Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

D. Federalism and Indian Tribal Governments

A rule has implications for Federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental Federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for Federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or

more in any one year. Though this rule will not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023-01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321-4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves the establishment of a special local regulation lasting twenty-three hours over two days extending a limited distance of five miles that will prohibit entry on all navigable waters of the Cumberland River from MM 190.0 to MM 195.0. It is categorically excluded from further review under paragraph 35(a) of Figure 2-1 of the Commandant Instruction and a Record of Environmental Consideration was not necessary.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

33 CFR Part 117

[Docket No. USCG-2017-0826]

Drawbridge Operation Regulation; Willamette River, Portland, OR

AGENCY: Coast Guard, DHS.

ACTION: Notice of temporary deviation from drawbridge regulation; cancellation.

SUMMARY: The Coast Guard is canceling the temporary deviation concerning the Morrison Bridge across the Willamette River, mile 12.8, at Portland, Oregon. A temporary interim rule has been approved which grants the bridge owner, Multnomah County, an extension of time to replace the bridge decking. The temporary interim rule effectively replaces the temporary deviation.

DATES: The temporary deviation published on September 1, 2017 (82 FR 41520), is cancelled as of October 3, 2017.

ADDRESSES: The docket for this deviation, USCG-2017-0826, is available at <http://www.regulations.gov>. Type the docket number in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this deviation.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary deviation, call or email Mr. Steven Fischer, Bridge Administrator, Thirteenth Coast Guard District; telephone 206–220–7282, email d13-pf-d13bridges@uscg.mil.

SUPPLEMENTARY INFORMATION: On September 1, 2017, we published a temporary deviation entitled “Drawbridge Operation Regulation; Willamette River, Portland, OR” in the **Federal Register** (82 FR 41520). The temporary deviation provided Multnomah County with additional time to complete necessary bridge repairs. This deviation was authorized under 33 CFR 117.35.

While replacing the bridge decking, the bridge owner’s construction crew experienced delays with both material deliveries and machining bolt hole tolerances. Therefore, more time was needed to complete the necessary tests and inspections. The subject temporary deviation was approved by mistake in an attempt to give the bridge owner more time to finish construction. After approval of the temporary deviation it was discovered that 180 days would not be enough time to complete construction. After we approved this temporary deviation, we approved a temporary interim rule in order to provide more time to finish the bridge construction. The temporary interim rule effectively replaces the temporary deviation. Therefore, we are cancelling this temporary deviation; docket number USCG–2017–0826 concerning the Morrison Bridge.

Dated: September 27, 2017.

Steven M. Fischer,
Bridge Administrator, Thirteenth Coast Guard District.

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs the Tower Drawbridge across the Sacramento

River, mile 59.0, at Sacramento, CA. The deviation is necessary to allow the community to participate in the Sacramento Century Challenge bicycle race. This deviation allows the bridge to remain in the closed-to-navigation position during the deviation period.

DATES: This deviation is effective from 7 a.m. through 10 a.m. on October 7, 2017.

ADDRESSES: The docket for this deviation, USCG–2017–0918, is available at <http://www.regulations.gov>. Type the docket number in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this deviation.

SUPPLEMENTARY INFORMATION: The California Department of Transportation has requested a temporary change to the operation of the Tower Drawbridge over the Sacramento River, mile 59.0, at Sacramento, CA. The drawbridge navigation span provides a vertical clearance of 30 feet above Mean High Water in the closed-to-navigation position. The draw operates as required by 33 CFR 117.189(a). Navigation on the waterway is commercial and recreational.

The drawspan will be secured in the closed-to-navigation position from 7 a.m. through 10 a.m. on October 7, 2017, to allow the community to participate in the Sacramento Century Challenge bicycle race. This temporary deviation has been coordinated with the waterway users. No objections to the proposed temporary deviation were raised. Vessels able to pass through the bridge in the closed position may do so at anytime. In the event of an emergency the draw can open on signal if at least one hour notice is given to the bridge operator. There are no immediate alternate routes for vessels to pass. The Coast Guard will also inform the users of the waterway through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessel operators can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.
