

Federal Register (81 FR 91169), and ended on March 15, 2017. The BLM also published a NOA in the **Federal Register** (81 FR 90865) for the Draft RMP Amendment/Draft EIS. To allow the public an opportunity to review the Draft EIS, the BLM conducted five public meetings in January and February of 2017 at the following locations: BLM National Training Center, Phoenix; Arizona Game and Fish Department, Phoenix, Casa Grande, and Maricopa City; and Burton Barr Library, Phoenix. During the comment period, the BLM received 437 unique submittals containing 121 substantive comments from Federal, State, and local agencies; public and private organizations; and individuals. Following the public comment period on the Draft RMP Amendment/Draft EIS, comments were used to inform the proposed RMP Amendment and Final EIS. Public comments resulted in the addition of clarifying text, but did not significantly change proposed land use plan amendment decisions. The BLM responded to substantive comments and made appropriate revisions to the document, or explained why a comment did not warrant a change.

The Proposed RMP Amendment/Final EIS evaluates five alternatives in detail, including the No Action Alternative (Alternative A) and four action alternatives (Alternatives B, C, D, and E). Alternative A, the No Action Alternative, provides that recreational target shooting on the SDNM will continue to be managed in accordance with land use planning guidance of the Lower Gila South Resource Management Plan of 1988, which did not include any management restrictions on recreational target shooting. Thus, the entire SDNM would be available for recreational target shooting. Under Alternative B, an area temporarily restricted from recreational target shooting, by order of the U.S. District Court, District of Arizona (approximately 10,599 acres or 2.1 percent of the SDNM) would be permanently unavailable to recreational target shooting. The Final EIS identifies Alternative C as the BLM Proposed RMP Amendment. Alternative C would make recreational target shooting available in the Desert Back Country Recreational Management Zone only, resulting in approximately 53,300 acres, or 11 percent of the SDNM, unavailable for this activity. Alternative C would protect the monument's resources, objects, and values as well as the public health. Under Alternative D, recreational target shooting would be available only outside of designated wilderness areas, land managed for

wilderness characteristics, and the Juan Bautista de Anza National Historic Trail Recreation Management Zone, resulting in approximately 320,317 acres, or 66 percent of the SDNM, unavailable for this activity. Under Alternative E, the entire SDNM would be unavailable for recreational target shooting. Additionally, Alternative C is consistent with Department of the Interior Secretarial Order (SO) 3356 titled, "Hunting, Fishing, Recreational Shooting, and Wildlife Conservation Opportunities and Coordination with States, Tribes, and Territories." Within SO 3356, several sections speak to expanding or providing opportunities for "recreational shooting." For example, Sec 4b.(1) speaks to amending "National Monument Management Plans to include or expand hunting, recreational shooting, and fishing opportunities to the extent practicable under the law." Whereas, Sec 4b.(6) requires Departmental Bureaus to "incorporate analysis of the impacts of Federal land and water management actions on hunting, fishing, and recreational shooting access in planning and decisionmaking." Although unstated in SO 3356, inherent therein is that public safety is paramount under actions taken to fulfill the Order. Further, responsible use of our public lands is necessary by all users for the continued enjoyment of these lands by the American people.

The BLM will issue a Record of Decision for this planning effort after the 30-day protest period, the 60-day Governor's Consistency Review, and after any protest resolution.

Instructions for filing a protest with the BLM Director regarding the Proposed RMP/Final EIS may be found in the "Dear Reader" Letter of the proposed RMP Amendment/Final EIS for Recreational Target Shooting in the SDNM and at 43 CFR 1610.5–2. All protests must be in writing and mailed to the appropriate address, see the **ADDRESSES** section above. Emailed protests will not be accepted as valid protests unless the protesting party also provides the original letter by either regular or overnight mail postmarked by the close of the protest period. Under these conditions, the BLM will consider the emailed protest as an advance copy and it will receive full consideration. If you wish to provide the BLM with such advance notification, please direct emails to protest@blm.gov.

Before including your phone number, email address, or other personal identifying information in your protest, you should be aware that your entire protest—including your personal identifying information—may be made

publicly available at any time. While you can ask us in your protest to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
