

Alternate Compliance from the International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS), for Hatteras CABO LLC's fishing yacht RESILIENT, HIN: HATHP606H718 as required by statute. Due to the construction and placement of the pilothouse aft of amidships, the vessel cannot fully comply with the masthead light and sidelight provisions of the 72 COLREGS without interfering with the vessel's design and construction, as there are no structures forward of amidships on which a masthead light or sidelights could be affixed. This notice promotes the Coast Guard's maritime safety and stewardship missions.

FOR FURTHER INFORMATION CONTACT: For further information or questions about this notice, call or email: CDR Scott W. Muller, District Five, Chief, Inspections and Investigations, U.S. Coast Guard; telephone: 757-398-6389, email: Scott.W.Muller@uscg.mil.

SUPPLEMENTARY INFORMATION: The United States is signatory to the International Maritime Organization's International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS), as amended. The special construction or purpose of some vessels makes them unable to comply with the light, shape, and sound signal provisions of the 72 COLREGS. Under statutory law¹ and Coast Guard regulation,² a vessel may instead meet alternative requirements and the vessel's owner, builder, operator, or agent may apply for a Certificate of Alternate Compliance (COAC). For vessels of special construction, the cognizant Coast Guard District Office determines whether the vessel for which the COAC is sought complies as closely as possible with the 72 COLREGS and decides whether to issue the COAC. Once issued, a COAC remains valid until information supplied in the COAC application or the COAC terms become inapplicable to the vessel. Under the governing statute³ and regulation,⁴ the Coast Guard must publish notice of this action.

The Prevention Division, Fifth Coast Guard District, hereby finds and certifies that Hatteras CABO LLC's fishing yacht RESILIENT, HIN: HATHP606H718, is a vessel of special construction or purpose and that, with respect to the position of the masthead light and sidelights, it is not possible to comply fully with the requirements of the provisions enumerated in the 72 COLREGS without interfering with the design and construction of the vessel.

The Prevention Division, Fifth Coast Guard District, further finds and certifies that the proposed placement of the masthead light and sidelights is in the closest possible compliance with the applicable provisions of the 72 COLREGS and that full compliance with the 72 COLREGS would not significantly enhance the safety of the vessel's operation.

This notice is issued under authority of 33 U.S.C. 1605(c) and 33 CFR 81.18.

Dated: October 5, 2017.

J.R. Barnes,
Capt., Chief, Prevention Division.

BILLING CODE 9110-04-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA-2017-0002; Internal Agency Docket No. FEMA-B-1750]

Changes in Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: This notice lists communities where the addition or modification of Base Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, or the regulatory floodway (hereinafter referred to as flood hazard determinations), as shown on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports, prepared by the Federal Emergency Management Agency (FEMA) for each community, is appropriate because of new scientific or technical data. The FIRM, and where applicable, portions of the FIS report, have been revised to reflect these flood hazard determinations through issuance of a Letter of Map Revision (LOMR). The LOMR will be used by insurance agents and others to calculate appropriate flood insurance premium rates for new buildings and the contents of those buildings. For rating purposes, the currently effective community number is shown in the table below and must be used for all new policies and renewals.

DATES: These flood hazard determinations will become effective on the dates listed in the table below and revise the FIRM panels and FIS report in effect prior to this determination for the listed communities.

From the date of the second publication of notification of these changes in a newspaper of local circulation, any person has 90 days in which to request through the community that the Deputy Associate Administrator for Insurance and Mitigation reconsider the changes. The flood hazard determination information may be changed during the 90-day period.

ADDRESSES: The affected communities are listed in the table below. Revised flood hazard information for each community is available for inspection at both the online location and the respective community map repository address listed in the table below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at www.msc.fema.gov for comparison.

Submit comments and/or appeals to the Chief Executive Officer of the community as listed in the table below.

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW., Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbibit@fema.dhs.gov; or visit the FEMA Map Information eXchange (FMIX) online at www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: The specific flood hazard determinations are not described for each community in this notice. However, the online location and local community map repository address where the flood hazard determination information is available for inspection is provided.

Any request for reconsideration of flood hazard determinations must be submitted to the Chief Executive Officer of the community as listed in the table below.

The modifications are made pursuant to section 201 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65.

The FIRM and FIS report are the basis of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

These flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required.

¹ 33 U.S.C. 1605(c).

² 33 CFR 81.3.

³ 33 U.S.C. 1605(c).

⁴ 33 CFR 81.18.

They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. The flood hazard determinations are in accordance with 44 CFR 65.4.

The affected communities are listed in the following table. Flood hazard determination information for each community is available for inspection at both the online location and the respective community map repository address listed in the table below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA

Map Service Center at www.msc.fema.gov for comparison.

BILLING CODE 9110–12–P

DEPARTMENT OF HOMELAND SECURITY**Federal Emergency Management Agency**

[Docket ID FEMA–2017–0001]

Notice of Adjustment of Disaster Grant Amounts**AGENCY:** Federal Emergency Management Agency, DHS.**ACTION:** Notice.

SUMMARY: FEMA gives notice of an adjustment to the threshold for Small Project subgrants made to state, tribal, and local governments and private nonprofit facilities for disasters declared on or after October 1, 2017.

DATES: This adjustment applies to major disasters and emergencies declared on or after October 1, 2017.

FOR FURTHER INFORMATION CONTACT: Christopher Logan, Recovery Directorate, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646–3834.

SUPPLEMENTARY INFORMATION: The Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121–5207, as amended by the Sandy

Recovery Improvement Act, Public Law 113–2, provides that FEMA will annually adjust the threshold for assistance provided under section 422, Simplified Procedures, relating to the Public Assistance program, to reflect changes in the Consumer Price Index for All Urban Consumers published by the Department of Labor.

FEMA gives notice that \$125,500 is the threshold for any Small Project subgrant made to state, tribal, and local governments or to the owner or operator of an eligible private nonprofit facility under section 422 of the Stafford Act for all major disasters or emergencies declared on or after October 1, 2017.
