24 CFR 970.17 based on physical obsolescence. This collection makes formatting and instructional changes and refers users to the applicable HUD notice for more guidance.

Homeownership Addendum (HUD-52860-C). This information is required for all Inventory Removal Applications that propose a homeownership program under 24 CFR part 906. This collection makes formatting, instructional and other changes to provide clearer direction and to ensure PHAs are fully complying with the requirements of 24 CFR part 906.

Required Conversion Addendum (HUD-52860-D). This information is required for all Inventory Removal Applications that propose a required conversion under 24 CFR 972-Subpart A. This collection makes minor formatting, instructional and other changes to provide clearer direction and to ensure PHAs are fully complying

with the requirements of 24 CFR part 972 Subpart-A.

Voluntary Conversion Addendum (HUD-52860-E). This information is required for all Inventory Removal Applications that propose a required conversion under 24 CFR 972-Subpart B. This collection makes minor formatting, instructional and other changes to provide clearer direction and to ensure PHAs are fully complying with the requirements of 24 CFR part 972 Subpart-B.

Eminent Domain Addendum (HUD-52860-F). This information is required for all Inventory Removal Applications that propose settlement agreement (in lieu of court proceedings) for public housing projects and other public housing property that taking entity proposes to condemn through eminent domain proceedings under applicable state law. This collection makes minor formatting, instructional and other changes to provide clearer direction and to ensure PHAs are fully complying with the requirements of PIH Notice 2012-8.

Retention Addendum (HUD-52860-G). This collection adds a new form that applies to PHAs who are requesting to retain certain public housing property in accordance with 2 CFR 200.311(c) and PIH Notice 2016-20.

Notification of Closeout or Future Public Housing Development (HUD-5837). This collection adds a new form that applies to PHAs who are intending to remove all dwelling units in their portfolio from their inventory. This is notification to HUD of a PHA's intention to either closeout from the public housing program or develop new public housing units. Such removal may be through any available law or HUD program, which may include Sections 18, 22, 33, 32 of the U.S. Housing Act of 1937 or the Rental Assistance Demonstration (RAD) program). This form will alert HUD about its future plans for either termination of the public housing ACC or development of new dwelling units. HUD will use this information to provide targeted technical assistance, to ensure HUD has an accurate database of federal public housing inventory and assets, and to monitor PHA compliance with the ACC and applicable federal laws and regulations.

Capital Fund Program Amendment to the ACC (HUD-52840-A). This form amends a PHA's ACC each time HUD provides Capital Fund Program (CFP) assistance to a PHA for capital and management activities of PHA developments. This collection amends this form to change its format from PDF/Word to Excel only.

This collection notes that in a previous amendment of this collection 2577–0075, functions and activities for Public Housing Annual Contributions

Contract that were under OMB control number 2577–0270 were merged into this collection 2577–0075 and the Office Management and Budget (OMB)

approved discontinuation of OMB Control Number 2577–0270.

Respondents: Public Housing Agencies.

A. Overview of Information Collection

Title of Information Collection: Requirements for Designating Housing Projects.

OMB Approval Number: 2577-0192.

Type of Request: Revision of a previously approved collection.

Form Number: None.

Description of the Need for the Information and Proposed Use: The information collection burden associated with designated housing is required by statute. Section 10 of the Housing Opportunity and Extension Act of 1996 modified Section 7 of the U.S. Housing Act of 1937 to require Public Housing Agencies (PHAs) to submit a plan for designation for HUD approval before a project(s) can be designated as either elderly only, disabled only, or elderly and disabled. In this plan, PHAs must document why the designation is needed and provide the following information:

1. Description of the designated housing plan;
 2. Justification for the designation;
 3. Availability of alternative housing resources for the non-designated population(s);
 4. Impact on the availability of accessible housing;
 5. A statement that existing tenants in good standing will not be evicted;
 6. A statement of the resources that will be made available if the PHA offers voluntary relocation benefits; and
 7. Information describing how the DHP is consistent with any outstanding court orders, lawsuits, investigations, Voluntary Compliance Agreements (VCAs), or Letters of Finding.
- Respondents (i.e. affected public):** State, or Local Government.

Estimated Number of Respondents:

39.

Estimated Number of Responses: 1.
Frequency of Response: On occasion.
Average Hours per Response: 15 hours.

Total Estimated Burdens: 585 hours.

The previous estimation of 375 annual burden hours has been increased to 585. This change is based on the number of Plans submitted in Calendar Year 2016, and the expectation that the number of respondents will continue to increase based on the upward trend in senior demographics and the increased use of Low-Income Housing Tax Credits (LIHTC) to finance mixed developments that include senior units by Public Housing Agencies (PHAs).

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected

parties concerning the collection of information described in Section A on the following:

- (2) The accuracy of the agency's estimate of the burden of the proposed collection of information;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and
- (4) Ways to minimize the burden of the collection of information on those who are to respond: Including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.
