Cast Iron Soil Pipe Fittings From the People's Republic of China: Postponement of Preliminary Determination in the Countervailing Duty Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applied September 21, 2017.

FOR FURTHER INFORMATION CONTACT: Dennis McClure at (202) 482-5973 or Jinny Ahn at (202) 482-0339, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On August 2, 2017, the Department initiated a countervailing duty (CVD) investigation of cast iron soil pipe fittings from the People's Republic of China.¹ Currently, the preliminary determination is due no later than October 6, 2017.

Postponement of Preliminary Determinations

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires the Department to issue the preliminary determination in a CVD investigation within 65 days after the date on which the Department initiated the investigation. However, section 703(c)(1) of the Act permits the Department to postpone the preliminary determination until no later than 130

days after the date on which the Department initiated the investigation if: (A) The petitioner² makes a timely request for a postponement; or (B) the Department concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. The Department will grant the request unless it finds compelling reasons to deny the request.

On September 5, 2017, the petitioner submitted a timely request that the Department postpone the preliminary CVD determination.³ The petitioner stated that it requests postponement of the preliminary determination because the Department selected at least one trading company as a mandatory respondent, and has not yet received questionnaire responses. Therefore, postponing the preliminary determination would allow for receipt and review of these responses.

In accordance with 19 CFR 351.205(e), the petitioner stated the reasons for requesting a postponement of the preliminary determination, and the Department finds no compelling reason to deny the request. Therefore, in accordance with section 703(c)(1)(A) of the Act, the Department is postponing the deadline for the preliminary determination to no later than 130 days after the date on which this investigation was initiated, *i.e.*, December 11, 2017.⁴ Pursuant to section 705(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determination of this investigation will continue to be 75 days after the date of the preliminary determination.

This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(f)(1).

² The petitioner is Cast Iron Soil Pipe Institute (CISPI).

³ See the petitioner's letter, "Re: Cast Iron Soil Pipe Fittings from the People's Republic of China: Request to Extend the Preliminary Determination," dated September 5, 2017.

⁴ Postponing the preliminary determination to 130 days after initiation would place the deadline on Sunday, December 10, 2017. The Department's practice dictates that where a deadline falls on a weekend or federal holiday, the appropriate deadline is the next business day. See *Notice of Clarification: Application of "Next Business Day" Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005).

Polyethylene Retail Carrier Bags From Thailand: Final Results of Antidumping Duty Administrative Review, Final Determination of No Shipments; 2015-2016

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On June 8, 2017, the Department of Commerce published the preliminary results of the administrative review (AR) of the antidumping duty (AD) order on polyethylene retail carrier bags (PRCBs) from Thailand. The period of review (POR) is August 1, 2015, through July 31, 2016. We invited parties to comment on the preliminary results. We received no comments. Accordingly, the final results remain unchanged from the preliminary results.

DATES: Applicable September 21, 2017.

FOR FURTHER INFORMATION CONTACT: Shanah Lee, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Ave. NW., Washington, DC 20230; telephone: (202) 482-6386.

SUPPLEMENTARY INFORMATION:

Background

On June 8, 2017, the Department published in the **Federal Register** the preliminary results of the 2015-2016 administrative review of the AD order on PRCBs from Thailand.¹ In the *Preliminary Results*, we rescinded the review for mandatory respondent, Sahachit Watana Plastic Ind. Co. Ltd. (Sahachit) in accordance with 19 CFR 351.213(d)(1).² In the *Preliminary Results*, we also preliminarily applied adverse facts available to mandatory

respondent Landblue (Thailand) Co., Ltd. (Landblue), pursuant to section 776(a) and (b) of the Tariff Act of 1930, as amended (the Act).³ In addition, in accordance with section 735(c)(5)(B) of the Act, the Department preliminarily assigned to the non-selected companies the only rate determined for an individual respondent in this review, 122.88 percent.⁴ Finally, in the *Preliminary Results*, we preliminarily determined that Super Grip Co., Ltd. (Super Grip) had no shipments during the POR.⁵ The Department gave interested parties an opportunity to comment on the *Preliminary Results*. None were received. The Department conducted this review in accordance with section 751(a)(2) of the Act.

Scope of the Order

The merchandise subject to this order is PRCBs, which may be referred to as t-shirt sacks, merchandise bags, grocery bags, or checkout bags. The subject merchandise is defined as nonsealable sacks and bags with handles (including drawstrings), without zippers or integral extruded closures, with or without gussets, with or without printing, of polyethylene film having a thickness no greater than 0.035 inch (0.889 mm) and no less than 0.00035 inch (0.00889 mm), and with no length or width shorter than 6 inches (15.24 cm) or longer than 40 inches (101.6 cm). The depth of the bag may be shorter than 6 inches but not longer than 40 inches (101.6 cm).

PRCBs are typically provided without any consumer packaging and free of charge by retail establishments, e.g., grocery, drug, convenience, department, specialty retail, discount stores, and restaurants, to their customers to package and carry their purchased products. The scope of the order excludes (1) polyethylene bags that are not printed with logos or store names and that are closeable with drawstrings made of polyethylene film and (2) polyethylene bags that are packed in consumer packaging with printing that refers to specific end-uses other than packaging and carrying merchandise from retail establishments, e.g., garbage bags, lawn bags, trash-can liners.

As a result of changes to the Harmonized Tariff Schedule of the United States (HTSUS), imports of the subject merchandise are currently classifiable under statistical category 3923.21.0085 of the HTSUS. Furthermore, although the HTSUS subheading is provided for convenience and customs purposes, the written

description of the scope of the order is dispositive.

Final Determination of No Shipments

As noted above, in the *Preliminary Results*, we preliminarily determined that Super Grip had no shipments during the POR.⁶ We received no comments from interested parties with respect to this claim. Therefore, because the record indicates that Super Grip did not export subject merchandise to the United States during the POR, and the Department has not received any information that would cause it to alter its *Preliminary Results*, we continue to find that Super Grip had no shipments during the POR.

Final Results of Review

Because the Department received no comments after the *Preliminary Results* for consideration for these final results, we have made no changes to the *Preliminary Results*. We continue to determine that Landblue did not act to the best of its ability by failing to respond to the Department's questionnaires, pursuant to section 776(a) and (b) of the Act; that the application of adverse facts available to Landblue is warranted; and that the rate of 122.88 percent is appropriate to apply to Landblue as adverse facts available. This rate is the highest rate calculated in the *Final LTFV*⁷ and has been applied in each successive administrative review of this proceeding.⁸ Accordingly, pursuant to section 776(c)(2) of the Act, this rate does not require corroboration.

In addition, consistent with the Court of Appeals for the Federal Circuit's decision in *Albermarle Corp. v. United States*,⁹ we have determined that a reasonable method for determining the rate for the non-selected companies is to use the rate applied to the mandatory

respondent (Landblue) in this administrative review.¹⁰ This is the only rate determined in this review for an individual respondent and, thus, should be applied to the 26 non-selected companies under section 735(c)(5)(B) of the Act. Accordingly, we are assigning to the non-selected companies the dumping margin of 122.88 percent.

We therefore determine for these final results that the following weighted-average dumping margins on PRCBs from Thailand exist for the POR:

Exporter/Producer	Weighted-average dumping margins (percent)

date of publication of these final results of review. We will instruct CBP to apply an *ad valorem* assessment rate of 122.88 percent to all entries of subject merchandise during the POR which were produced and/or exported by Landblue, and *ad valorem* assessment rate of 122.88 percent to all entries of subject merchandise during the POR which were produced and/or exported by the 26 companies that were not selected for individual examination.¹² Additionally, because the Department determined that Super Grip had no shipments of subject merchandise during the POR, for entries of merchandise produced by Super Grip, for which it did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate in effect during the POR if there is no rate for the intermediate company(ies) involved in the transaction.¹³

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2) of the Act: (1) The cash deposit rates for the reviewed companies will be the rates established in the final results of this review; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value investigation but the manufacturer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the manufacturer of the merchandise; (4) if neither the exporter nor the manufacturer has its own rate, the cash deposit rate will continue to be 4.69 percent, the all-others rate established in the order.¹⁴ These deposit

requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanctions.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(5).

Dated: September 14, 2017.

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Schedules for Atlantic Shark Identification Workshops and Protected Species Safe Handling, Release, and Identification Workshops

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public workshops.

SUMMARY: Free Atlantic Shark Identification Workshops and Protected Species Safe Handling, Release, and Identification Workshops will be held in

October, November, and December of 2017. Certain fishermen and shark dealers are required to attend a workshop to meet regulatory requirements and to maintain valid permits. Specifically, the Atlantic Shark Identification Workshop is mandatory for all federally permitted Atlantic shark dealers. The Protected Species Safe Handling, Release, and Identification Workshop is mandatory for vessel owners and operators who use bottom longline, pelagic longline, or gillnet gear, and who have also been issued shark or swordfish limited access permits. Additional free workshops will be conducted during 2018 and will be announced in a future notice.

DATES: The Atlantic Shark Identification Workshops will be held on October 26, November 16, and December 14, 2017.

The Protected Species Safe Handling, Release, and Identification Workshops will be held on October 12, October 25, November 8, November 14, December 8, and December 13, 2017.

See **SUPPLEMENTARY INFORMATION** for further details.

ADDRESSES: The Atlantic Shark Identification Workshops will be held in Somerville, MA; Mount Pleasant, SC; and Largo, FL.

The Protected Species Safe Handling, Release, and Identification Workshops will be held in Largo, FL; Manahawkin, NJ; Port St. Lucie, FL; Kitty Hawk, NC; Ronkonkoma, NY; and Kenner, LA.

See **SUPPLEMENTARY INFORMATION** for further details on workshop locations.

FOR FURTHER INFORMATION CONTACT: Rick Pearson by phone: (727) 824-5399, or by fax: (727) 824-5398.

SUPPLEMENTARY INFORMATION: The workshop schedules, registration information, and a list of frequently asked questions regarding these workshops are posted on the Internet at: <http://www.nmfs.noaa.gov/sfa/hms/compliance/workshops/index.html>.

Atlantic Shark Identification Workshops

Since January 1, 2008, Atlantic shark dealers have been prohibited from receiving, purchasing, trading, or bartering for Atlantic sharks unless a valid Atlantic Shark Identification Workshop certificate is on the premises of each business listed under the shark dealer permit that first receives Atlantic sharks (71 FR 58057; October 2, 2006). Dealers who attend and successfully complete a workshop are issued a certificate for each place of business that is permitted to receive sharks. These certificate(s) are valid for 3 years. Approximately 136 free Atlantic Shark
