OMB Control Number: 2900–0590.

Type of Review: Extension of a currently approved collection.

Abstract: VAAR clause 852.237–7, Indemnification and Medical Liability Insurance, is used in lieu of Federal Acquisition Regulation (FAR) clause 52.237–7, Indemnification and Medical Liability Insurance, in solicitations and contracts for the acquisition of non-personal health care services. It requires the apparent successful bidder/offeror, upon the request of the contracting officer, prior to contract award, to furnish evidence of insurability of the offeror and/or all health-care providers who will perform under the contract. In addition, the clause requires the contractor, prior to commencement of services under the contract, to provide Certificates of Insurance or insurance policies evidencing that the firm possesses the types and amounts of insurance required by the solicitation. The information is required in order to protect VA by ensuring that the firm to which award may be made and the individuals who may provide health care services under the contract are insurable and that, following award, the contractor and its employees will continue to possess the types and amounts of insurance required by the solicitation. It helps ensure that VA will not be held liable for any negligent acts of the contractor or its employees and
