

information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

Responses: 1,599 unique respondents; 3,731 responses.

Estimated Time per Response: 8 hours–60 hours.

Frequency of Response: On occasion, quarterly reporting requirements, annual reporting requirements, one-time reporting requirement and recordkeeping requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 151–154, 155, 201–206, 214, 218–220, 251, 252, 254, 256, 303(r), 332, 403, 405, 410, and 1302.

Total Annual Burden: 68,607 hours.

Total Annual Cost: No Cost.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: We note that USAC must preserve the confidentiality of certain data obtained from respondents; must not use the data except for purposes of administering the universal service programs or other purposes specified by the Commission; and must not disclose data in company-specific form unless directed to do so by the Commission. Respondents may request materials or information submitted to the Commission or the Administrator believed confidential to be withheld from public inspection under 47 CFR 0.459 of the FCC's rules.

Needs and Uses: The Commission is requesting approval for this revised information collection. In March 2016, the Commission adopted an order reforming its universal service support program in areas served by rate-of-return carriers. Connect America Fund et al., WC Docket Nos. 10–90 et al., Report and Order, Order and Order on Reconsideration, and Further Notice of Proposed Rulemaking, FCC 16–33 (*Rate-of-Return Order*). In May 2016, the Commission adopted rules to implement a competitive bidding process for Phase II of the Connect America Fund. Connect America Fund et al., WC Docket Nos. 10–90 et al., Report and Order and Further Notice of Proposed Rulemaking, FCC 16–64 (*Phase II Auction Order*). In August 2016, the Commission adopted a plan

tailored to certain carriers, both fixed and mobile, serving Alaska. Connect America Fund et al., WC Docket No. 10–90 et al., Report and Order and Further Notice of Proposed Rulemaking, FCC 16–115 (*Alaska Plan Order*). Also, in January 2017 the Commission adopted an order which granted New York State waiver of the Connect America Phase II auction program rules, subject to certain conditions. Connect America Fund et al., WC Docket Nos. 10–90 et al., FCC 17–2 (*New York Auction Order*). The Commission made up to \$170.4 million in Connect America Phase II support available to applicants selected in New York's New NY Broadband Program in accordance with the framework adopted in the order. New York winning bidders that are ultimately authorized to receive Connect America Phase II support will be subject to the same location reporting, build-out milestone certifications, and non-compliance measures as Connect America Phase II auction recipients.

This information collection addresses the requirement that certain carriers with high cost reporting obligations must file information about their locations which meet their broadband deployment public interest obligations via an electronic portal ("portal"). The *Rate-of-Return Order* required that the Universal Service Administrative Company (USAC) establish the portal so that carriers could file their location data with the portal starting in 2017. The *Rate-of-Return Order* required all recipients of Phase II model-based support and rate-of-return carriers to submit geocoded location data and related certifications to the portal. Recipients of Phase II model-based support had been required to file such information in their annual reports due by July 1. The *Phase II Auction Order* requires auction winners to build-out networks capable of meeting their public interest obligations and report, to an online portal, locations to which auction winners had deployed such networks. This information collection also addresses the new portal reporting requirements for carriers receiving Alaska Plan support, including their submission of fiber/microwave middle-mile network maps, and recipients of Phase II support that is awarded in partnership with New York's New NY Broadband Program.
